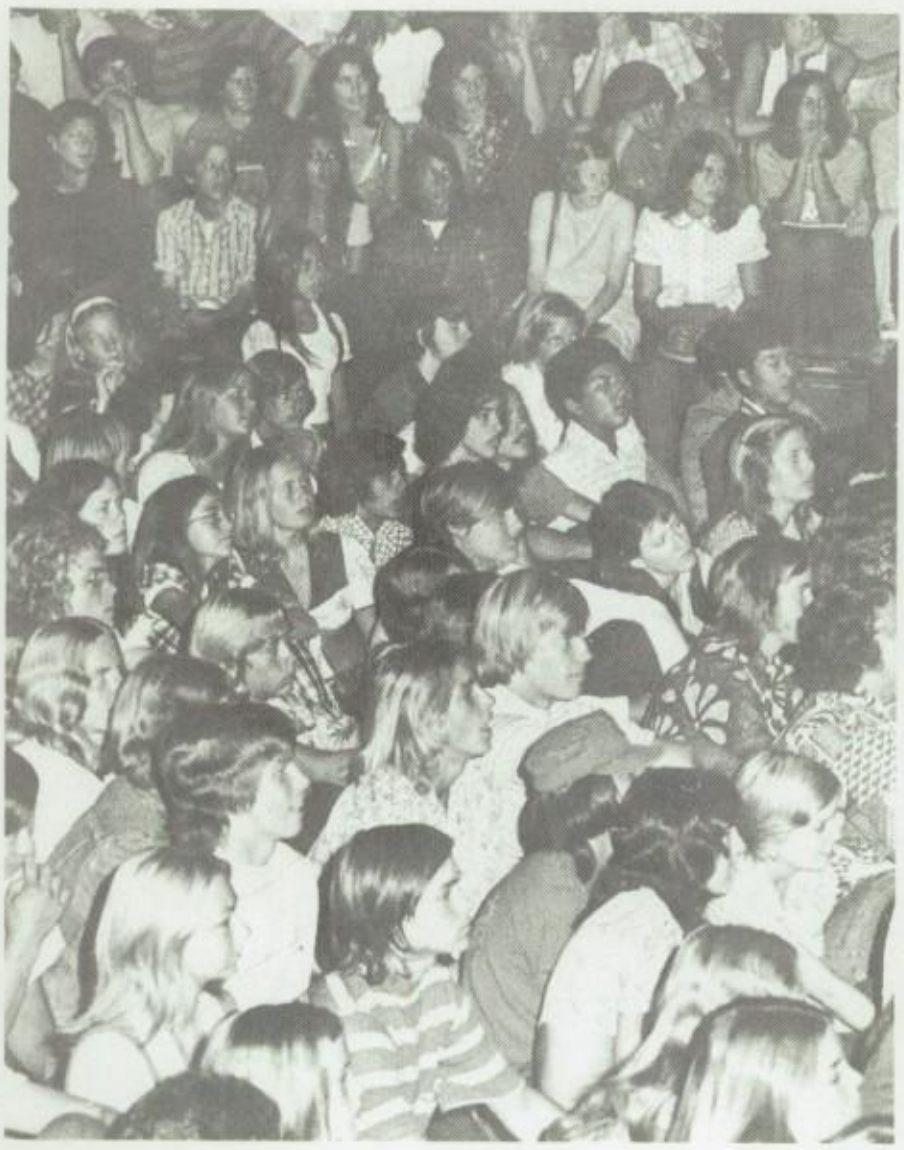
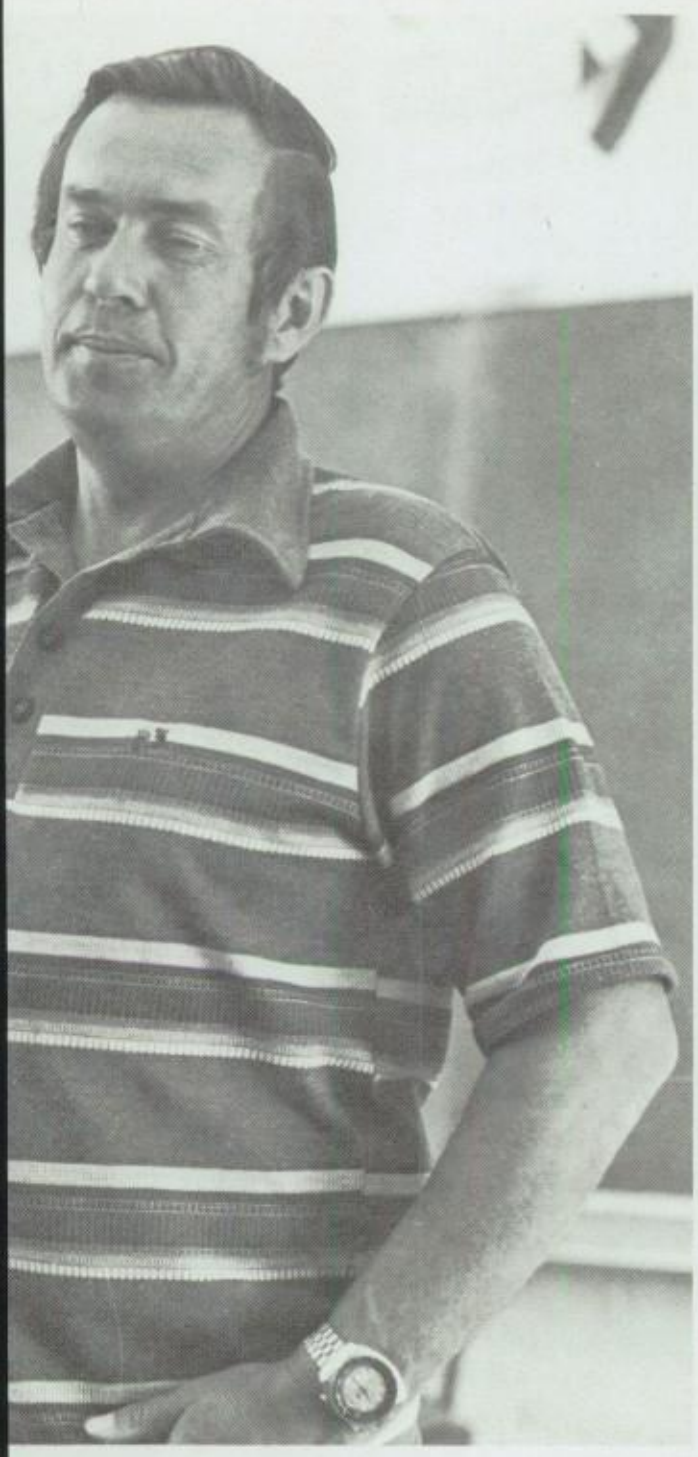
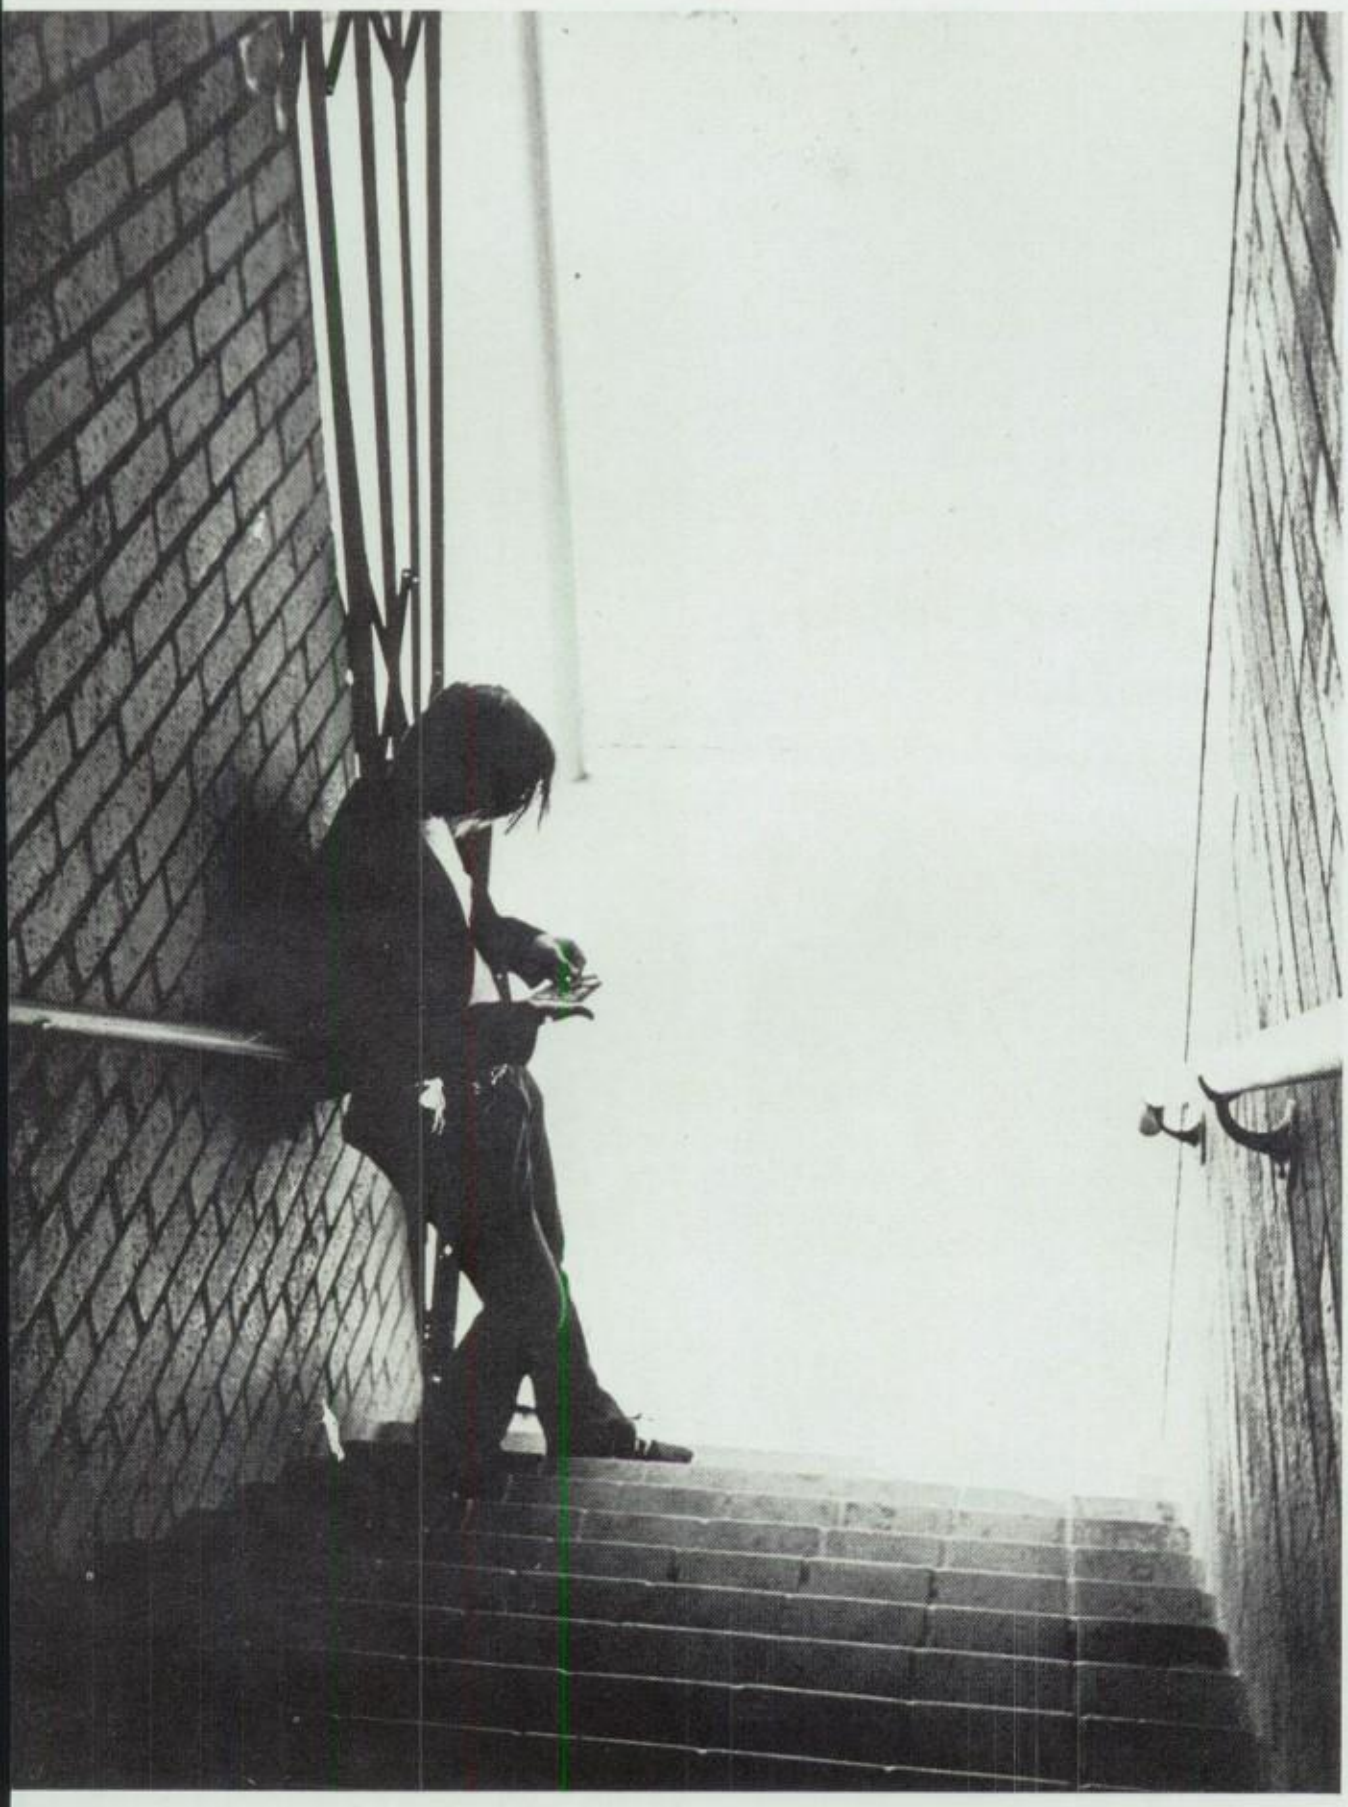
Day after day we live
a little, die a little,
and spend a little
of ourselves
and our lives

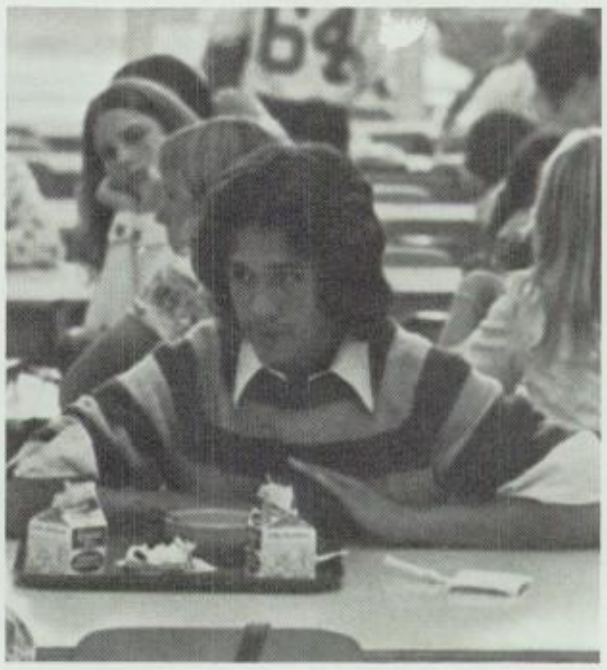




A place and a time
where we come together
to share our thoughts
and our ideas

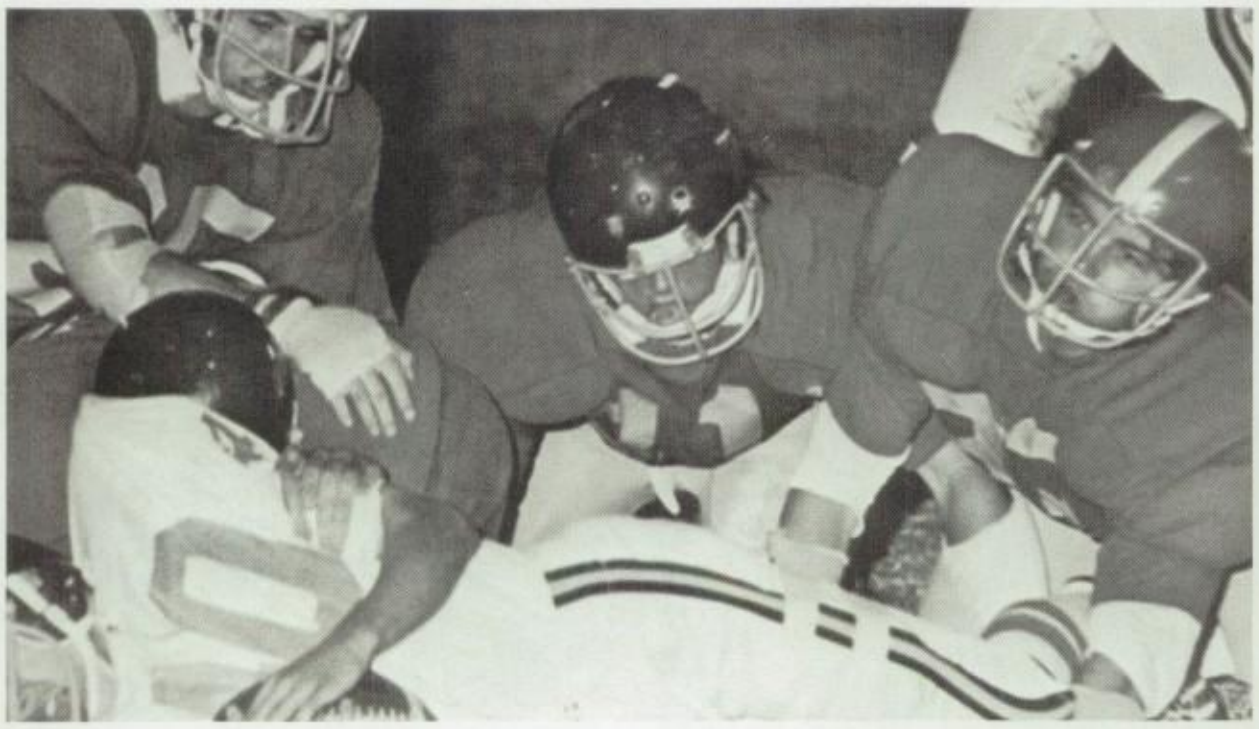
Yesterday is lost
and tomorrow
only a dream,
so for the moment
there is only today

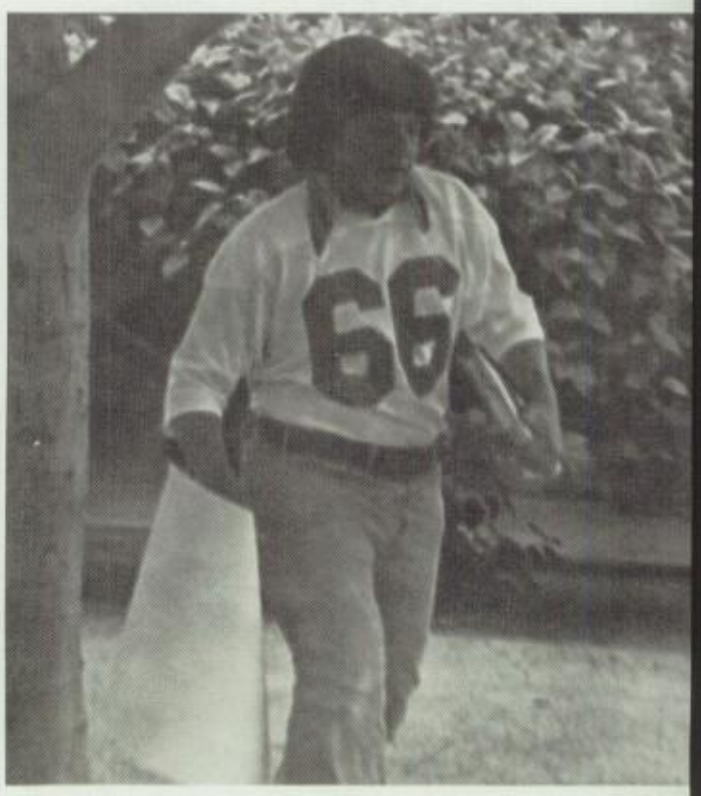


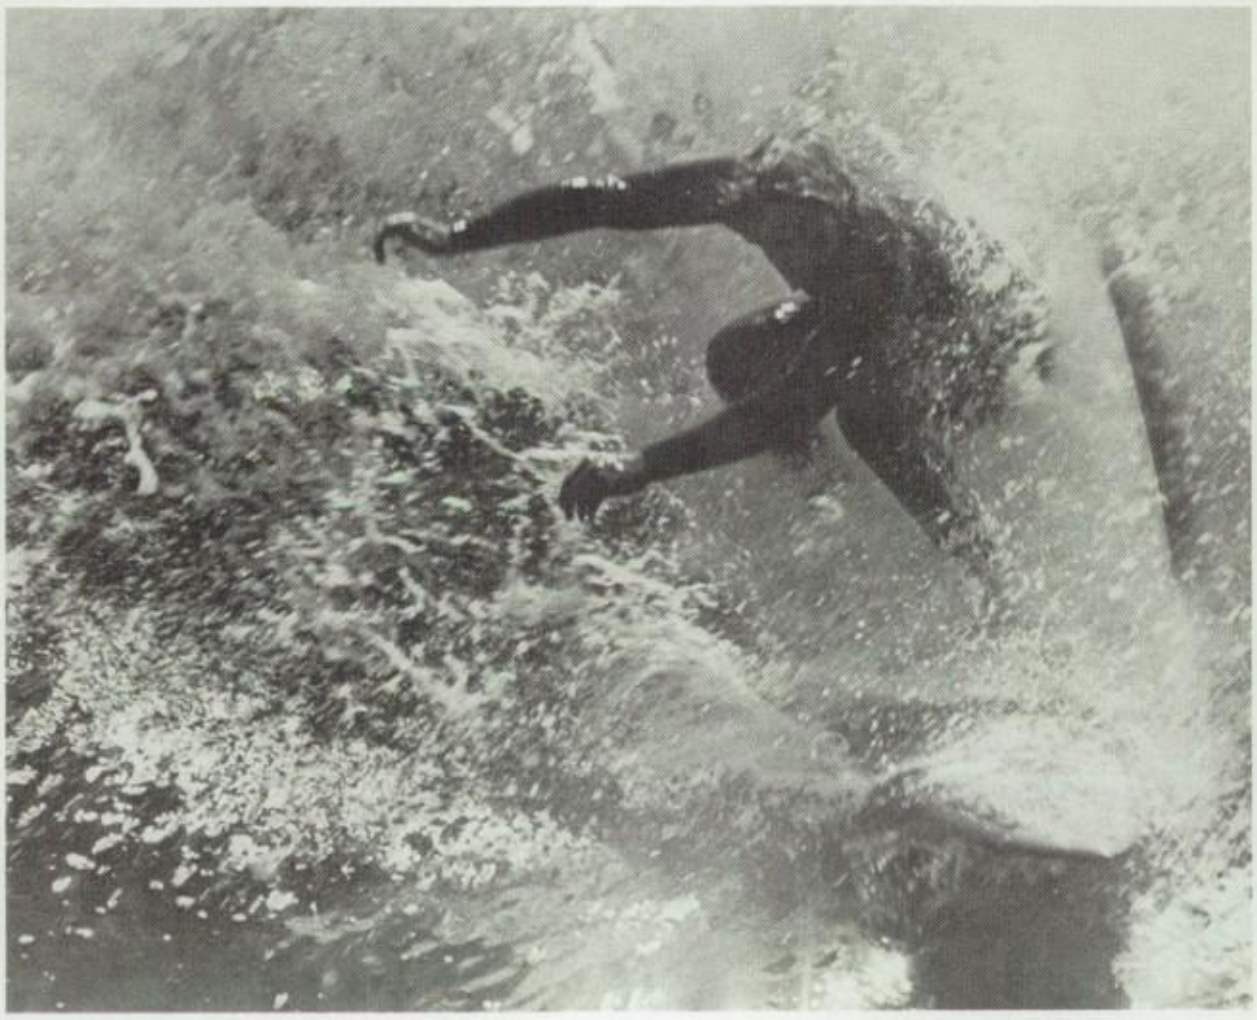


Be yourself, yet dare to be different; look forward with confidence and back without regrets

Yellow sunsets, with
a pinch of heartaches,
a dash of smiles,
life is delicious

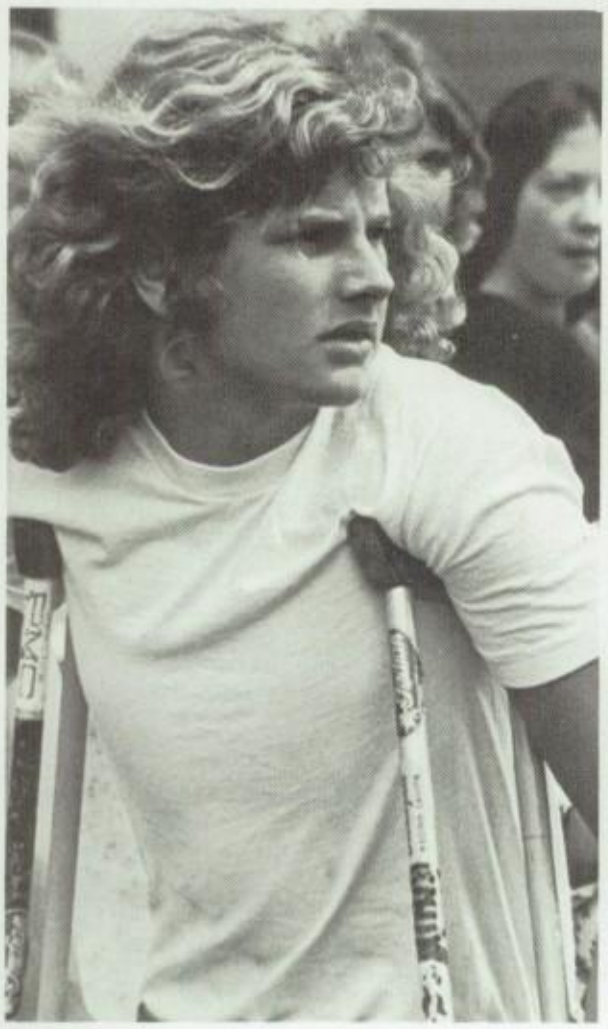


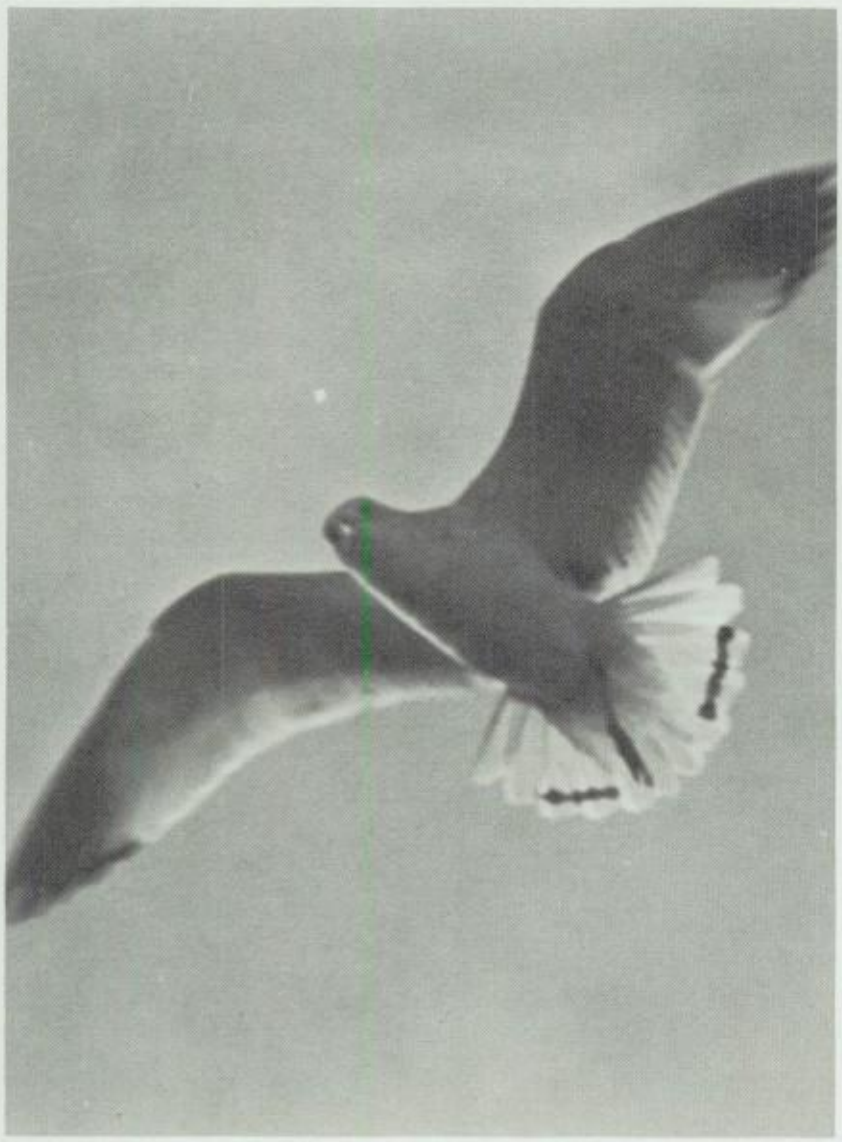




Destiny of promises
unkept, dreams
unforeseen
life is uncertain
but smile, it is ours

Aim and take everything at face value, so live, and never be shortchanged

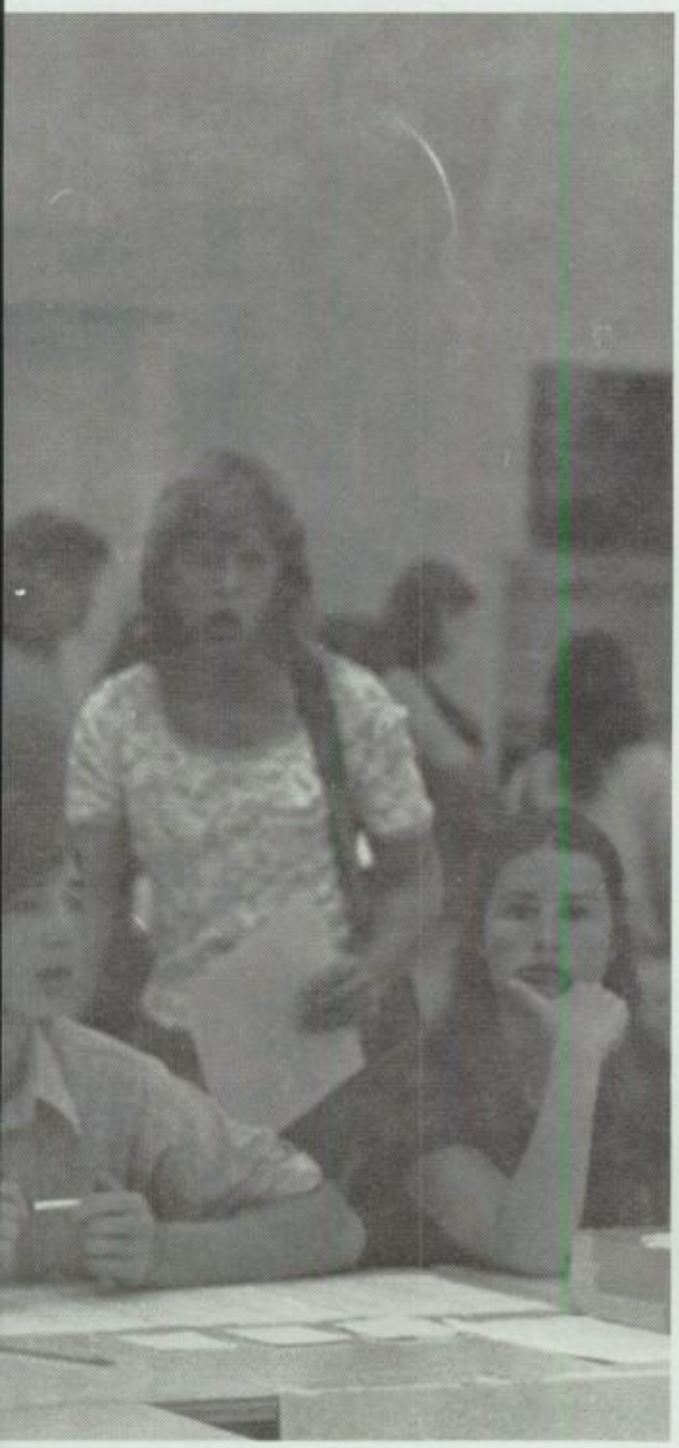




Yet we do have a
reason to live—
to learn, to discover
and to be free . . .
day by day

Day by Day . . .

Activities



Learning Thru Travel

Representing HHS last summer at Boys' State and Girls' State, Ken Herich and Laurie Bristow participated in a week of "learning by doing" with the purpose of studying California's governmental system.

Boys' State, sponsored by the American Legion, was held at Sacramento State University from June 22-29, 1974. While he was there, Ken learned about our law system by attending mock court trials and by running for the office of senator.

At Girls' State, in the Olympic Village in Squaw Valley, Laurie held the office of city councilman. She voted in elections, helped to pass laws, and contributed in decision-making. Her only regret was that "more girls couldn't have attended."

The atmosphere wasn't all study, though, with activities ranging from swimming and football to ice skating and volleyball.

Both Ken and Laurie were selected on the basis of school involvement, leadership abilities, and scholastic achievement, with the hope of sharing their experiences with students from other schools.

"Words can't express my feelings," exclaimed Sarah Bryan, Hawthorne High's returning 1974 Americans Abroad student.

Over the summer vacation, Sarah traveled to Campos, Brazil, in the state of Rio de Janeiro, as part of a learning experience made possible through the AFS-Americans Abroad International Scholarship Program. In Campos, Sarah became a member of a Brazilian family, shared in their language and customs and attended their school.

One of six applicants from HHS, Sarah went through various district and regional screenings and interviews before her application was sent to the national headquarters in New York. There, she was carefully matched with a family in a foreign country to assure compatability.

Commenting later on her venture, Sarah stated that she did a lot of traveling with her family, and spent a great deal of her time talking with the people of Brazil.

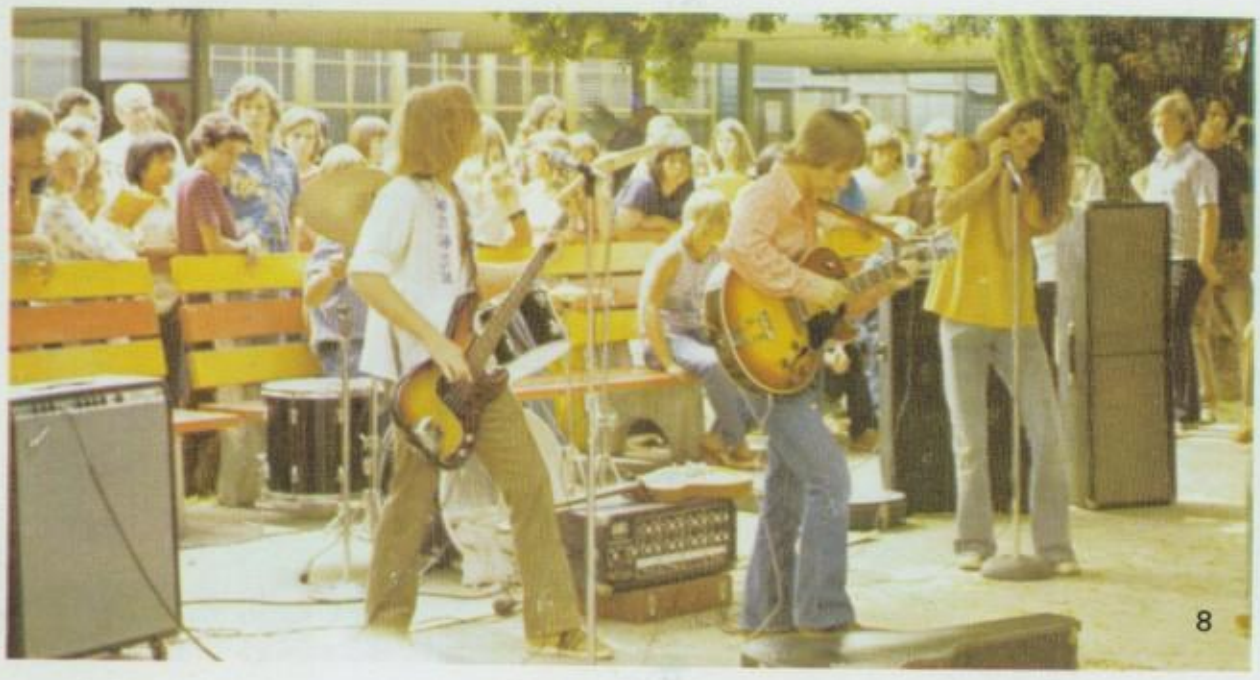
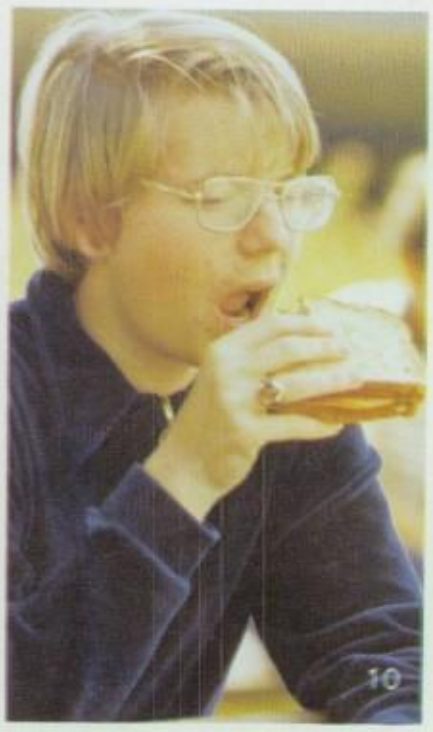
Back To The Books

Hawthorne's 1974-75 school year began with the banging of lockers and the ringing of bells, as students reopened their textbooks.

To some, returning to school is getting back to the "old routine": locker and class registration, final exams, distribution of textbooks, and attendance records. To others, it means "nicer" things: seeing old friends, meeting new ones, off-campus permits, football games, and ditching.

The first week of school was one of confusion, excitement, annoyance, and anticipation. Even one student was overheard revealing that there are "only 274 days left until summer."





1. "I really used to like hamburgers."
2. "Now where did I put that new kid."
3. Grazin' on the grass.
4. Registration-what a drag.
5. "Are you sure you want Modern Dance?"
6. Locker Registration - "I'm so excited!"
7. It's nice to have a friend.
8. Jamming on a Friday afternoon.
9. Anxiously awaiting their owners.
10. Ready or not...

American Field Service: New Friends From Afar

This year, Hawthorne had the privilege of housing two AFS students. One of them is Vanessa Villanueva. Living with the Carl Bryan family Vanessa enriches Hawthorne High with her warm Costa Rican smile and friendly greetings.

In Costa Rica, Vanessa is the third of eight children. Her father supports them all by working in a business owned by her relatives. When asked about her life in California, she replied, "I enjoy meeting the people here for they are very nice."

Vanessa is exceptionally active in her school life. Her schedule includes French, Psychology and Honors English. She learns about our country's history in her Colonial America class and is active in Student Council. She also helped out on this year's Girls' Interscholastic Volleyball team.

We all wish Vanessa the best of happiness in her stay here in the United States.

(Above)- Sharing knowledge, making friends. (Below)- With sister Sarah Bryan

Hawthorne's male AFS student, Ron Johnson, was a transfer student from Northern California. An Australian by birth, Ron is now living with the Lester family (who also housed last year's student from Peru).

Talking about his home in Melbourne, Ron reveals that upon returning he will enter a technical school and then on to a University. He hopes to major in education or work as a public servant. Despite popular belief, Ron assures us that "whatever people may think, I don't ride a kangaroo to school!"

Ron's hobbies and interests include tennis, soccer, girls and horseback riding. At HHS his activities include art, French, Student Council and Seminar.

Boasting of his background, Ron is of aboriginal ancestry and has an "aunt on my mother's side who is a princess and a chief on my father's side."

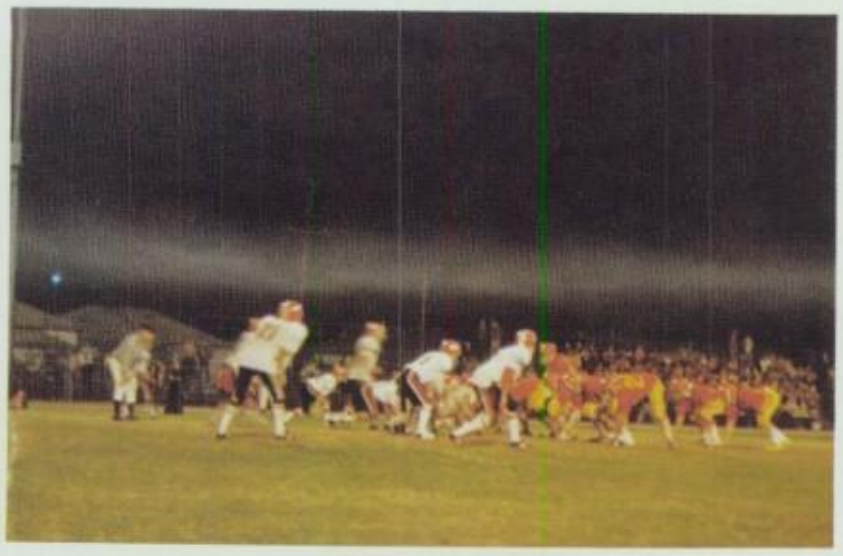
"As Time Goes On"

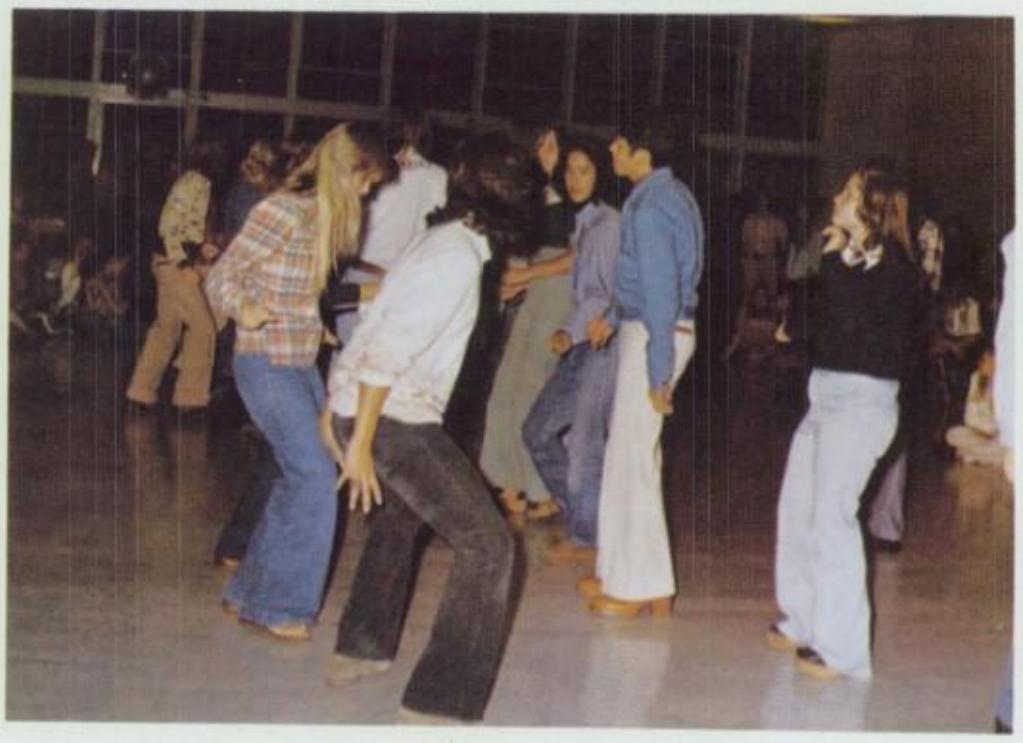
Anticipation played host to the evening of November 1, as HHS awaited the crowning of the 1974-75 Victory Queen.

In an assembly, held earlier that day, six princesses were named to the court of hopefuls. Departing from the traditional naming of the queen at the assembly, the queen would be announced at the Homecoming ceremonies at half-time that evening, themed "As Time Goes On."

A committee, headed by Sharon Bierman, was in charge of the activities for the day, including an after-game dance. At the dance, in honor of the Queen and court, the band "Wham" provided the sounds for the evening.

Finally, the time arrived and Debbie McGrath was crowned 1974-75 Victory Queen by last year's queen, Anna Nicocia. To add to the excitement, the Hawthorne Cougar football team defeated the Palos Verdes Sea Kings, 13-6.





A Day Lived
A Night To Remember

Reigning as the 1974-75 Victory Queen, Debbie McGrath was sponsored by the Pep Club. Being this year's head song queen and the head of the entire Pep Squad, Debbie also finds time to participate in swimming, biking, camping, and hiking.

Offering congratulations were princesses Kim Severtson, Faelin Klein, Teresa Deuel, Theresa Johnston and honorary princess AFS student Vanessa Villanueva.

Nominated by Drill Team, Kim doubles as Senior Class President. A member of Drill Team for two years, Kim was also a member of Pep Squad in her Junior year.

Faelin Klein's interests include working with children and modern dance. Sponsored by the Waterpolo team, Faelin is one of the Song Queens this year.

Head Varsity Yell Leader and a Pep Squad member for three years, Teresa Deuel, backed by the Knights, also enjoys water skiing, acrobatics and jeep-riding.

Rounding off the court is Theresa Johnston. Nominated by the Junior Class, Theresa has served the school as Freshman Class President and Sophomore Vice-President.

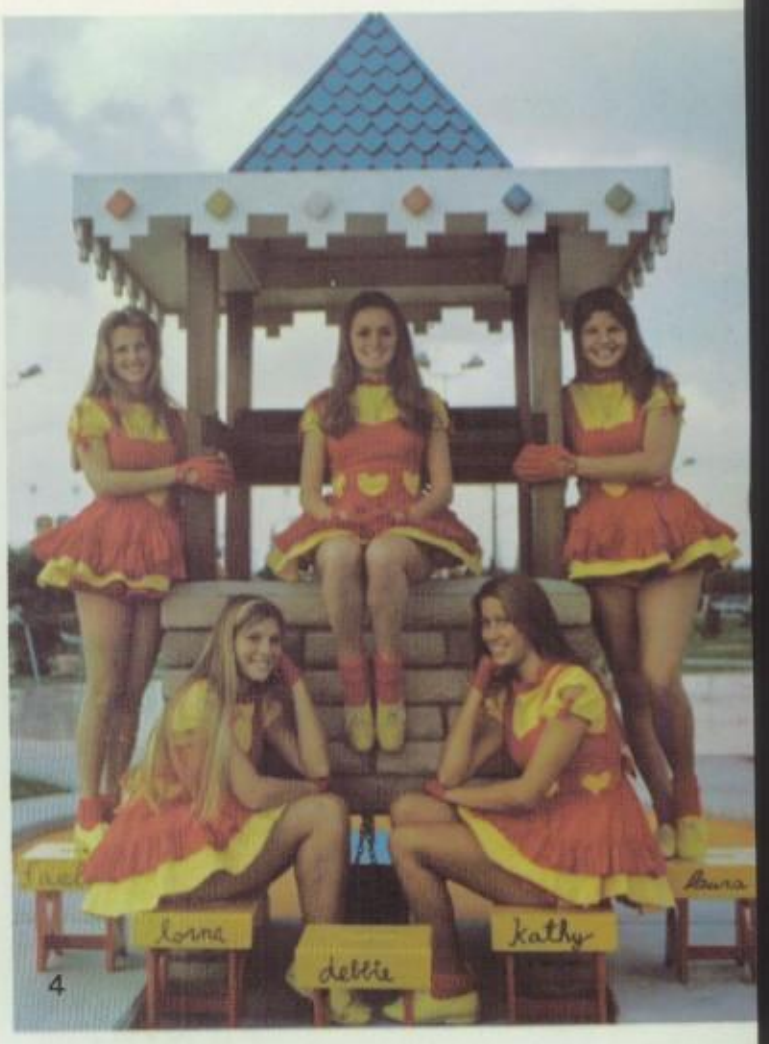
Our Spirit Is Sky-High

1



4

After cheering themselves to a superior rating at the Santa Barbara Cheerleader Assoc. Camp over the summer, Hawthorne High's Pep Squad returned to root our teams on to victory.

Headed by Senior Debbie McGrath, Pep Squad is made up of four groups: the Varsity Yells, Song Queens, Flag Girls, and the J.V. Yells.

Boosting spirit "sky-high" are Varsity Yells Teresa Deuel, Laurie Bristow, Linda Jacobs, Mary Beth McGrath, Tammy Powell, and Kathy Uhlin. Supporting them are Song Queens Debbie McGrath, Kathy Lynch, Faelin Klein, Laura Escalante, and Lorna Ingram and Flag Girls Cathy Dion, Mindy McEntire, Sharon Robson, Charlotte Lindsey and Tami Perius.

A welcomed sight at all J.V. and Frosh-Soph games are J.V. Yells Jill Moore, Kelly McGrath, Rita Kobold, and Debbie Cleghorn.

As an added pleasure, with her friendly smile and joyous humor, is our Cougar Mascot Gwen Sasaki.

Between games, the Pep Squad finds time to participate in assemblies, raise money through car washes, provide refreshments for the athletic teams, and an occasional "toilet-papering" job.

Musicians March And The Beat Goes On . . .

Under the direction of Mr. Alex DeLaO and the expertise of Drum Major John Biller, the Hawthorne Cougars' Band and Auxillary Unit marched its way to first place at the annual Selma Band Competition. The band's fine performance paved their way to many invitations, among them one to the National Band Review in Chicago and the St. Patrick Day Festivals in Ireland.

In between parades and competition the band also finds time to perform in half-time shows and a special group of members form a pep band which helps to boost spirit at assemblies and basketball games.

Drum Major John Biller also holds a fine list of achievements. From trumpet player to first-chair ranking, John then attended a Band Major Camp in Redlands where he learned the "tricks of the trade." His steady training later paid off when he captured a first-place at Selma in Drum Major competition over 41 other hopefuls. He has also been praised as "without a doubt" the best drum major in HHS history.

Other events slated on the Band's schedule included the Western Band Review in Long Beach, the Lomita Parade and the spring concert season.

Dazzling and Delightful Hawthorne Cougarettes Shine.

Winning 21 ribbons between the three of them, Drill Team Captain Janelle Krueger and Lieutenants Stacey Bailey and Denise Collin returned to Hawthorne from a summer drill team camp to spur on the forty-eight member team to an exciting year of events.

Advised by Miss Cheryl Carr, their original routines included "Top of the World," "Gypsy Rose," "Tie a Yellow Ribbon," and a special tribute to the great Walt Disney. "Although this year's team is made up of many newcomers, we feel that they did an excellent job in performing as a group," explained Janelle Krueger, Captain.

Due to a tight schedule, Drill Team was limited to only half-time shows and assemblies during the fall season, but they looked forward to a spring of parade competition and performances.

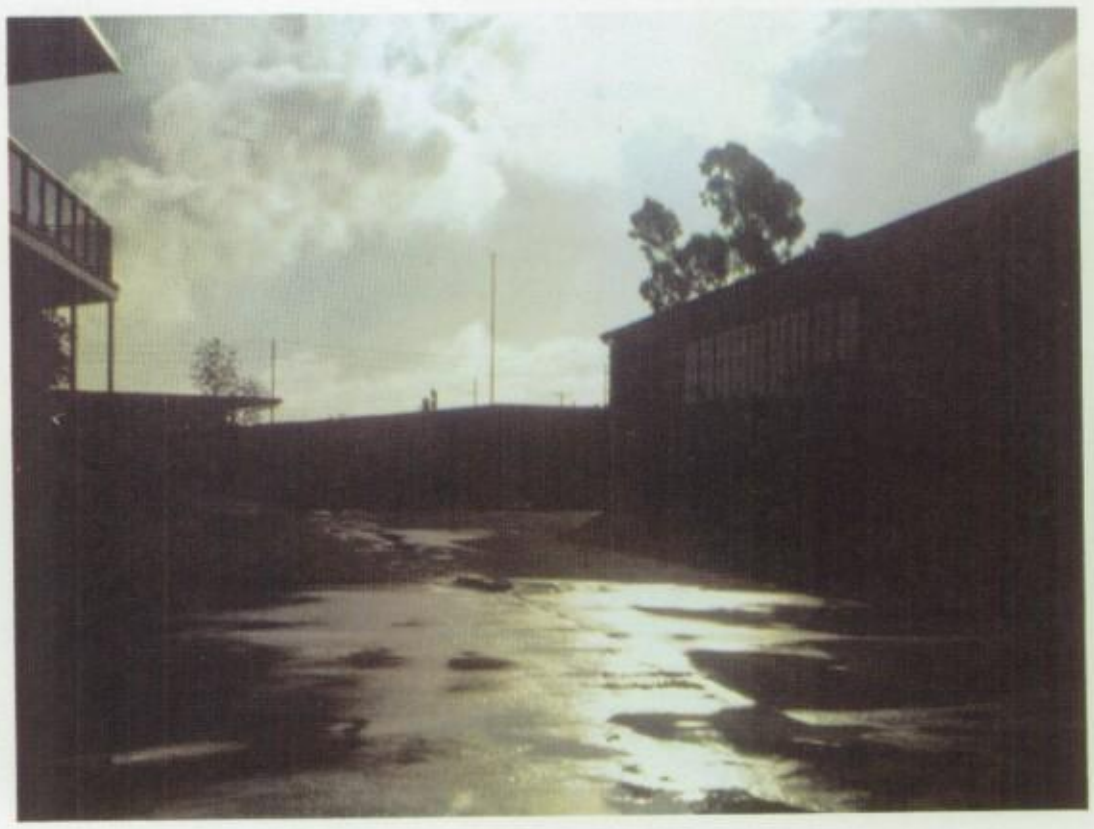
Oh, Scarlet and Gold, Our Colors Unfold,
Will Always Be Flying High.
Their Praises We'll Sing, Forever to Ring
Throughout Dear Old Hawthorne High.
So Hail to Our Alma Mater True.
Forever We'll Cherish Our Dreams of You
Let Friendships Begun, Stay True Till the End.
All Hail to You, Hail HAWTHORNE HIGH.



And Then There Were None
Ten Little Indians . . .

"Wizard play," remarked Vicki Gee, after she attended a spellbinding performance of Agatha Christie's thriller, "Ten Little Indians." This mystery dealt with the story of eight people who were invited to a resort on an isolated island by a "Mr. Unknown." When the eight guests and two servants began dying off in a manner corresponding to the nursery rhyme, TEN LITTLE INDIANS, which hung framed over the mantle, those who remained became increasingly terrified as they realized they were being stalked by their mysterious host. Each death was marked by the fall of one of ten Indian statues on the mantle.

The ending was startlingly surprising as the murderer revealed himself to be the upstanding, well-known judge turned psychopathic killer, acted out with finesse by Phil Porter. The cast and the drama production staff headed by director Danny Fix, and student director Rebecca Anne West, worked extra hard to perform a different ending for each audience group to keep suspense throughout the four days it played, December 19th through the 22nd.

Gloria Valencia, Gina McGinnis, Phil Porter and Coetta Oliver are looking for the answer, while Randy Cox thinks.

Christmas Joys With Friends and Toys

Ringing in the holidays is a tradition at HHS with its annual Christmas Assembly. Honoring the last day before vacation, the assembly introduced Linda Jacobs to the entire student body as the 1974 Christmas Queen as well as the winners of the third annual Room and Door Decoration Contest: Mr. Grahamer's German Class.

Entertainment was provided by Modern Dance Workshop, in a "midnight dance of the toys" routine, drill team, the band, and the Choraliers, with excerpts from their Winter Concert.

AFS students Ron and Vanessa were given a cowboy shirt and a scarf and mittens as gifts from the student body.

Highlighting the assembly was Santa Claus in a sleigh pulled by Pep Squad elfs. Giving a jolly "ho ho ho," Santa presented a few "gifts" to various faculty and students and then wished all a very merry Christmas.

Christmas Time . . . Nite By Candlelight

5

6

Sponsored by the Junior Class and themed "Candle Glow and Mistletoe," the 1974 Christmas Dance was an event in the news. Originally scheduled for Dec. 6, its date was to be determined by the football team. Because of a winning team and a CIF playoff spot, the second-round game was on the same date as the dance. The dance was then rescheduled on two dates, depending upon the outcome of the game.

The night was December 13, the time was 8-11 and the place was the Memorial Center. Linda Jacobs was crowned Queen and her court included Cindy Ediger, Perri Hill, Bev Kobold, Carol Mann, Susan McClenahan, Mary Beth McGrath, Tami Perius, Roni Treckman, Jodi Wilbanks, and Doris Yustman. The queen was presented with roses and a plaque while each princess received an engraved charm bracelet "because we wanted to give something different this year," commented junior class treasurer Perri Hill. Also different from earlier years was a queen's dance after the crowning.

In charge of the evening was Sherry Blackwell and a committee who worked diligently until the end. This included making the plans, decorating, running the show, and auditioning bands. "Snowfire" was on hand to entertain while the student body participated in the prevailing fun and excitement.

Basketball Bombshell

To start the 1974-1975 basketball season, the faculty once again took their places in the annual "Tip-Off" Night tradition. Led by varsity coach, Noel Smith, the well-preserved teachers sank themselves, not their shots as they were defeated 61-58 by the Cougar cagers. At times the score was very close as the older men of Hawthorne had a great time, even though you could smell the Ben-Gay already at work.

5. "May I cut in?"

With the gym packed to capacity, the annual Donkey Basketball game was a very successful and enjoyable event. Pitting the faculty against the seniors, the game began with an early 8-2 faculty lead. Expertly placed shots, though, by the senior team brought the game to a 10-10 tie and from there on, the game was a hotly contested battle of wits and wildness.

Late in the second-half, the Hawthorne Seniors pulled ahead for a 28-24 lead. But the faculty finally got it together for a 32-28 win in the final seconds.

Stealing the show, during time-outs and halftime, were the senior Cheerleaders, led by Dale Hahlbeck. With such unforgettable routines such as "Cougar Locomotive" and the ever-popular "Rock Steady," the all-male groupies were dressed in their Friday outfits.

Donkey Basketball is played on the backs of real, live donkeys. Passing and shooting must be done while on the animals, which seems impossible at times, and players must be in contact with their respective donkey at all times.

Controversy Plagues council

The purpose of student government is to give students the chance to participate in planning activities and curriculum for themselves.

ASB(Associated Student Body) officers govern over the entire school and it represents the student body and its opinion. Next, officers are broken down into separate class officers who make decisions for their respective classes. Next are the commissioners whose duties vary from activities and assemblies to sports.

Following them comes the Building representatives who attend student council meetings and relay student opinion to the members of the council. Finally, it is broken down even further with a group of room representatives whose duty it is to relay messages from the bldg. representatives to the students in the classrooms.

This year's Student Council had a busy 1974-75 school year. The main goal for the year was to improve communication within the school so that the student's voice was heard. It was the hope of the officers to increase the student's awareness of what's going on. Other topics were activity card endorsements, constitutional revision concerning elections, and more and varied activities.

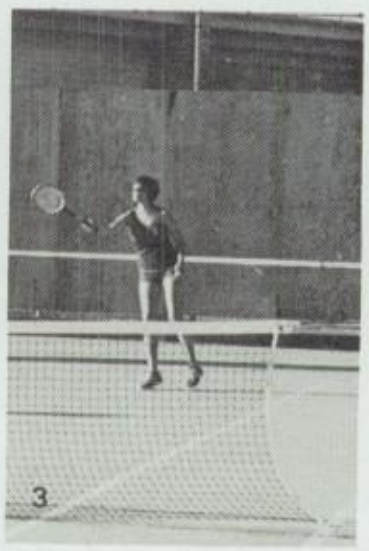
Tennis Titans Take Charge

1

2



3

One of the many activities happening at Hawthorne this year was the first annual mixed doubles tournament for all the mixed-up faculty and students.

The tournament consisted of 4 days, Jan. 13-16, with all matches scheduled after school at 3:00. The girls' tennis team sponsored this event and awards were given to the team of Lisa Lipscomb-John Ashley after their win over the gallant efforts of Sheri Miyamoto-Charles Tyszkiewicz in the finals. The consolation winners, Joe Mailander-Josie Lipscomb also received awards after they defeated the team of Carol Mann-John Andrade in one of the funniest contests ever.

All in all it was quite an experience watching faculty and students match wits, racquets, strength and skill (or lack of it) in this opportunity of friendly competition.

Entries in the tournament were: Leanne Newsom-David Chichester, Carol McClintick-George Key, Debbie Weber-Richard Allen, Mike Dragotto-Konnie Krislock, Barry Lafferty-Nita Liles, Taimi Crowell-Hal Ormondroyd, Kathy Rodriguez-Mr. Cox, and Teri Lee Holen-Leo Molitor.

9. "Am I on Candid Camera?"

A Peppy Week In Hawthorne Style

5

6

Spirit was renewed in '75 as January's Pep Week activities got underway. Monday was Farmer Day and a majority of students were seen in the old-time style — traditional overall. To add to the fun, there was a square dance in the Boy's Gym for those in the mood for a hoe-down.

Wednesday was slated as Red/White/Blue Day. It was also ASB elections day and many were seen campaigning for their favorite candidate. Among them were the "slaves" bought Tuesday at the Auction.

Thursday was Rock Star Day and student council added a special treat in senior square. A band was on hand and there was a hot dog sale in front of the cafeteria.

Concluding the week was a very popular 50's day. Since the nostalgia revival, this has been one of the more waited for days. Dressed out in blue jeans, bobby sox, and grease, students participated in a lunchtime sock-hop to highlight the week's events.

7

8

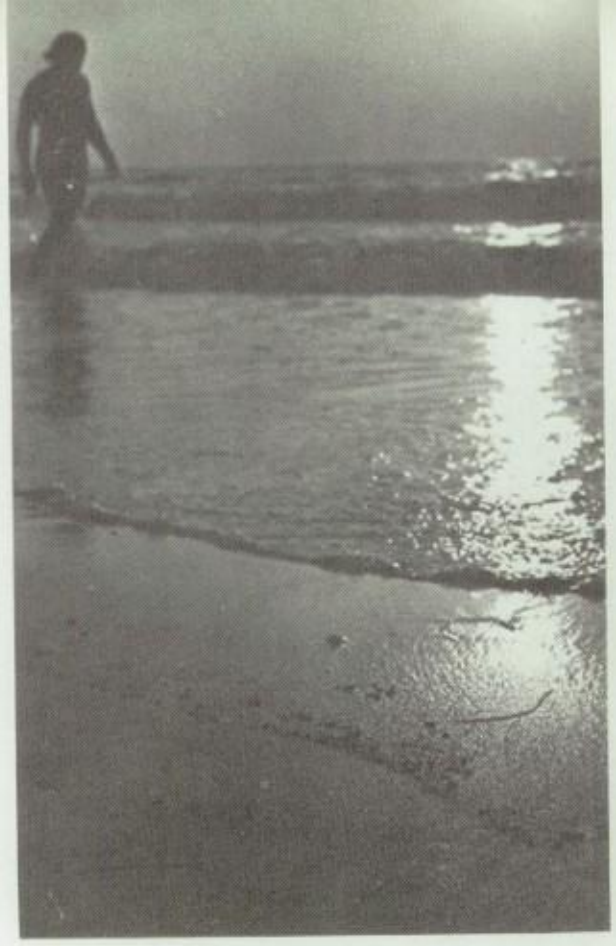
9

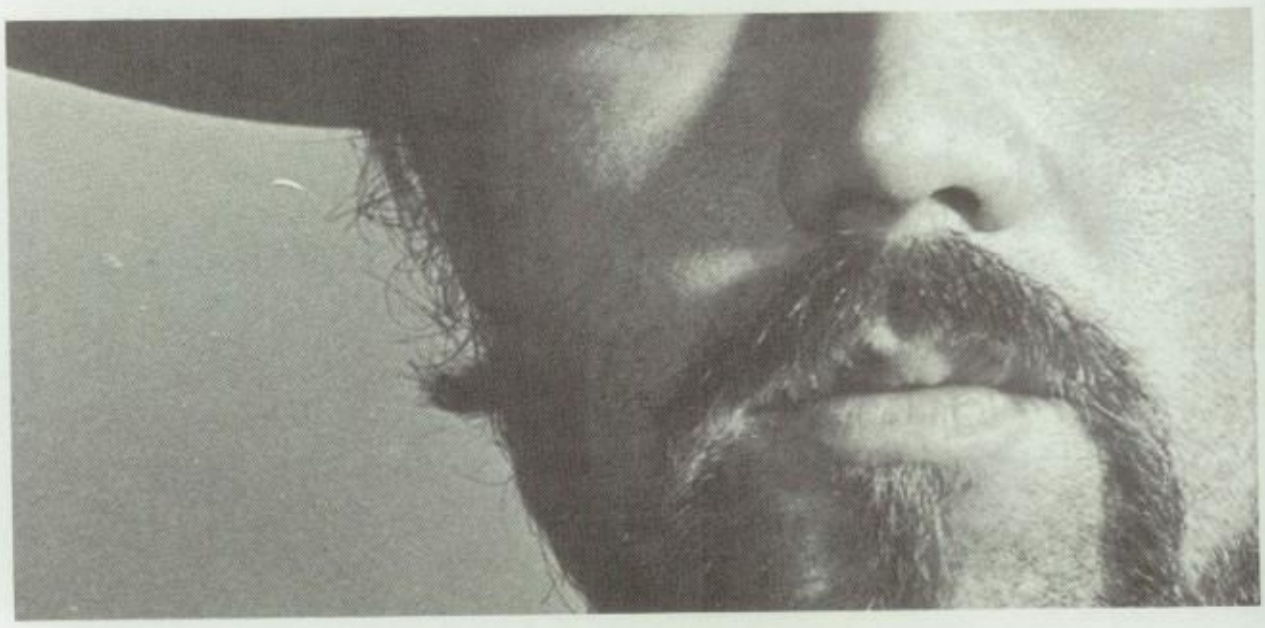
So. Cal. Life Style

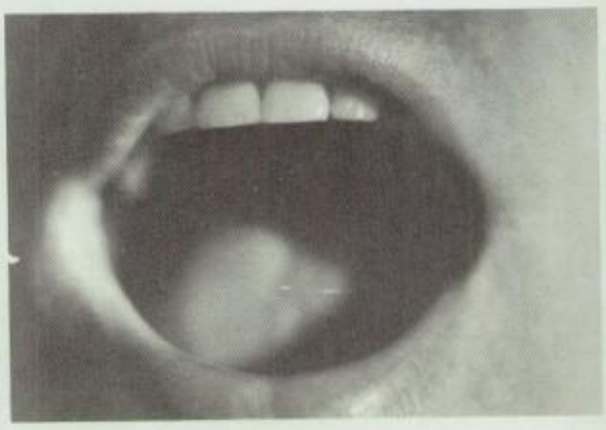
Time should never be squandered, nor should it be kept forever. As each day passes we learn and grow, day by day, and we have come to realize that living is right now, in the sunshine, in the breeze, but most of all in ourselves.

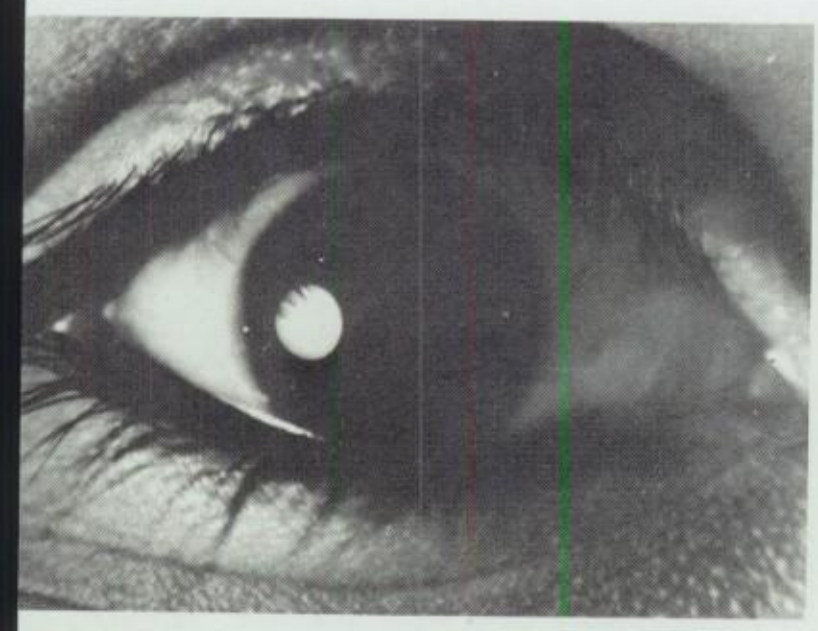
Every picture tells a story, each one well worth noting. The friendships made, the good times shared, everything counts together.

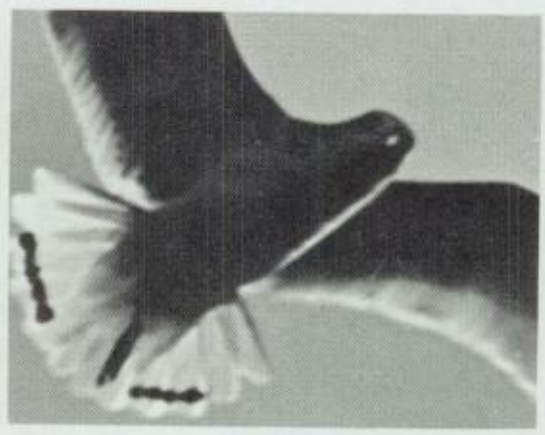
Photographs and memories are treasures we keep within us. In looking here to recapture a moment spent, also recall the warm gentle feelings that made something worth remembering.











Headlines '74-'75

by Sharon Gee

As the pressure of finals came to an end, the spirit of summer prevailed and Hawthorne students once more hit the Southern California beaches. Starting with July 4, 1974, America began to plan her bicentennial celebration. The "Bicentennial Minute" was introduced on CBS sponsored by the Shell Oil Company. This minute usually was done by a well-known personality, explaining each night what happened exactly two hundred years ago on that day.

In August, President Richard Nixon announced his resignation to a not too surprised country. Gerald Ford was then sworn in as the 38th president of the U.S., becoming the first president not to be elected by the people. Nelson Rockefeller was chosen as vice-president but was not confirmed until December.

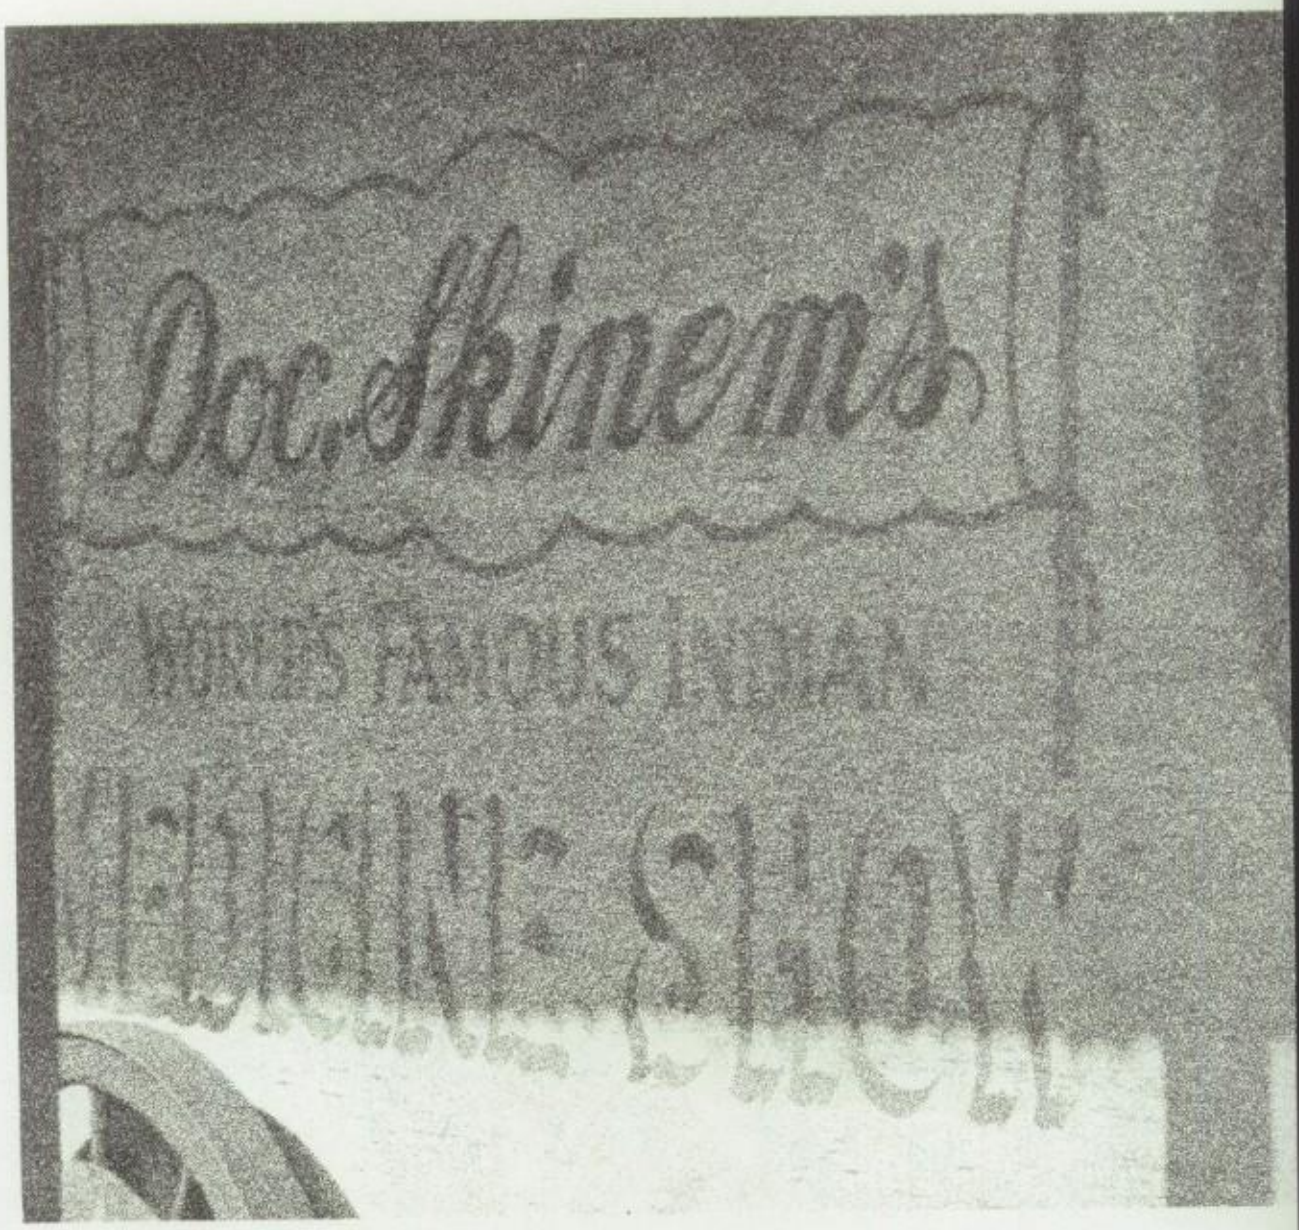
September brought excitement as the world watched and waited Evel Knievel's attempt to jump the Snake River in his rocket. The jump did not come out as expected though, as his rocket went straight into the river. Evel came out unharmed, although the same could not be said about his rocket.

The World Series held in October was an exciting match between the Oakland A's and the Los Angeles Dodgers. Even though the A's came out on top the scores were always close and the Dodgers were given credit for being a strong team. Also in the world of baseball, Henry Aaron broke Babe Ruth's home run record and set one of his own.

November 5, 1974, was election day for the people of California. Edmund Brown, Jr. was elected governor with Mervin Dymally becoming Lt. governor. Jesse Unruh was State Treasurer and the voters of California elected their first woman Secretary of State, March Fong.

Sadness draped the world in December with the death of famed comedian Jack Benny. Benny was enjoyed for his miserly attitude and for his violin.

1975 started off with a bang as USC beat Ohio State in the Rose Bowl. Runner-up Anthony Davis faced Heisman Trophy Winner Archie Griffin in the classic game. Pat Haden, quarterback of USC also won the Rhodes Scholarship to study at Oxford. Notre Dame defeated Alabama in the Orange Bowl in Ara Parseighian's last game after his resignation as head coach. A few weeks later Super Bowl VIII was won by the Pittsburg Steelers when they defeated the Minnesota Vikings and had a really great day.



Also, in January the climax of the Watergate trials came. John Mitchell, H.R. Haldeman, and John Ehrlichman were found guilty and were later sentenced. This Watergate trio each received 21/2 to 8 year sentences.

February brought golfer Johnny Miller and friends to L.A. but Pat Fitzsimons took the Open. Also on the sports scene O.J. Simpson became the 1975 Superstar winner beating Bob Seagren and Kyle Rote, Jr. Johnny Bench broke millions of girls' hearts when he married. Jimmy Connors defeated Rod Laver at Caesar's Palace in Las Vegas in a thrilling match of tennis.

Auto prices also drastically increased. During the month of February, however, rebates were offered to offset these increases.

Inflation predominated again in 1974-75 as sugar prices continued to rise. The price for a five-pound bag soared from under a dollar to $2.60. High gas prices also became a way of life. The price of regular gasoline was between 50 and 55 cents a gallon while premium was six cents a gallon more.

In sports, two Los Angeles teams, the Rams in football and the Dodgers in baseball narrowly missed taking championships. For the Lakers in basketball it was a bad year as they stayed in the cellar of their division. In hockey, the Kings vastly improved and became the key contenders for a championship.

"Seasons In the Sun" sung by Terry Jacks became the number one single in 1974. Also, the Beach Boys (Pride of Hawthorne High) made a great comeback and released an album called "Endless Summer" mostly made up of their old songs. 1974 also saw the first T.V. appearance by David Bowie on the Dick Cavett Show. Elton John, in January 1975, made his television debut on Cher Bono's Special.

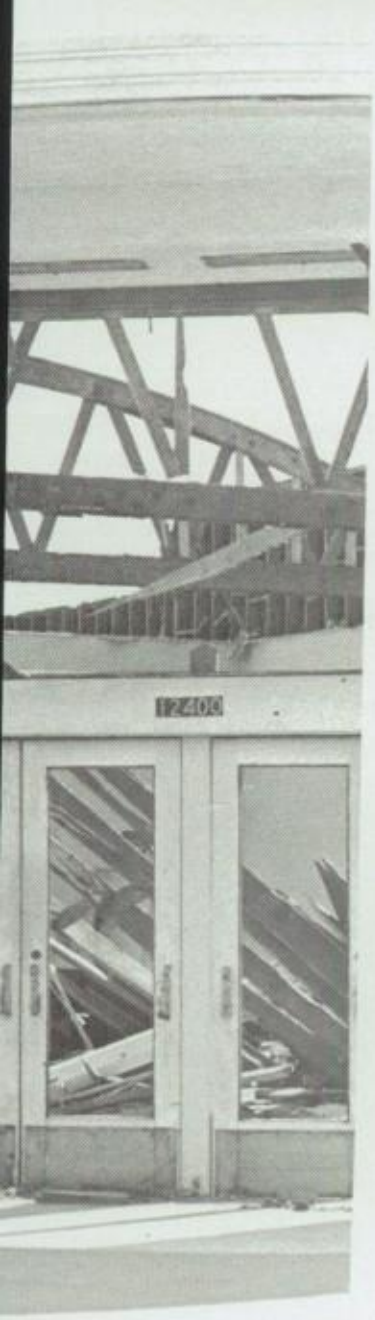
Disaster films became big in cities across the nation. The movie "Earthquake" introduced sensurround, a new concept in movies. "Godfather Part II," a sequel to "The Godfather," was released starring Al Pacino as Michael Corleone. "Freebie and the Bean" paired James Caan and Alan Arkin together in a hilarious comedy about two unorthodox policemen. Academy Award Nominee "Chinatown" starring Jack Nicholson and Faye Dunaway was one of the greatest mysteries to be released. "Stardust" saw the movie debut of rock star David Essex.

"Rhoda" a comedy show starring Valerie Harper was introduced to the country on T.V. 1975 saw the return of the Smothers Brothers and the "Mickey Mouse Club" to television. A controversial show "Hot I Baltimore" caused such an uproar it had to be banned in Boston!

This year watched the hemline fall to the knee. Skirts and blouses were back in style. Girls as well as the guys started to cut their hair short and wear it in small curls. It also became fashionable to wear glittery apparel.

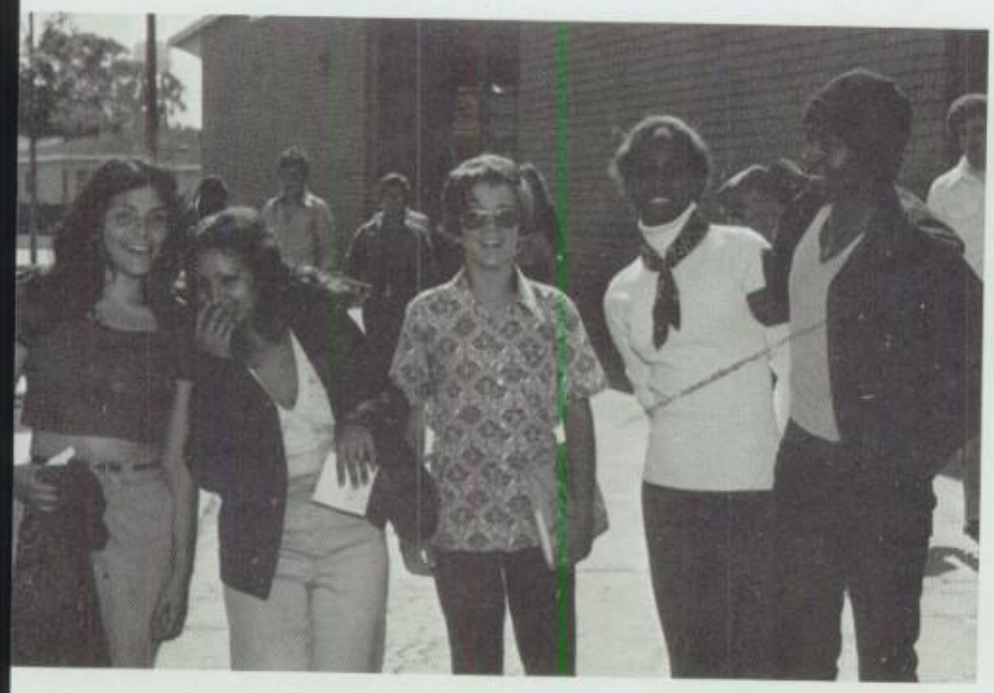
Ground breaking for the new Hawthorne Plaza also took place. The project started in '74 with the clearing of the land. The plaza would be a large shopping center for the citizens of Hawthorne.

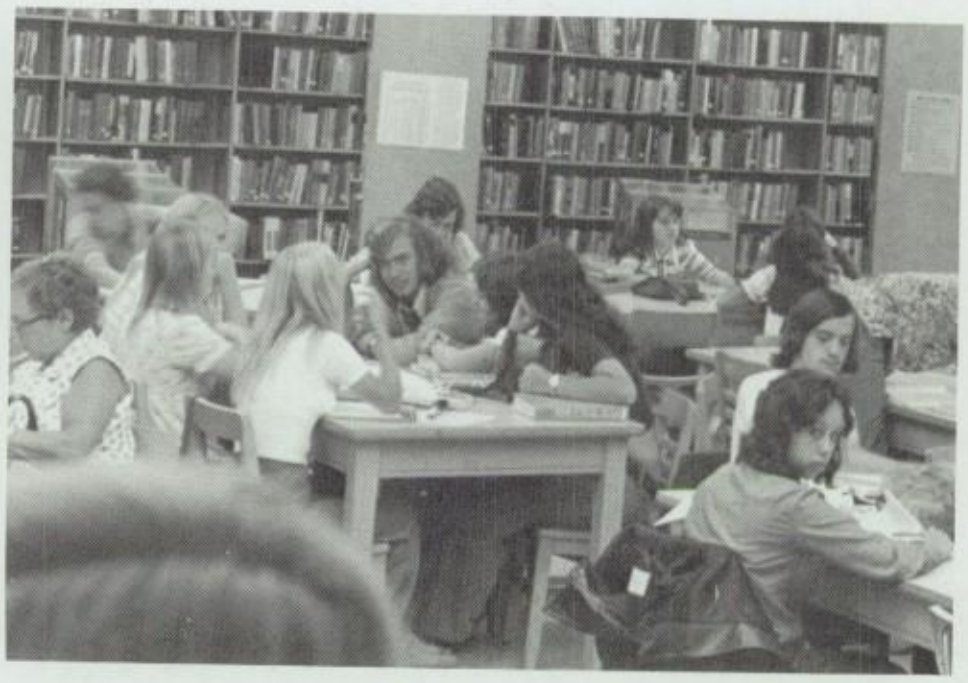
All in all it was an eventful year. It was full of happiness and sadness and of many surprises. These two pages were dedicated to the things around us and even though they were not all good, we here at Hawthorne managed to find a little goodness and make this year memorable, of course, day by day.



Day by Day . . .

Classes





"Classes" is the most important section in the yearbook. Without the people who make up the classes there would be no reason for a yearbook. It is the people in this section who make school enjoyable and the years in high school more fun and much more memorable.

The Senior class planned such activities as the Pizza Feed, Prom, the Mammoth Snow Trip and annual Pancake Breakfast. The Juniors were in charge of the Christmas Dance while the Sophomores worked on the Backwards Dance. The Freshman class kept busy raising money for future use.

Senior Fun in Raising Funds

To start off the new year, the Senior Class sponsored its annual Pizza Feed. It was one of the most successful in recent years. It was also very popular with the students here at Hawthorne. Proceeds from the fund-raiser went toward the Junior-Senior Prom in May and the Senior Breakfast.

The Class of '75 was also concerned about the appearance of Senior Square and worked on alleviating the problem.

In May, the active Seniors held a Pancake Breakfast to raise money for graduation plans and the senior gift to the school.

The seniors did take a rest, though, as students participated in ditch day. All students got out of school for the day and took trips to various recreation areas. Also in the line of recreation, the senior class sponsored a ski weekend at Mammoth, in February, enjoyed by many of the students.

1. Class of '75 "in cheese."

2. First Semester Officers (L. to R.) Cathy Dion- Historian, Rhonda Cooper- Secretary, Kim Severtson- President, Lisa Marrazzi- Vice-President, and Sarah Bryan- Treasurer.

3. Second Semester Officers (L. to R.) Cindy Laird- Vice-President, Sheri Miyamoto- President, Mindy McEntire- Treasurer, Robin Morton- Historian, and not pictured is Shannon Lester- Secretary.

4. Mitch and Faelin working hard.

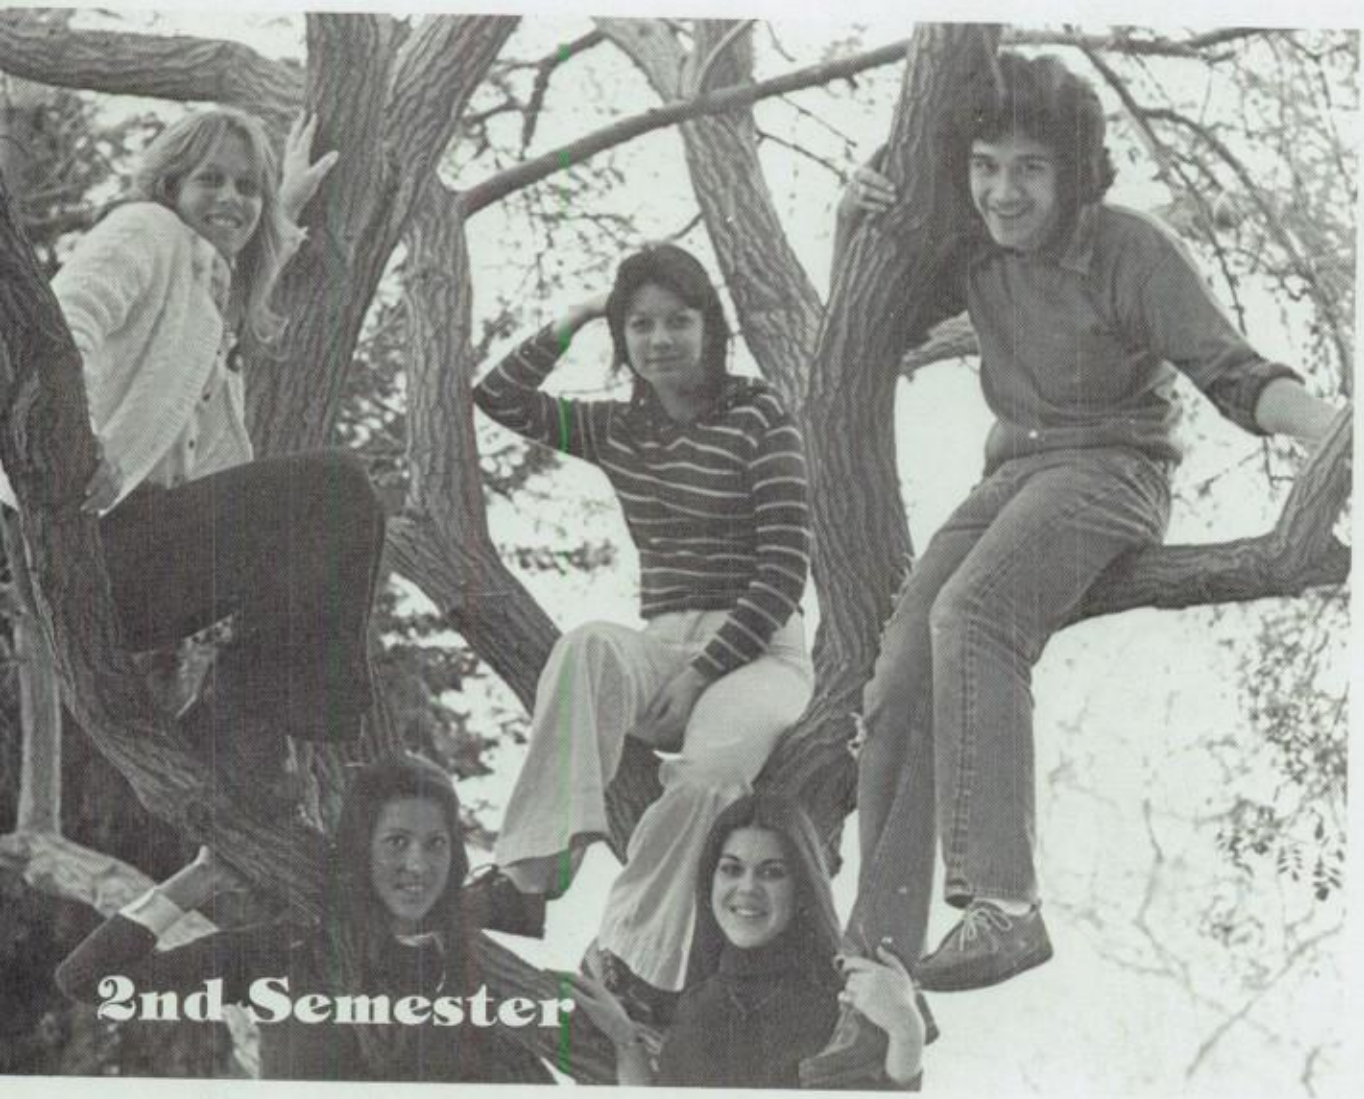
Junior Class Plans Christmas Dance

From left to right—Hist.-Carmen Fischler, Pres.-Sherry Blackwell, V.P.- Perri Hill, Treas.-Carol Mann



Top row: Treas.-Carol Mann, Sec.-Luz Echauarria, V.P.-John Ramirez; bottom row—Hist. -Kathy Lynch, Pres.-Carmen Fishler

Consuming most of the Junior Class officers' time has been developing and finalizing plans for the Annual Christmas Dance and Christmas Queen Elections. Committees were set up to do various jobs in the planning. President for the class was Sherry Blackwell.

As the second semester took hold, the juniors, under President Carmen Fischler, hoped to plan a great deal of activities and were just looking forward to a long year ahead when they become the graduating class at Hawthorne.

Sophomores Head Backwards Dance

The Sophomore Class has tried to keep fairly active this year. Beginning the season with a sucker sale, the class worked to raise money for the Backwards Dance, sponsored each year by the class. Plans were also made for the Sophomore Sweetheart Elections in March. Other tentative plans for the class included a class-sponsored trip and a car wash.

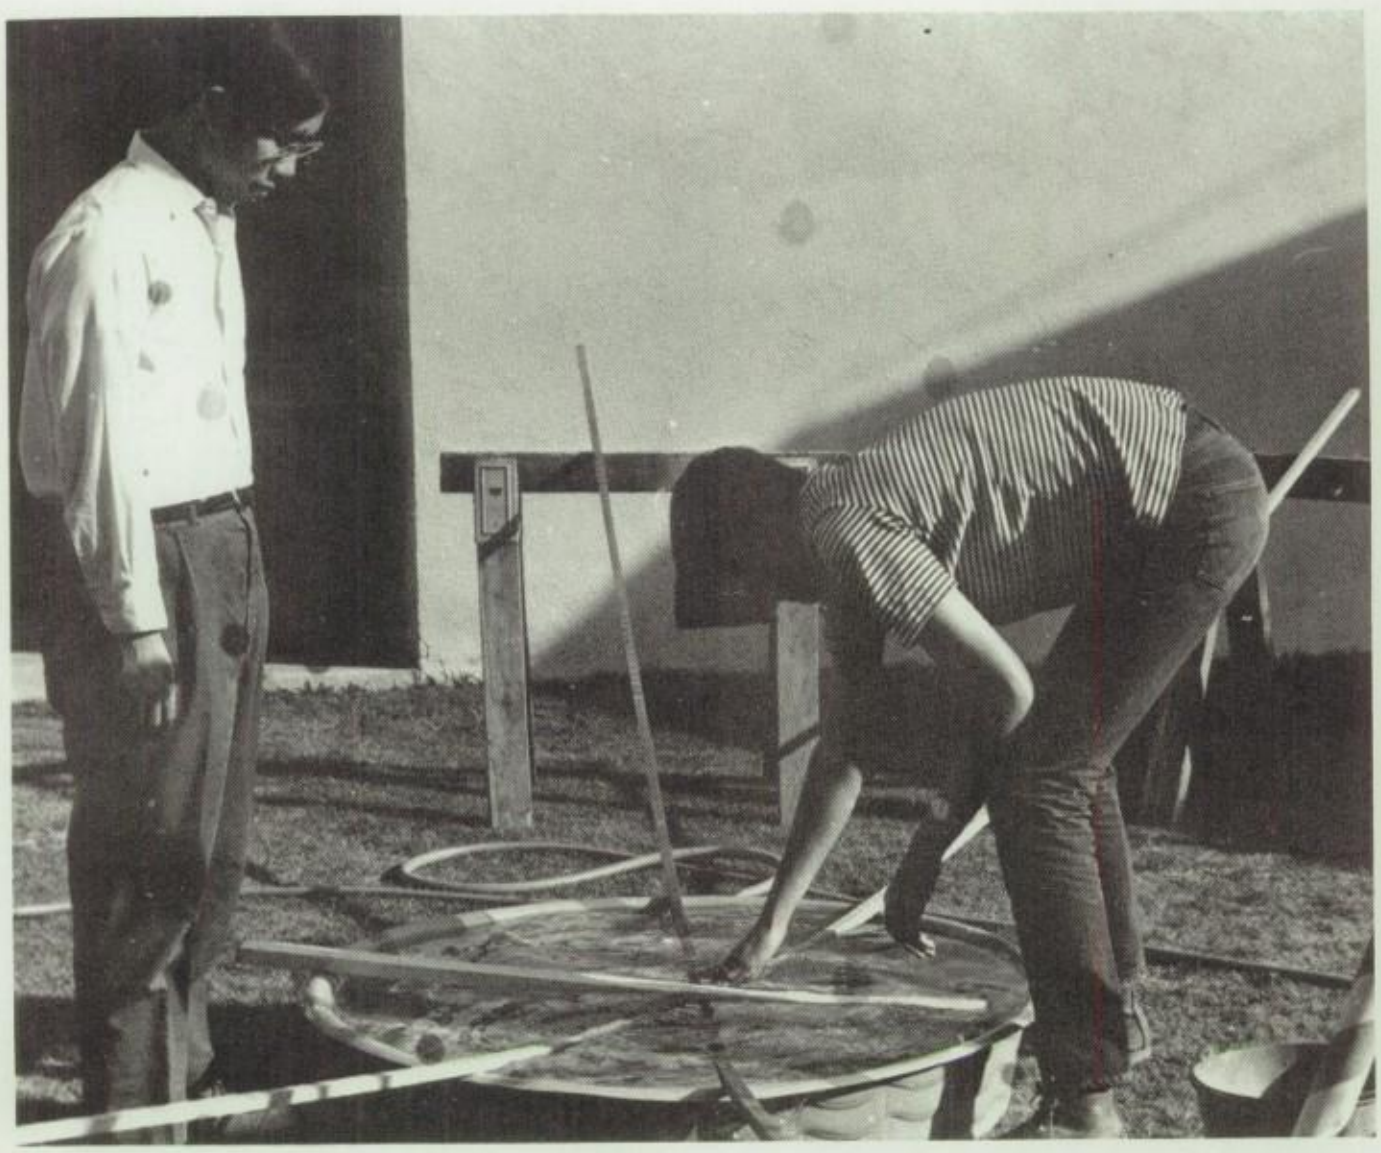
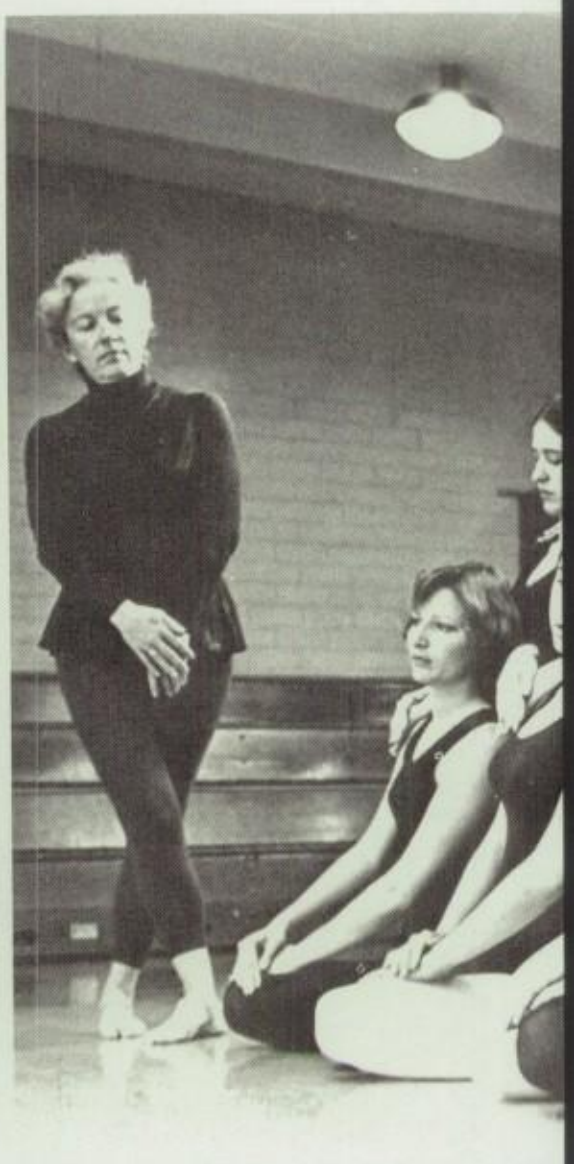
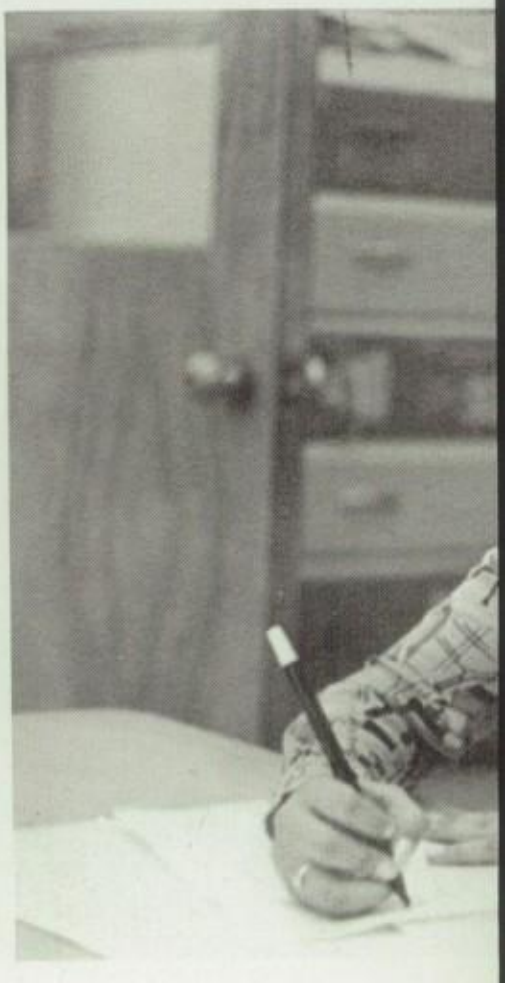
Vice President - Mark Nathanson
Secretary - Tammy Stiritz
Treasurer - Karen Mann
Historian - Sheri Hahlbeck

The Freshman Class, new to the school, only elects officers in the Second Semester Elections. During the year for the ninth-graders, fund-raising ideas were being tossed around to begin to build up a treasury, while other ideas included sponsoring movies and various ways to improve the campus appearance. President of the newcomers was Linnea Auton.

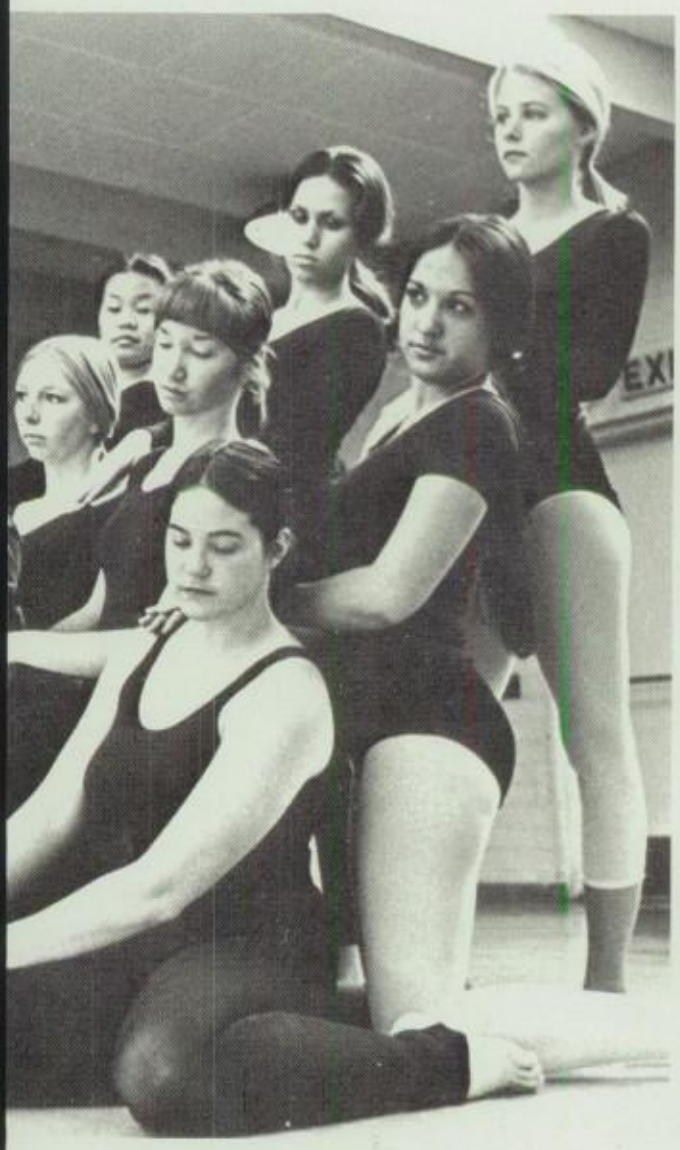
Day by Day . . .

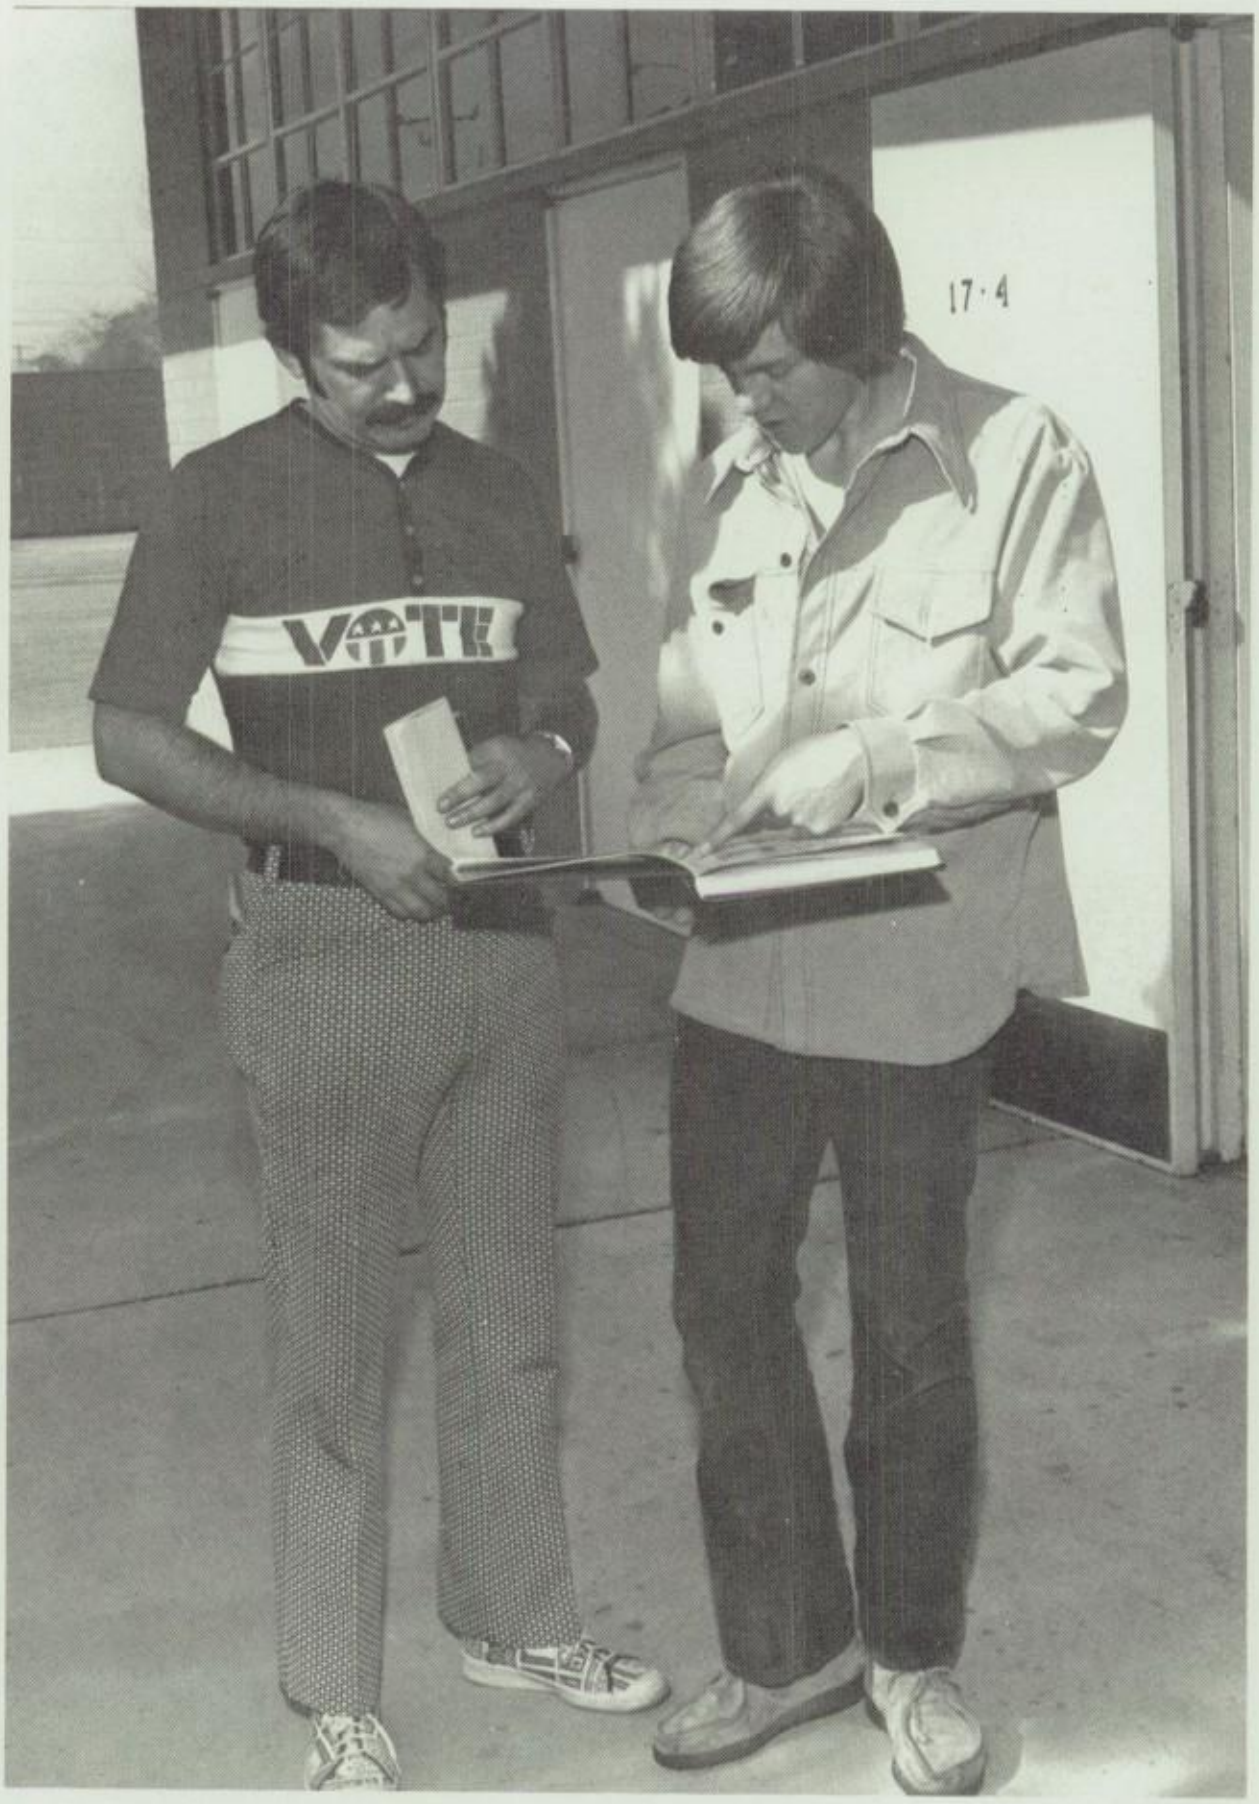






Organizations





Among the clubs and organizations at Hawthorne this year there was at least one for everyone's taste. The clubs ranged from service to business. There were clubs for those interested in science, journalism and foreign languages. There were also clubs for those into sports.

The organizations at Hawthorne offered a large variety of exciting extracurricular activities. The clubs gave a person a chance to meet others who had the same interests and to make new friends.

Athenians

Air, Love, Service

Having currently completed their Hover Craft, the AEROSPACE CLUB was involved in the Fly Day at school (where they unveiled their work.) Other activities of the club included field trips to various air shows and demonstrations. Presided over by Aland Adams, their advisor is Mr. Macha.

AGAPE is a greek word symbolizing the highest form of love: God's love. The members of this club are those wish for a Christian Fellowship. For their Christmas project, they filled baskets for the needy families in the area.

Day by Day, Day by Day,
Oh dear Lord, three things I pray—
To see thee more clearly,
Love thee more dearly,
Follow thee more nearly,
Day by Day.
—Words by Stephen Schwartz

For sophomore and junior girls wishing to serve the school there is ATHENIANS. Every year, the club is involved in planning the Mother-Daughter Farewell Tea for the senior girls. They also assisted at the Knight/Diaconian Breakfast as well as selling programs at various athletic events.

1. Greg Korelich is proud to be sitting in the hover craft.

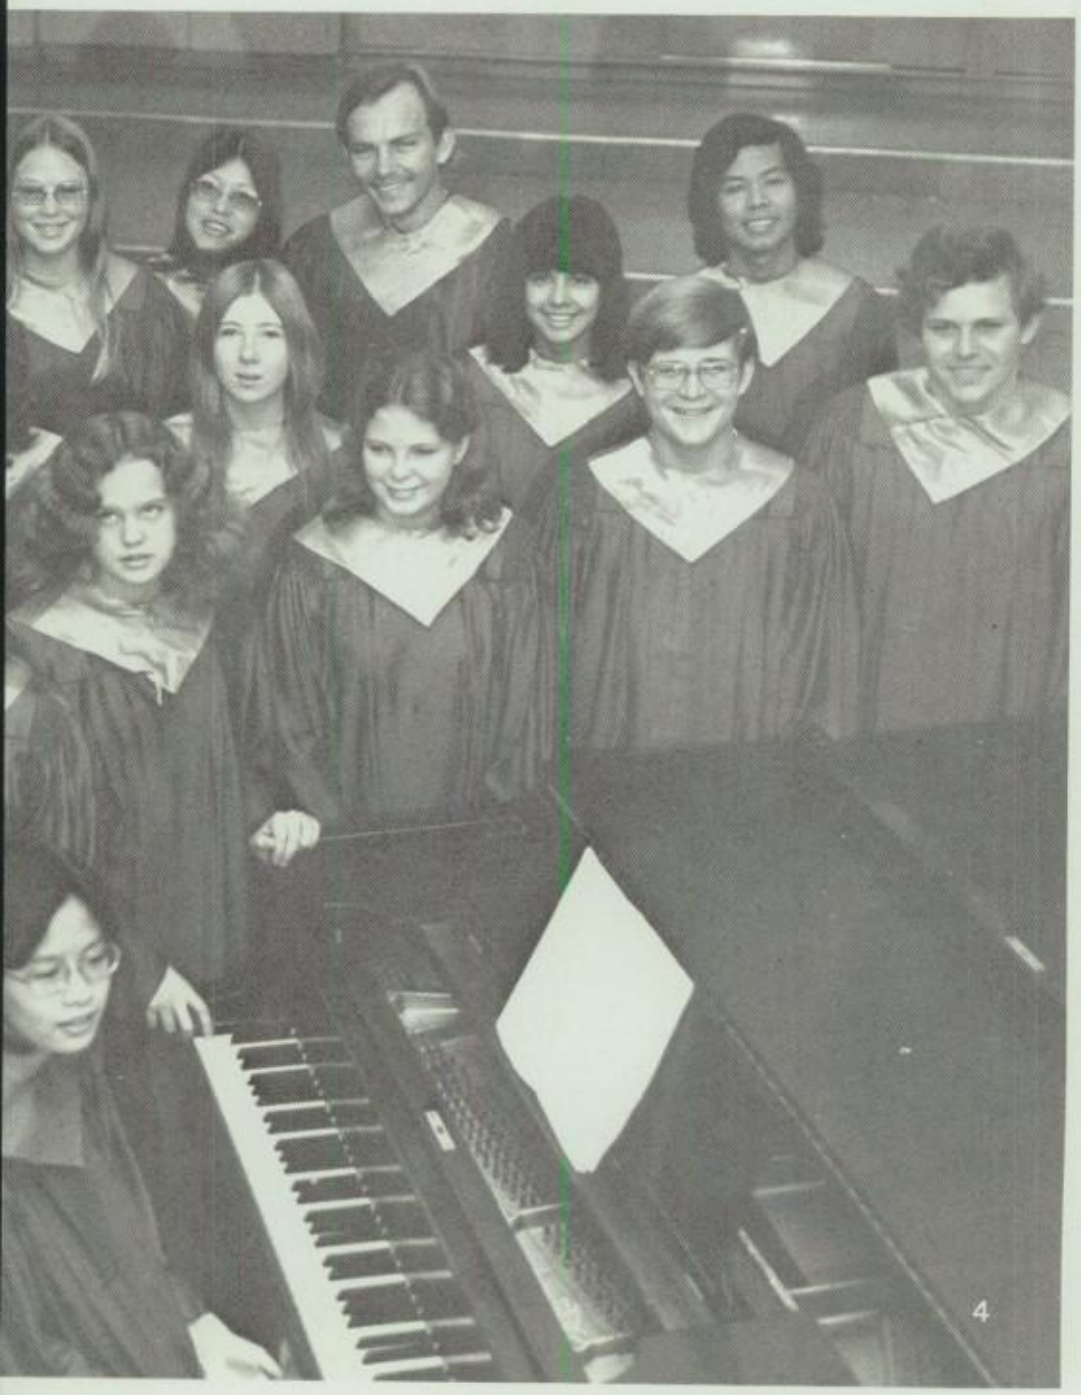
ED CALIFORNIA BANK



Chorus

Students Sing out

Through the direction of Russell Wing, the Music Department's Choralier Club consists of three main divisions: the A Cappella, the Madrigal and the Girls' Chorus.

Working through the music classes, the Choraliers produce a melody of song for all to hear. The club produces two main shows over the school year. One, the Christmas Concert, was held in December and was highlighted by such favorites as Winter Wonderland, the Bells, and Silent Night.

Their second concert, the Spring Musical, featured the more popular tunes as well as many Classical favorites.

The concerts, open to the public, are a blessing in these busy times and are often packed to capacity.

The Choralier Club raises funds for their performances through candy sales and a car wash.

1. CHORALIERS CLUB— In tree: P. Steinhauer, R. Dockter. Rear row: M. Bowe, K. Bartlein, K. Cook, L. Wiltsey, S. Johnson, M. Alvarez, J. Davidson, J. Teegarden, T. Turner. Front row: S. Craig, S. Endo, R. Treckman, B. Justice.

Staff is honored

In keeping up with the high standards of high school journalism, this year's Cougar Staff has been consistently honored for their achievements with the newspaper.

After receiving seven consecutive first-class ratings over the years, Cougar staffers are focusing their attention toward All-American. Receiving marks of distinction in writing, editing and editorial leadership, staff feels that the addition of new, improved printing equipment will boost the ratings even higher than before.

Cougar Staff is made up of Hawthorne's advanced journalism class and advised by Ms. Konnie Krislock. Assisting them are students from Mr. Anderson's print Shop class. The COUGAR is published wholly by students and is distributed weekly.

Diaconians Knights

Smiles & Service

A boys service club, KNIGHTS, consists of junior and senior classmen. They spend much of their time working at the football games and ushering at assemblies. Two of their major activities were the annual Taco Scarf and the screening of the popular flick "American Grafitti" for the student body.

Senior girls interested in service join the DIACONIANS. During the year, the Diaconians sell programs at sports events and help out at assemblies. They are also responsible for various attempts at "beautifying the campus" in that they plant flowers and trees on the grounds. The club is noted for its yearly "singing valentines."

EL Molino Staff

Staffers Keep Busy

Currently one of the busiest and the most financially active clubs on campus is the El Molino Staff. They are in charge of producing the yearbook every year. Meeting as a class, staff has, for the first year, included its enrollment to sophomores. These students work during the summer months in order to get a headstart on the school's biggest publication, the EL MOLINO.

Contracted with Pischel Yearbooks, Inc., the staff works under the guidance of Pischel representative Phil Jordan and advisor Richard Allen to produce the yearbook in time for its June distribution. This work includes all of the photography, the writing and the editing that goes into the book.

To learn the art of yearbook production, staff attends many conferences and seminars over the summer and some members attend Workshops across the state.

Fine Print

El Molino

Magazine wins fame

FINE PRINT, Hawthorne's new quarterly magazine, is published by the Fine Print Staff and sold in the student store and by journalism students.

It is one of the few magazines published in a high school and has already won distinction in Southern California. In a journalism competition in January, it captured first-place among twelve other high school publications. FINE PRINT won in categories of general excellence and magazine layout.

Fine Print Staff is rotated every quarter and members are graduates of both the journalism classes and Cougar Staff.

1. Ted Gioia and Mike Crnkovich look over FINE PRINT copy.
2. Don Zabrowski reading the FINE PRINT and relaxing.

EL MOLINO staff members, working late hours to complete their final 65-page deadline in early March, finally relaxed on the traditional photo outing at the movie lots of Universal Studios. Pictured on the opposite page with the statue are Vicki Aguilar, Debbie Weber, and Kaye Kobold. At the bottom of page 150 are Tim Raulerson, Debbie, and Editor Sharon Gee.

In the state writing contest for high school journalists, held jointly with the NSPA/JEA convention in Los Angeles, April 4-6, EL MOLINO staffers finished 11th out of 36 finalists in layout design, photo editing, and yearbook copy writing. Overall, Hawthorne journalists finished a close second in the running for the annual Sweepstakes Trophy.

A.F.S. Drama Fishing

You got A friend

We get by with a little help from our friends, and that's what the AFS CLUB is all about. This year's foreign exchange students, Ron Johnson and Vanessa Villanueva, shared in the many activities at school, one of which was AFS day. Mr. Arthur Orrell is the sponsor and Louise Anderson was first semester President. Together with the club, they made this year a memorable one, for our new friends.

For the Thespians on campus, there is the DRAMA CLUB. Working through the drama classes, the club is for those students who wish to study further into theatrics. Taking field trips to various productions in the area, the club puts this knowledge into use in the fall and spring plays. They also learn techniques in lighting, make-up, and costume design.

One of the newest clubs on campus is the FISHING CLUB. The purpose of the club is to share and learn different techniques in this popular outdoor sport. Members learn things like fly-casting, trolling, spinning and fly-tying. In order to practice what they have learned, the members take small excursions to various salt and fresh-water areas.

Students wanting experience in conversation and culture enjoy the excursions and activities of the FOREIGN LANGUAGE CLUB. Advised by Mr. Robert Grahamer, the club sponsored a book scholarship and a needy family at Thanksgiving.

1. FOREIGN LANGUAGE CLUB Left to right: L. Banaelos, D. O'Connor, S. Miyamoto, F. Kobold, J. Begovich, D. Collin, K. Lorig, S. Thomas, J. Kratz, L. Geele, L. Newsom, V. Villanueva, A. Schafer, H. Schlussler.

2. AFS CLUB Left to right: Miaaka Lester, Susan Jaffke, Linda Bryan, Louise Anderson, Sheri Miyamoto, Marla Crane, Leanne Newsom, Shannon Lester, John Campbell, Sharon Gee, Paul Lukacovic, Carla Leonard.

Modern Dance

Dancers perform

Taking techniques from Martha Graham, Lester Horton and Charles Weidman, Modern Dance Workshop works on choreographing dance movements to music for various concerts and competition over the year. Planning their final Modern Dance Concert in April, the club has produced many fine dancers over the past few years. "There are many aspiring soon-to-be dancers in the class" explained Nita Cable, director.

Competing in a Southern California competition in dance and choreography earlier in the year, the club did very well in their division. The club meets as a class during the school day, where the dancers work on their techniques through the guidance of Ms. Cable.

MODERN DANCE consists of:

Hina Pankowski
Suzanne Haratani
Amy Jensen
Ellen Rath
Kathy Bueter
Kitty Mathieson
Lovey Parsons
Karen Childress
Dorothy Basista
Dena Ogden
Lindsay Castle
Marion Dykstra
Lisa Guerrero
Renee Hambick

Red Cross Pep Club

Safe & Spirited

Youth has a lot to give and the RED CROSS CLUB is a perfect example of it. Led by President Lorna Ingram and enthusiastic sponsor David Chichester, the club sponsored a family for Thanksgiving and a party for the Multiple Sclerosis at Christmas. Aside from worthwhile projects, the members were also able to attend workshops where they could learn more about service programs and special projects such as the Special Olympics.

"H" CLUB is a girls Varsity club with a membership of girls who have attained a letter in any sport, in either the girls or boys physical education sports.

Membership into the LETTERMEN'S CLUB runs on a point system in that freshmen need more points than do seniors. The club's activities include trips to major sports events, fund-raising and pleasure trips. The club is sponsored by Mr. Tom Harmon and is for those of the male gender only.

PEP CLUB is for freshman girls who wish to arouse spirit in Hawthorne's sports. They were frequently seen in their red and gold uniforms, supporting the football team or holding a sale to finance their activities.

Taking contributions from writing classes such as Poetry and Ballad and Creative Writing, the POLYCHROME PEN CLUB annually publishes student work in the POLYCHROME PEN. To raise money for their project they hold a book fair, where students may purchase various paperback books. The purpose of the club is to exhibit some of the fine work which comes out of HHS' English classes.

1. RED CROSS CLUB Top row: Joan Kratz, Jasna Begovich, Linda Bryan, Jeanette Farr, Bonnie Sowards, Sharon Webb, Lorna Ingram, Susan Jaffke. Front row: Kathy Lorig, Debbie McGrath, Marla Crane, Sheri Miyamoto.

Scholarship Society Quill and Scroll

Sharp Scholars

The SCHOLARSHIP SOCIETY is an honorary club. To be a member, one must meet the requirements of having no grade less than a C and a total of 10 points where an A counts as 3, a B as 1 and a C as 0 points. Seniors may become sealbearers if they have been in for 4 semesters, one of which is in their senior year. Arthur Orrell is the sponsor.

Exploring all facets of science is the SCIENCE CLUB, sponsored by Mr. John Andrade. They are interested in everything from anthropology to zoology. Main projects for the club have included a trip to the tidepools in Palos Verdes to study the relationships between plant, animal and environment, fossil-hunting, and a trip to a science fair.

QUILL AND SCROLL is an honorary club working through the International Honorary Society for High School Journalists. Members consist of those students who participate in producing publications such as EL MOLINO and COUGAR. Although they do not meet as a club, the work of this national society is beneficial to the entire student body.

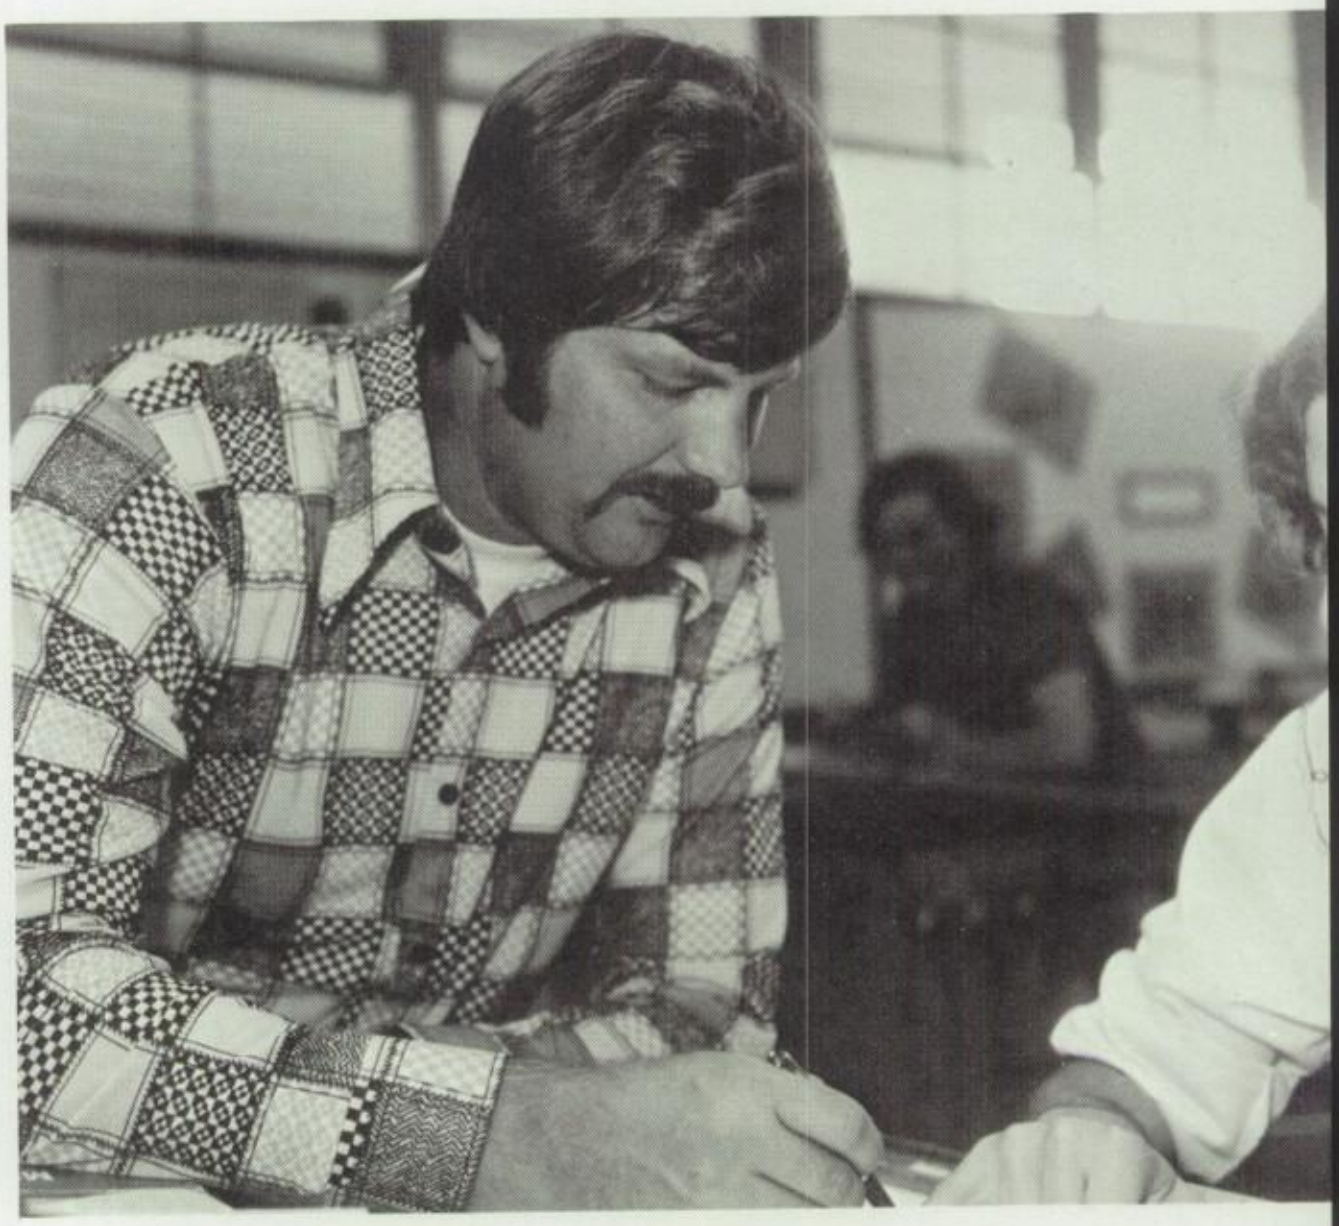
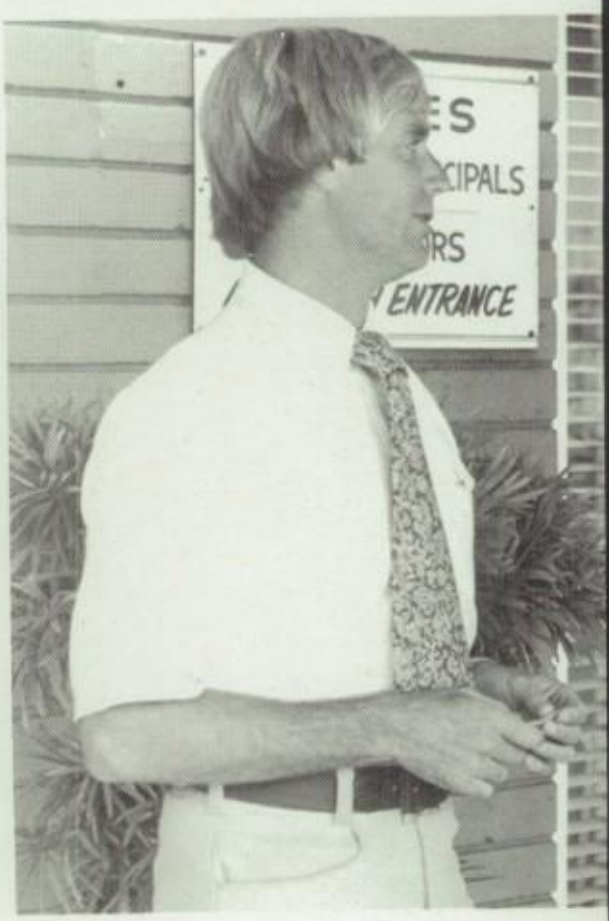
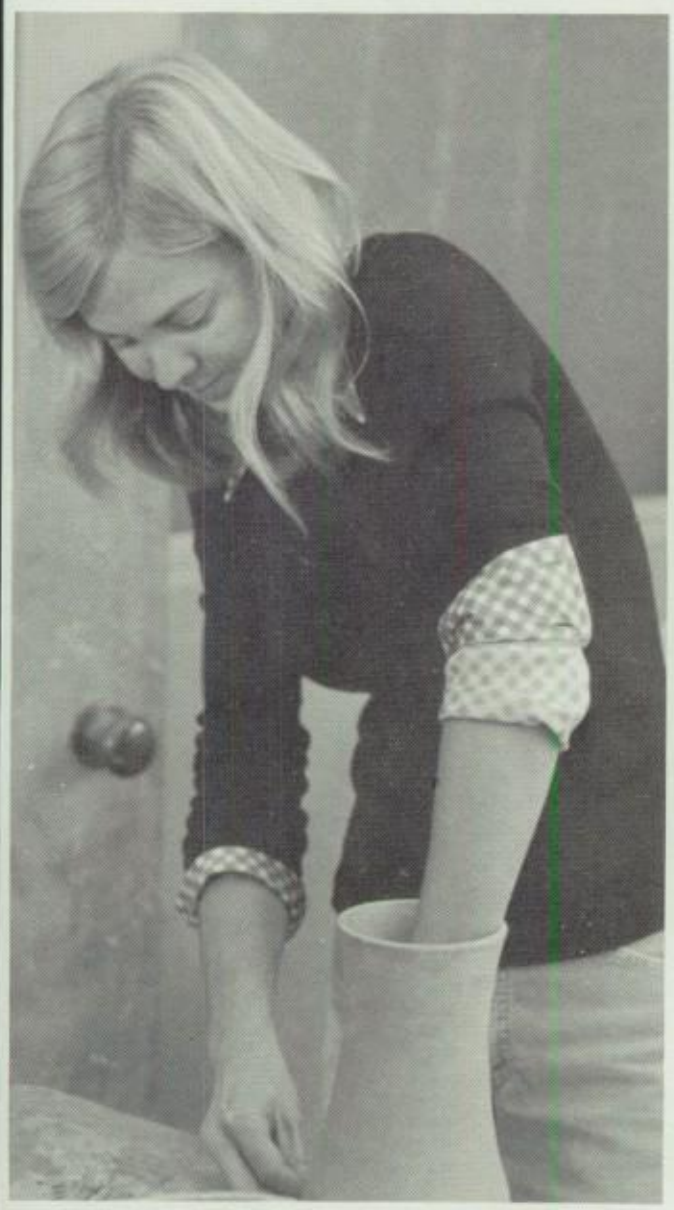
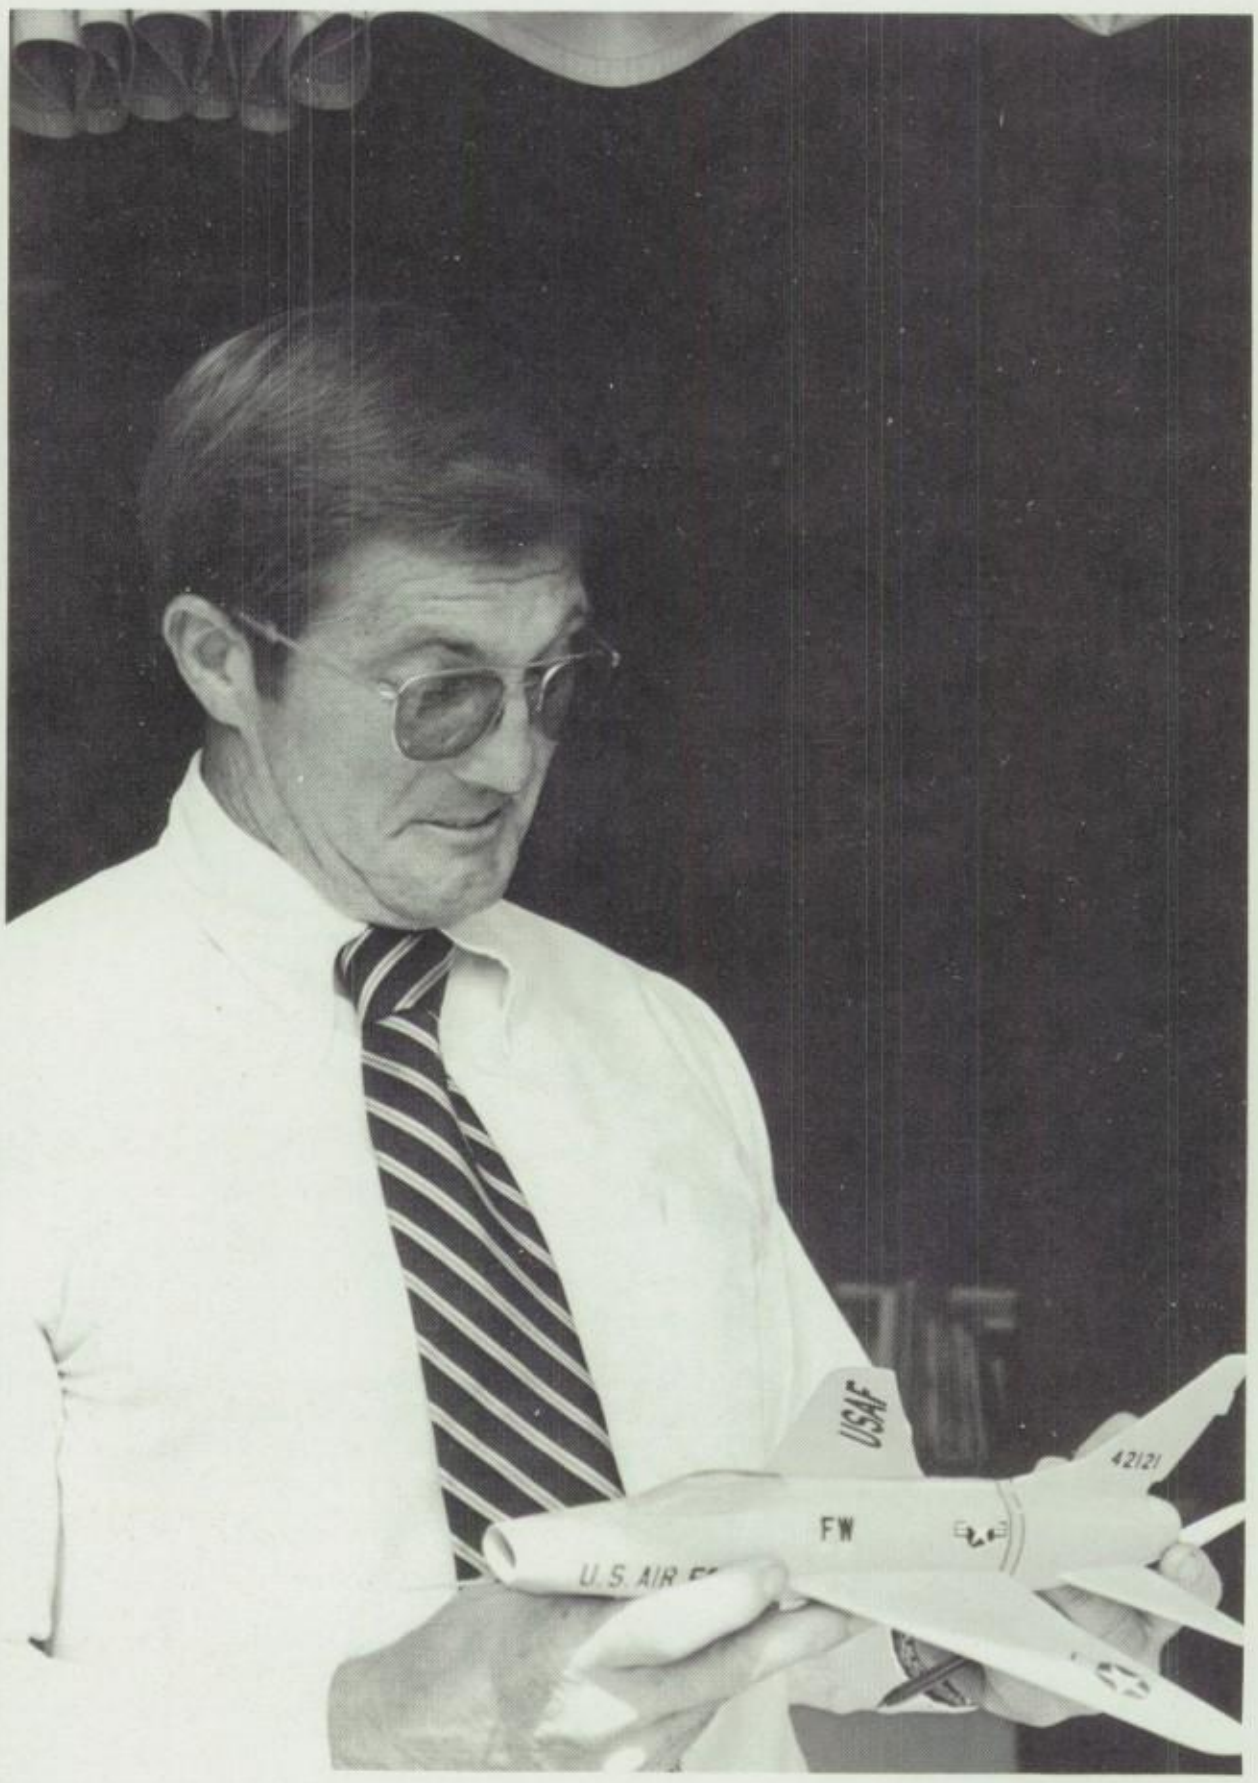
Day by Day . . .

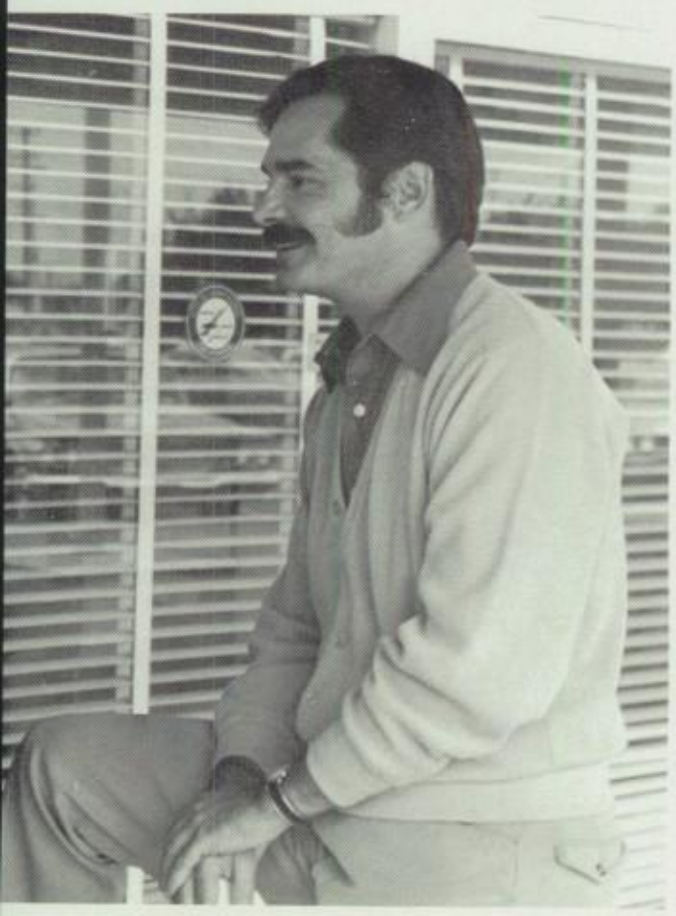




Academics







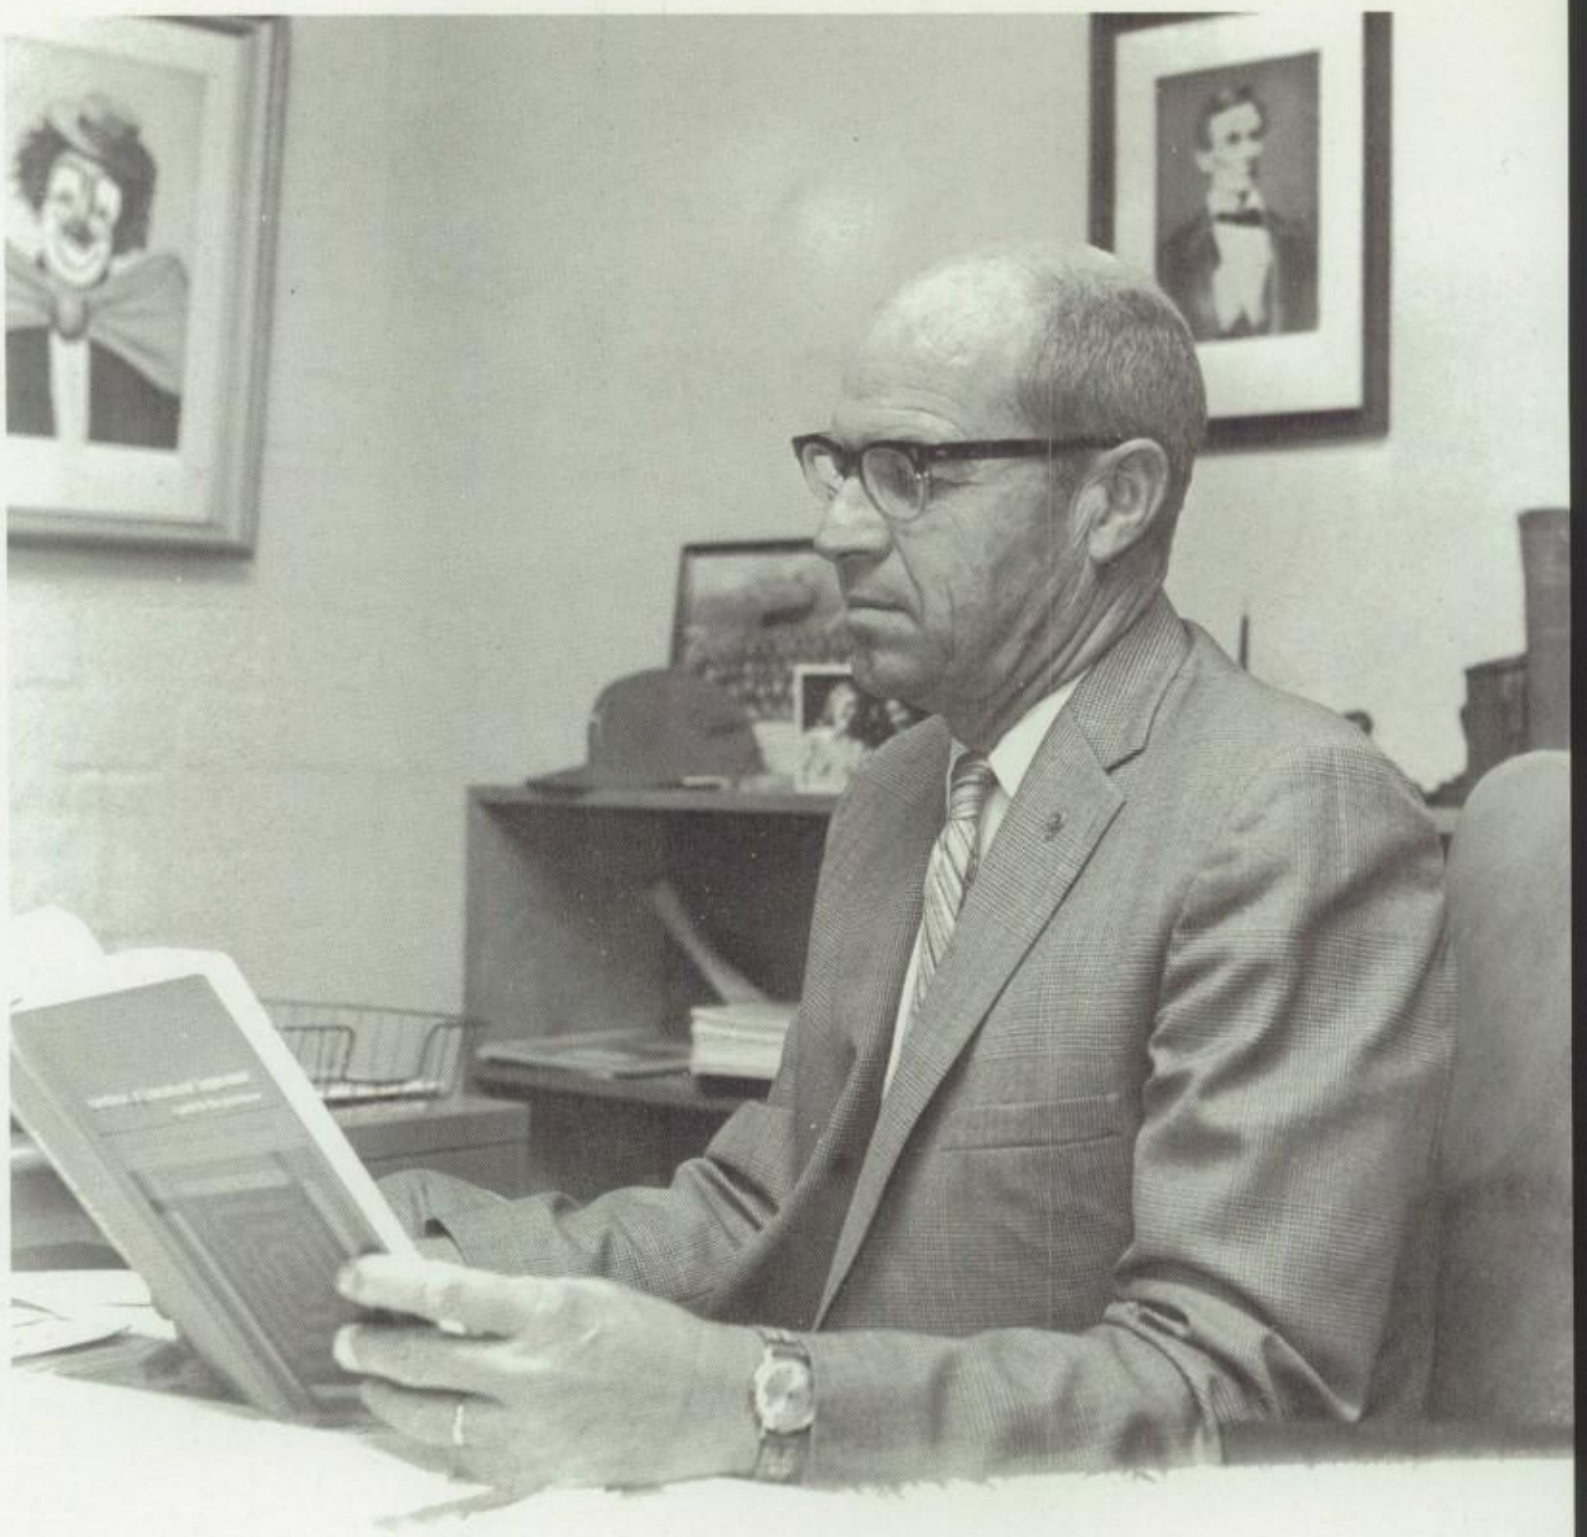
Many definitions have been given for the word teacher. What is a teacher? According to THE NEW MERRIAM-WEBSTER POCKET DICTIONARY, a teacher is one who causes to know a subject; who shows how; one who guides the studies of; who imparts the knowledge of.

What is a teacher?

Sheri M. (12) "A hypothetical animal that never ceases to amaze."

Annette W. (10) "An overgrown student."
Tim R. (10) "One who can help fill the bottomless container of knowledge.
Ellen L. (12) "One who makes simple things confusing."

There are times in our lives when we'll look back to our teachers who have and are contributing in many ways to our future. For no one may ever cross our way without affecting us in someway forever.



Our yearbook theme "Day by Day" is not only the title of a popular song but it also describes very well the nature of this book. For, within these pages is recorded the day by day activities and history of our 1974-75 school year.

While most of us have attended events and just enjoyed them, the El Molino staff was busy taking pictures and writing about the events so that this book could be produced. Hopefully, you will find it to be an interesting keepsake.

As the years go by you will find a great deal of happiness by looking back at these pictures and recalling the day by day happenings which made this such a happy year. Thanks to each one of you who contributed in making 1974-75 one of the best years ever.

Left to Right: Mr. Tom Barkelew, Dr. William McDonald, Mr. Wallace Nyman (Superintendents)

Problems facing the active Centinela Valley Union High School Board included: building and structural improvements (HHS got a new paint job), the unification of CVUHSD with the elementary districts, possibilities of special bond or tax elections, faculty salaries, and other economic problems.

Taking over the helm as superintendent of the district, Tom Barkelew, a 26-year veteran in education, announced his pleasure with the "orderliness and friendliness of students and staff" during one of many visits on campus. "My major interest lies in the instruction program and in building the most positive learning environment."

Counselors can help

The counseling department is involved in more than individual student counseling. It is the center of communication with the students in the various facets of educational planning. General college advising, including financial aid, honors and advanced placement courses, and career development are among the subjects discussed.

The newest innovation of the department is self-scheduling. Under this program, the counselors set up the entire process so each student can develop his/her own schedule. The purpose of the program is to enable students to be more responsible for their own education. Because of its success, self-scheduling will become a major part of the future of education.

Currently, in the English Department, there has been a new addition to the staff. It is a modern video tape recorder. The recorder consists of two TV cameras, three monitors, a production console and a special effects amplifier. "It's a great shot in the arm for the media class, "expressed Mike Sloan, modern media instructor.

Some of the abilities of the new piece of equipment is the operation of two cameras, the making of video tapes, split-screening, and superimpositions.

Plans for the recorder are many. In the fall, a group of students will be involved in making educational tapes for use in different classrooms. Its high quality tapes can be used to show demonstrations in science labs as well as teach students. And its use will also give modern media students valuable experience in taping.

The Social Studies department helps to develop an understanding of society through the study of cultures past and present. This year, the department has adopted a new innovation: quarter courses.

Quarter courses provide students with a greater variety of elective choices plus a chance to take more than two courses a year. Some of these classes vary from Ancient and Medieval Europe and Colonial America to old favorites such as Personal Psychology and Aerospace History. Keeping in line with the womens lib movement is Roles of Modern Women while Minorities in America studies the differing cultural groups that make up our country.

The old problem of not having enough time to take the classes you want has been partially resolved, at least in social studies. Since the idea is apparently a success, it is very possible that the other departments may soon catch on.

Many teachers have brought fame to themselves, one of whom is HHS's own John Ashley. Graduate of both Pepperdine and USC, Mr. Ashley has been teaching math at Hawthorne for twenty-three years.

It all began when he was asked for help on a Business Math book. Mr. Ashley had studied program instruction and assisted in the writing. Afterwards, he made a proposal to the publishing company to write a series of instructional math books. He then collaborated with Mr. E.R. Harvey, also from HHS, and proceeded to build the Ashley/Harvey math series.

Mr. Ashley was also interested in games. In 1970, near the completion of his books, he invented two math games: FOO and Torpedo. They were published through a school book publisher and marketed in schools around the country as teaching aids.

Still on the move, Mr. Ashley is currently being hired to do two more conventional algebra books for distribution. We at HHS wish him success.

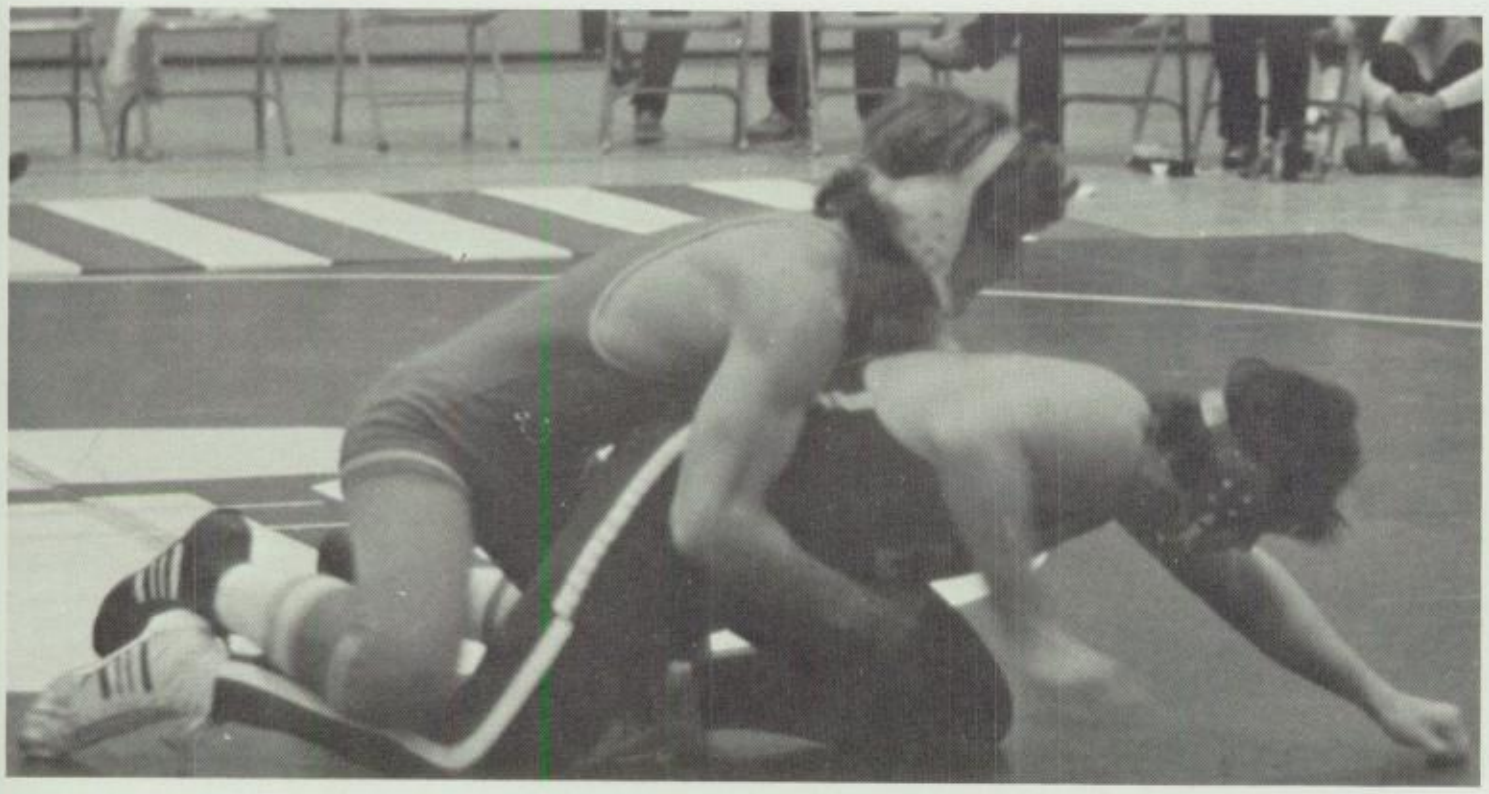
Front row: Arturo Marchan, Scott Burris, Russ Lebo, Troy Moon, Craig Gibble, Tony Lebizon, Gilbert Keyner.

Sports



Cougar pride runs high in sports. For the third time in four years Hawthorne sent its football team to the CIF playoffs. The wrestling team also made a fine showing by taking first place in league play. The girls tennis team also did a great job by capturing a second place in a tough league. Pride was with the basketball team as they vastly improved their performance from last year. And the baseball Cougars were again tough.

Even though every team did not place high in its league, each person involved in a sport did his best to carry on the proud Cougar name.

Spikers Finish High

Coach Judy Friedman's Volleyball Team has improved greatly over last year's record of 1-10 to this years 11-2. Led by captain and All-League player Beth Treckman and All-League Leading scorer Paula Lutz, the team's performance has moved them into a high division for next season. "I feel that we ran the most sophisticated offense in the league," commented Coach Friedman. Finishing second in the Pioneer League standing, they are by far the best team to come out of Hawthorne.

Led by captain Tammy Tagami and leading scorer Sheri Salazar, a greatly improved J.V. team finished second in Pioneer League. "The team played excellently together." stated Coach Karen Kenny. Also helping the team were sophomore Gloria Estalano and freshman Luaine Holen.

"It's about time that female athletes at Hawthorne got the recognition that they deserve, they put in a lot of time and their seasons' record showed it," concluded Coach Friedman.

Girls net Second

The girl's Varsity Tennis Team "really applied themselves this year," according to Coach Joyce Duffy. Spurring the female team to a second place in the Pioneer League were numbers one and two, Sheri Miyamoto and Lisa Lipscomb. Also aiding in the achievement of a 9-2 record were "Most Improved" Freshman Lori Terry and "Most Valuable" Marsha Barnet. With many other fine players, their only loss was to Mira Costa.

In post-league individual play, Sheri Miyamoto and Lori Terry competed for CIF playoff spots but were eliminated in the finals. Varsity hopefuls for next year are Lisa Lipscomb, Leanne Newsom and Teri Lee Holen.

The newly formed JV Team had a standout in Astrid Martinez. The team played in only six games due to a lack of courts.

Discipline Is Key

The girls' Athletic Department is growing more into the limelight every season. Basketball is one of these teams and Coach Judy Friedman feels that "with a little more discipline, they would be great." Leading the girls in the season will be Kathy Kozlow and Tonie Gay, high-scorers, and freshman Luaine Holen, center.

This year's team consists of newcomers, as it is made up of eight freshmen and only two seniors.

"What the girls need is a disciplined offense," concluded Ms. Friedman. "And they are trying harder than ever."

The JV Basketball team is very hopeful in their efforts this season. Feeling to be in contention for the league championships, their toughest competition looked to be strong Mira Costa and Beverly Hills teams.

Look for the scores in the spring supplement.

NISSEN Patty Villenueva attempts a shot.

Enthusiasm Sparks gymnasts

Competing in the uneven parallel bars, tumbling, balance beam, floor exercise and vaulting, the girls' first-year Gymnastics team was looking forward to their upcoming season with great anticipation. "The girls are showing a lot of enthusiasm and can't wait to get into competition," explained Coach Jan Thornton.

Previously meeting as a class, most of the older girls on the team have been involved in gymnastics for a few years and some have even competed in smaller, outside teams.

Gymnastics is a combination of muscular control and conditioning along with graceful dance movements and is scored accordingly: each athlete receives ten points at the start of each routine and a percentage of that is deducted for each mistake.

Although the season was not underway yet, the toughest competition in 1975 was to be Mira Costa and standouts on the team were Mindy Garza, Kim Hawthorne, Sue Scott and Debbie Vandouris.

Soccer slips

The second-year HHS Soccer team, undefeated last year, were raised to a higher level of play this year.

In Ocean League competition, the team, coached by Ed Mora, kicked the ball to a 4-5-1 record and a fifth place finish. "Each game was close and with a few more breaks, we could have been in contention for the league."

In a very competitive league, the team did beat the champion—Rolling Hills—twice. "We have a strong core of guys on the team, with a good, healthy attitude. We should take the league next year," commented JV Coach Ken Kaefer.

Members of this year's team include All-Leaguer Gus Cordero, second-teamer Eric Keus, Ole Mikkelson and fullback Carlos Morilla.

The JV's did excellent in their league play, taking second-place along with them. A 6-3-1 team, standouts were George LeDoux and goalie Steve Lewis.

Soccer also had a third team with two female players, Anne Fowler and Kristin Young.

Cougars in CIF
Plum coach of 1974

Hawthorne's Cougar Football Team, finishing the season with a 5-2 league record, went all the way to the quarterfinals before bowing to the eventual CIF 4-A champion, South Hills.

In the first round Hawthorne met Hueneme HS, 70 miles up the coast in Oxnard. After a year's absence, Hawthorne returned to the playoffs a six-point underdog. With the first half ending in a scoreless tie, the only success the Cougar offense had was in the passing of Quarterback Bruce Chancey. Hawthorne's "Golden Geeks" defense kept them in the game as they nearly shut-out Hueneme's first half offense to zero yardage.

In the second half, Hawthorne struck first. Bruce Chancey called a reverse to Wingback Ernie Castro for a touchdown. Clark Millman added the extra point. With 1:47 left in the third period, Hueneme scored on a 37-yard pass, the conversion making it 7-7. Confronting playoff pressure, the Cougars drove to the 19-yard line. Then, Leo LaSala scored a second touchdown on the same play used before. The extra point made it 14-7, which moved the Cougars to CIF second round.

The following week at Hal Cap field, the #1-ranked Loyola Cubs met the now 13-point underdog Cougar team. It was in the second quarter when the scoring began. Cougar Tailback Dan Rael ran 67 yards for a touchdown. Then the Cougar defense, which held All-CIF Back Fred Brown to a game total 53 yards, took over. Tom Fowler helped to stifle the Cubs' passing by knocking down two aerials. Hawthorne had the ball, again, when the third quarter gun sounded. Fourth and 7 on the Cubs' 17-yard line, they lined up in field goal position. With Bruce Chancey holding, Clark Millman kicked a 27-yarder putting them ahead 10-7. This was the first field goal for Hawthorne since 1959.

Loyola's final threat came with 1:22 left in the game. Fred Brown caught a pass on the Cougar 14, but was immediately hit by Ted Hastings. A fumble recovery by Robert Armbrust assured Hawthorne of an upset. For his excellent coaching in this game, HHS's Otto Plum was announced as the LA Times' Coach of the Year.

Hawthorne now faced South Hills in the quarterfinals. Although the Cougar defense was excellent, it couldn't stop the skillful Huskie Backfield. Hawthorne's only score came when the Cougars completed a 10-yard pass to Wide-receiver Dennis Gonzales. The extra point attempt failed and South Hills won, 28-6.

by Bob Oates
Los Angeles Times

Those following the career of Hawthorne football coach Otto Plum weren't surprised by his 1974 team, which made the playoffs again and upset Loyola.

In the 1970's, during Plum's four seasons as head coach, the Cougars have been in the playoffs three times.

"We think attitude makes the difference," he says. "And our approach at Hawthorne is that we're going to have a good time."

How does a football team win by concentrating on having a good time?

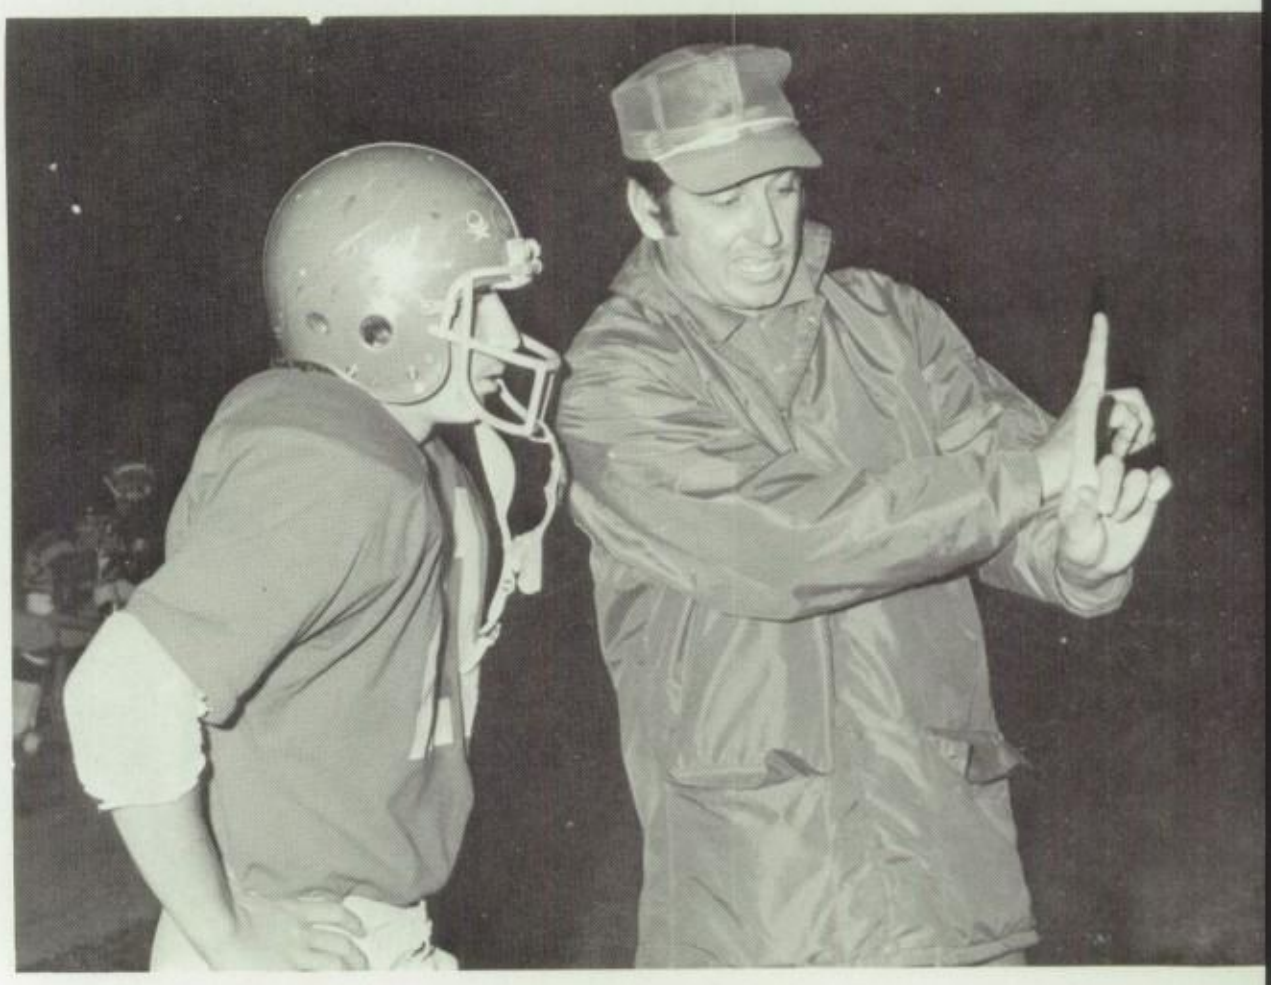
"Over the years," says coach Plum, "it has been my experience that most players enjoy game day but not practice. And good practices, of course, lead to good performances. So our attitude is: 'Let's enjoy practice.' This isn't a new idea with me, of course. I didn't invent it."

Who did?

"I was on a junior college team one year with Hugh McElhenny, the All-American halfback. We had a lot of fun that year at Compton — and won a national championship, too. There weren't many like Compton in those days, and there still aren't. On most teams, the attitude is: 'We've got to win. We've just got to.' In fact, I catch myself feeling that way once in a while.

What do you do then?

"I suppress it. Thinking only about winning is the hardest way to win."



Defensive Backfield Coach Courtney "aeronautically" designs a play.

Season Ends With a Spark

Showing much improvement over last year, the 1974 Varsity Football Squad season was very successful with the Cougars tying for second in league play and securing a CIF berth in post-season playoff games.

This year's team was led by an exceptional defense, nicknamed the "Golden Geeks" for reasons of their unusual battle cry "geek, geek." Starring All-Area players Robert Armbrust and Tom Fowler, the other outstanding players include Terry Johnson and Ted Hastings.

The tightened offense was quarterbacked by a mid-season replacement, Bruce Chancey, who proved his talent through four wins out of five games, and include two CIF victories.

Some of the outstanding team members are Dennis Gonsalves, Steve Cogan, Jeff Mann, and backs Dan Rael and Leo LaSala.

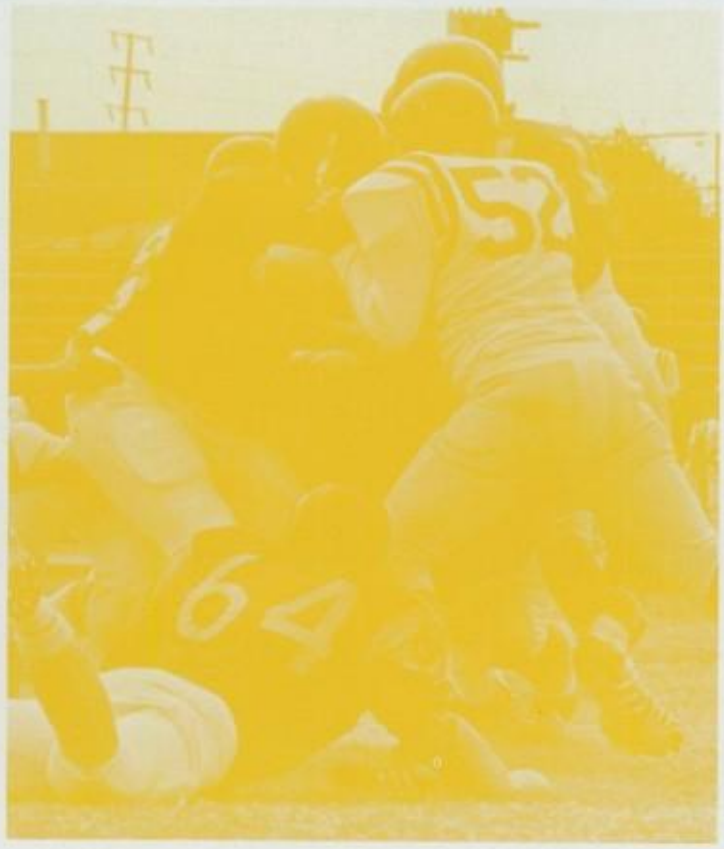
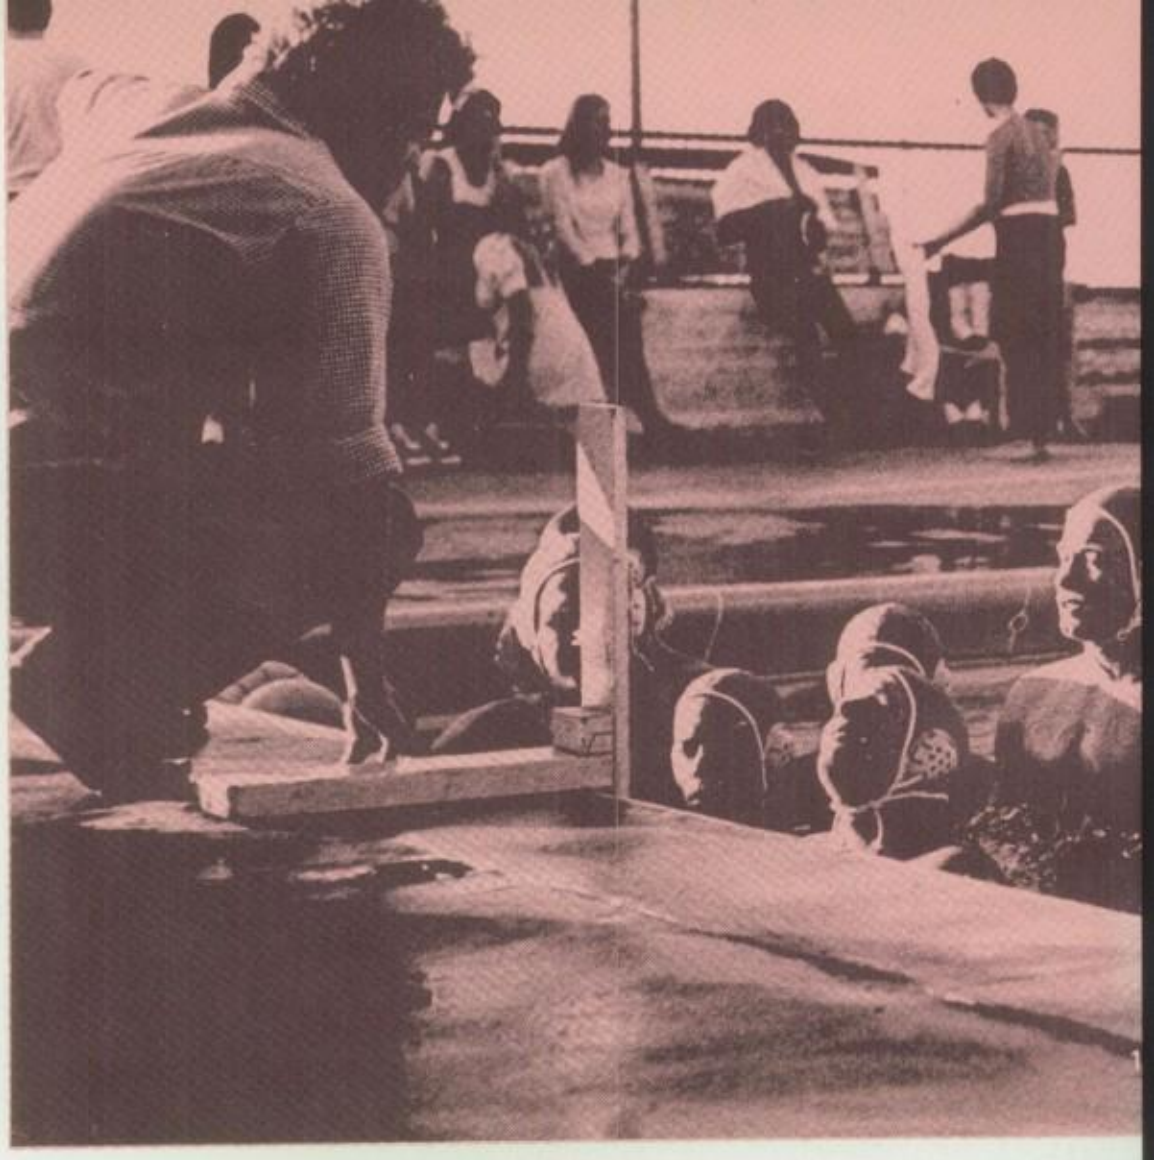
A Season Of Disappointments



This year's Sophomore Football team coming out with a 4-4-1 record for the season, had many disappointments. With costly injuries to key players Steve Miranda, Jerry Galindo and Andy Escobar, the Cougar offense sputtered, but still had standouts in Rod Johnston, Sal D'Errico, Scott Huhn and Bill Collins. The Sophomore defense, led by Ray Gutierrez and Mike Connors, also had its moments of disappointment.

A new coach, Mike Ohren, and veteran sophomore coach Bud Reagan both agreed that, with a few more breaks, it could have been a "whole different season."

Poloists sink to third



Capturing third place with an even 4-4 record, the Varsity Waterpolo Team had an off-and-on season. In upsetting Rolling Hills, 8-6, while losing to Harvard, 6-8, the polosits "won games they should have lost and lost those that they should have won."

Coached by ex-UCLA waterpoloist Bernie Stenson, the team's practicing concentrated mostly on ball control, which paid off in several wins. "Up until the final three games, the team wasn't playing quite up to par," concluded Stenson. "However, in the last three, the guys really put it together as a team."

Highlighting the season were first-team All Ocean League selection Eric Keus and second-teamer Paul Kramer, both of whom were also voted as the team's co-MVP's. Topping the offense, Keus scored a total of 26 goals, while teammate Kramer scored 49% of his attempts. Junior goalie Steve Vanderwall, the backbone of the defense, proved his excellence with an incredible 62% goal-save average. Other outstanding players on the 1974 team included "most improved" Junior Tim Lester, Junior Glen Whistler and Sophomores Dan Peterson, Jeff May and Rick McGuire, who all gained valuable experience for use in seasons to come.

Frosh-Soph gain poise

According to Coach Lou Jones, the Frosh-Soph Waterpolo Team "has a lot of players with a lot of potential."

Placing third in Ocean League competition with a 3-5 record and a 5-7 overall season, the future varsity was led by "most valuable player" Bryce Nygard. Bryce also led the scoring with 16 goals with teammate Brett Henderson close behind at 12 goals.

The team also had assistance from its first female players. Lori May and Linnea Auton proved to be outstanding in league play. In an excellent showing in one game, Lori scored three goals and assisted in another.

Stephens takes league

The Varsity Cross Country Team had an outstanding year in 1974, taking second in the Ocean League and finishing 6-3 overall.

Senior Harold Stephens provided most of the big news during the season. Undefeated in Ocean dual meets, he also placed first in the league meet at Alondra Park to spark the Varsity to a win and its first CIF bid in four years.

A week before the finals, Hawthorne, with a 5-0 record, met with Aviation in a "meet of the unbeaten" in which the winner would take the league championship. Finishing first was Stephens, but in a losing cause. Aviation took the rest of the top positions for a 24-31 victory.

The JV Team, hurt by a lack of runners, ran on the Varsity level most of the year.

Sophs Tie

With three runners competing on varsity level, the Sophomore Cross Country Team held their own with a tie for second in dual league meets.

Their best showing of the year, though, was at the Mt. SAC Invitational where the team ran away with first-place in their division. "They were ranked 3rd out of 200 sophomore teams competing at the meet," boasted Coach Alex Bravo. Leading the pack for the Sophs were Tim Haddy, Neil Severance, and Jim Williams.

Jerry Oliver, first-place finisher in every dual meet, sparked the Freshman Cross Country Team to a second-place Ocean League finish and a 5-1 record. Losing only to Redondo, they are slated as the "best frosh team in recent years here at Hawthorne."

In Invitational play, the team took second-Place at the El Camino Meet and although the team didn't place high, Jerry took a first in individual competition at Morningside.

Other outstanding team members include Bill Tate, Frank Luna, and Jim Smith.

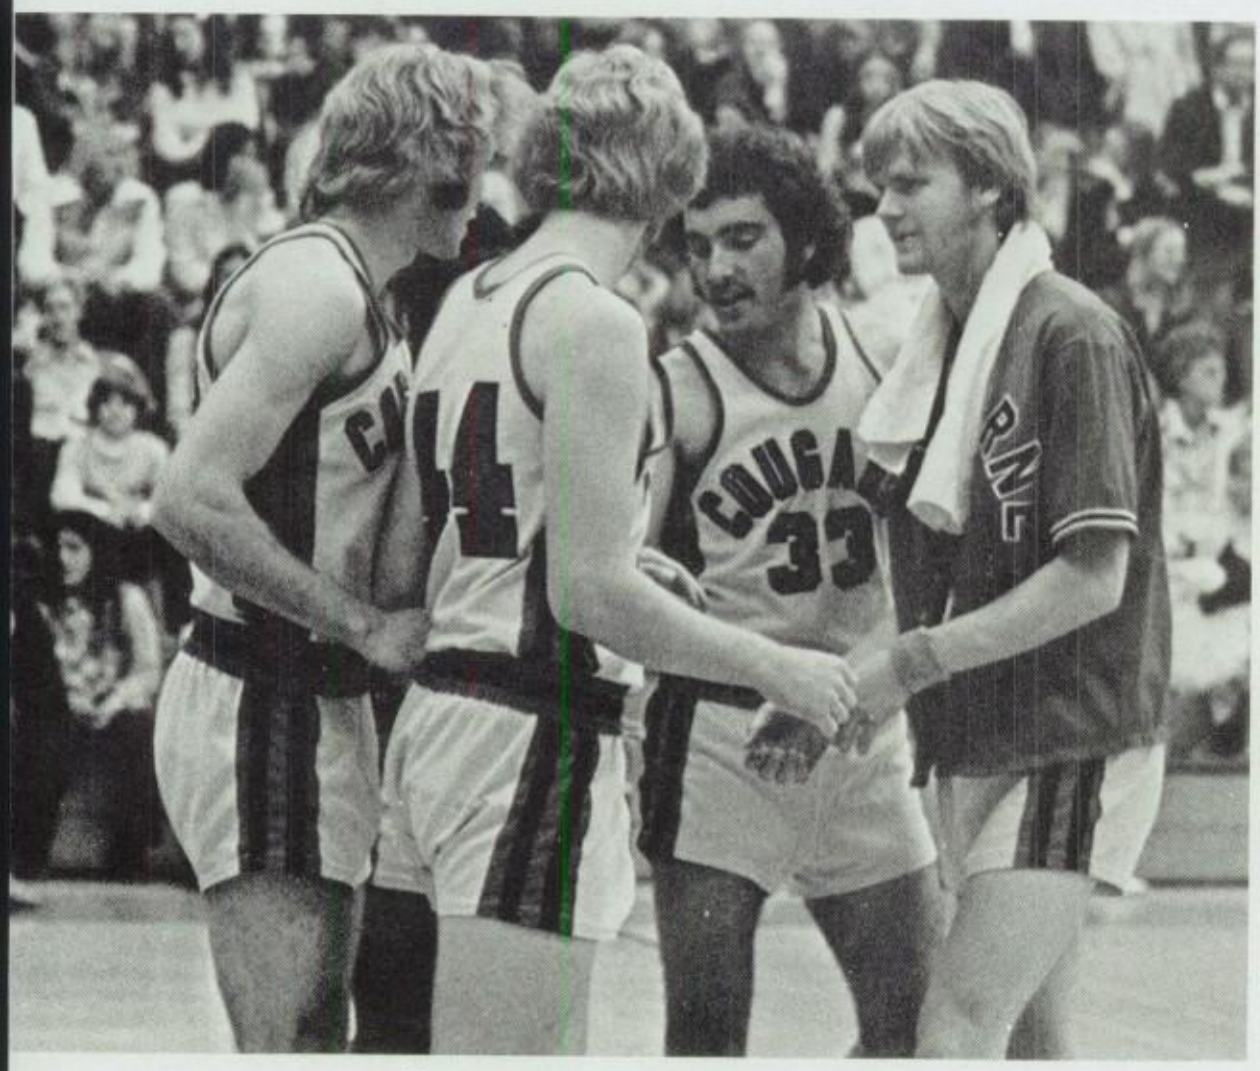
Hawthorne suffers Poor season again!



Starters get together before the game.

Exciting games became the trademark for Hawthorne's Basketball team this year, as the Cougars lost most of their games by less than five points.

Concluding the season with a 2-12 record and seventh place, the Cougar team competed in the Ocean League, thought to be the toughest league in all of Southern California. "The players did very well in that they played to their potential," explained Head Coach Noel Smith. The Cougars did have a rewarding win in defeating Lawndale, a team picked to win its league.

In tournament play, Hawthorne did very well by placing fourth in the Hawthorne Invitational over Christmas Vacation.

"One factor which hurt the team the most was their lack of poise. They played well up until the final minutes, then fell down," stated Coach Smith. "We also could have used Reiner very much." Reiner Kolondinski broke his hand midway through the season.

Taking honors for the team was Junior Greg Benjamin, chosen first-team All-League in a coaches poll.

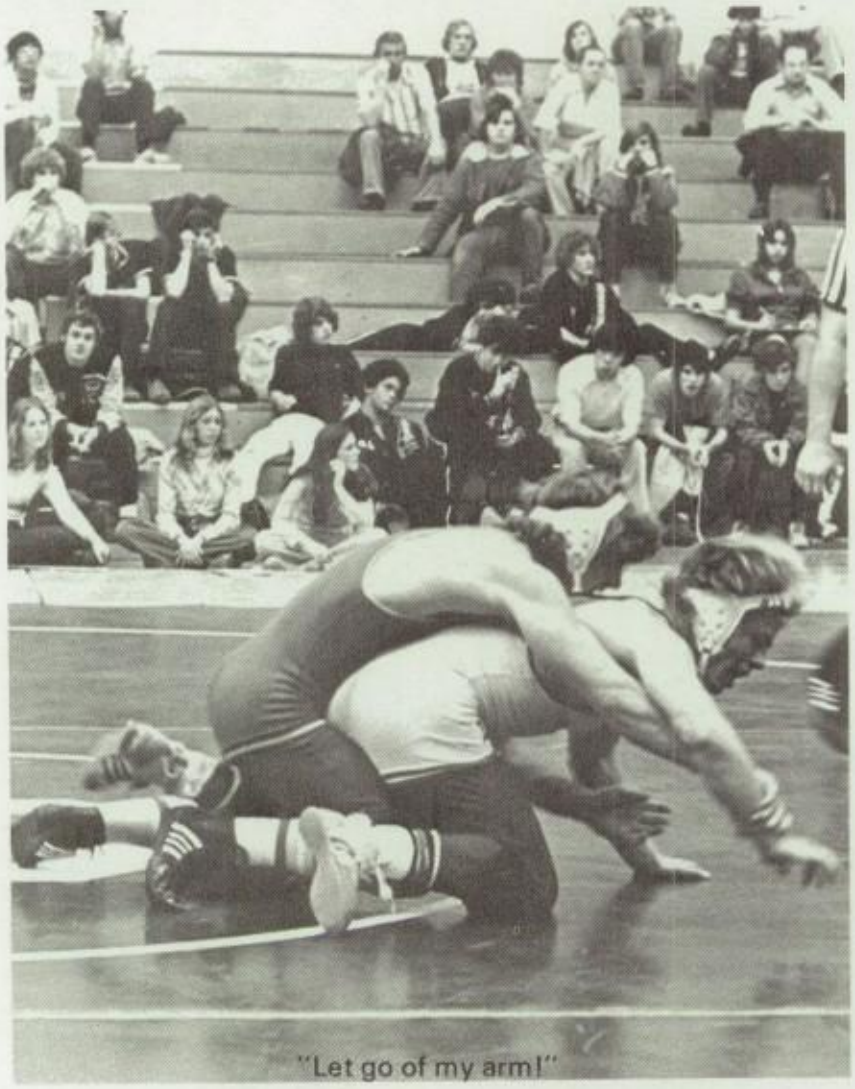
Wrestlers Champs Eight in C.I.F.

Hawthorne has always been regarded for turning out great wrestlers and 75 was no exception. Placing first in the Peninsula 11-way Tournament, with Robert Armbrust taking the Outstanding Wrestler Award and coach Dallas Yost winning the Coaches Trophy, the matmen continued to "pin" their way to first place and an undefeated season. This gave Hawthorne a CIF ranking of tenth in Southern California.

Eight wrestlers qualified for the CIF sectionals. Leading the group of stars were Steve Nakai (145), Armbrust (165), Sean Carroll (156), and Tom Fowler (193). Competing against 208 wrestlers from approx. 25 schools, Armbrust won by decision over Garcia from Rio Mesa, while Fowler defeated Stranger from West in the finals. A costly injury to Nakai in the first match prevented him from further competition.

Other competition over the season ended in a fifth-place award in the Centinela Valley Christmas Tourney, early in the season, and a fourth out of 14 in the El Camino Invitational.

Coach Yost concluded, "We have a strong backbone of players and should remain in the top of the league in the upcoming seasons."



"Let go of my arm!"

Swimmers Struggle

Led by senior Paul Kramer, the 1975 swim team had high hopes of winning a championship. Also behind the great diving of Eric Keus and Glen Whisler team spirit rose as they won their first meet. Setbacks to the team's potential evolved around a lack of depth. Because of this the coaches were forced to pull members of the frosh-soph and J.V. teams to fill empty Varsity positions. These underclassmen proved to be of great value in many of the team's victories. Those sophomores helping the team out included Jeff May, Rick Maguire, Dan Peterson and the only female on the varsity team, Vicky Barker.

Cougars off the marks

Gun sounds Track is underway

At the yearbook final deadline, coaches of this year's Track team believed that the Hawthorne Cougars had a very promising chance to place first in league, even though there were tough teams to beat.

The bright spots of this year's team lie in distance running, relays and sprinting. In the relays, both mile and 440, the Cougars have excellent runners. In the 440 relay are Lee Whitely, Dan Rael, Charles Pitchford and Bruce Chancey. In the mile relay, George LeDoux, Dwayne Wristen, Mike Burt and Lee Whitely have shots at setting a league record.

Hawthorne's Track team is usually blessed with fine sprinters. This year was no exception with Dan Rael, Lee Whitely and Charles Pitchford running both the 100 and 220, and Mike Burt running the 440 and the 880 along with Neil Severence. In the distance races, Cross Country star Harold Stephens paced the way in the mile with sophomores Tim Haddy and Scott. Stephens also ran the two-mile with John Howard and Darrell Cessor.

Outstanding athletes from other sports joined in as basketball star Greg Benjamin competed in the high jump and football quarterback Bruce Chancey worked the long jump and high jump.

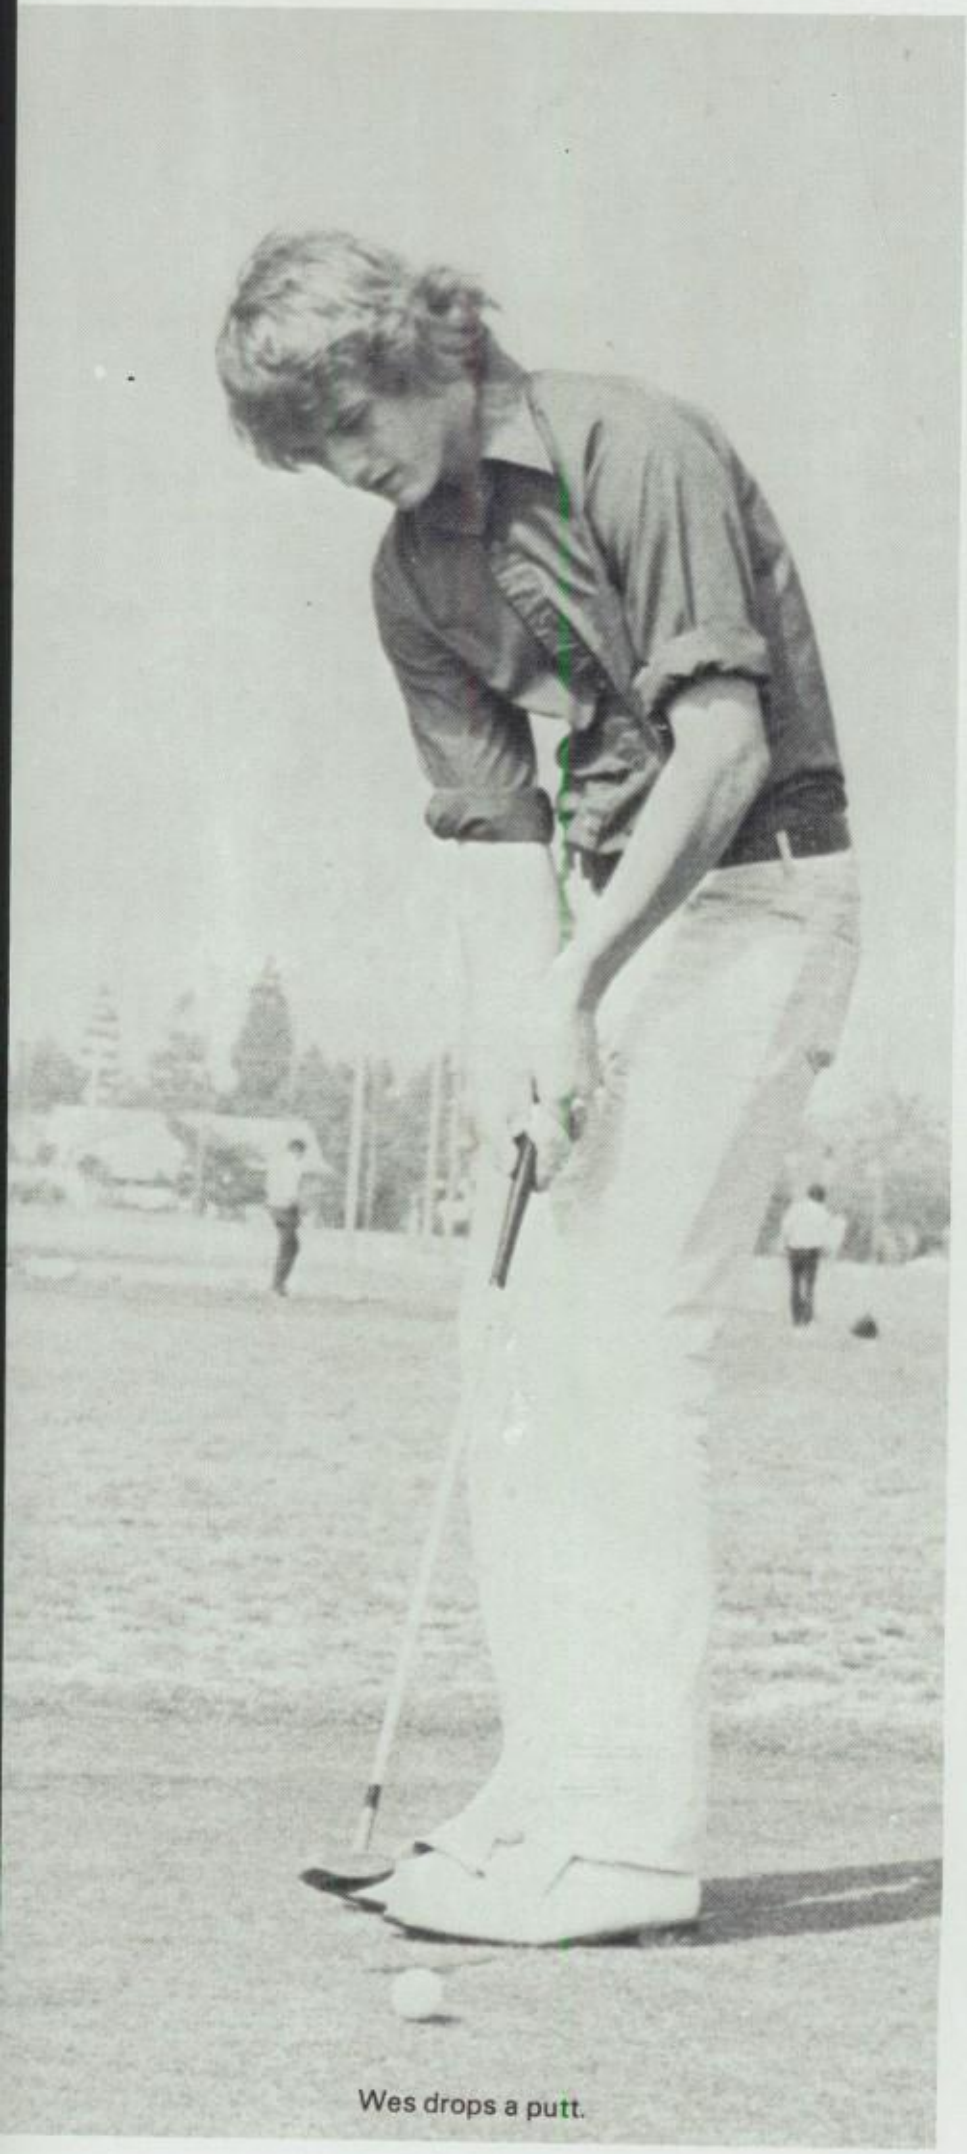
Golfers Defend Title



Wes drops a putt.

Hoping to defend their Ocean league title one more year, the Varsity Golf team lacked the experience it had in previous years. With only two past varsity players returning, the team was looking toward promising new players in Greg Franklin, Pat Franklin, Scott Lockard, Steve Housley and Eric Allen.

Getting the season underway at El Molino press time, the varsity, led by Steve McGuyre, finishing third with even par at El Camino, and Tom Tate, was just ending first-round play. "All games played during the season are league games," explained Coach Sid Semon. "We play nine holes at a time in an eighteen-hole match at each home's course." Final scores do not come in until the end of the season."

Look for Golf scores in the spring supplement.

Tennis Team strokes

With only three returning lettermen, Varsity Tennis is in the process of rebuilding their team. Filling empty positions with JV players, coach Clarence Cox saw the team to be "shaping up around mid-season." "They are a very coachable team and hardworking," added Coach Cox.

The Varsity team works on a round-robin plan for seasonal competition. The players compete against each other, with the four winners playing singles. The rest then continue in a tournament for the doubles positions.

Outstanding players for the team proved to be Senior Mike Dragotto and underclassmen Joe Gonzales and Barry Lafferty, while the toughest matches came from North and South Highs.

Coached by Charles Tyszkiewicz, the JV Tennis team was looking forward to an optimistic season. With a slow start, the team expected to improve greatly toward the end of the season..

Baseball begins
Cougars fight for first

"There are four teams which should be vying for first-place in the Ocean," head Baseball Coach Neil Minami stated optimistically, Torrance, West, Culver City and ourselves."

HHS' Baseball team, coming off a slow 1974 year, was looking forward to regaining their title this year, although all of the teams were evenly matched. Leading the Cougars were three-year man Bruce Phelps, Ernie Castro, and Leo LaSala.

Although the team was small and not as powerful as Minami's previous ones, he noted that "the team is well balanced, possesses speed, and has an outstanding attitude."

With the season just starting at deadline date, the Cougars were competing in the El Segundo Tournament. Other games to be played pre-season were in the PV-Aviation Tournament and the Hawthorne Easter Tourney.

The JV's were a young and fairly inexperienced team at the start of the season. The main problem for the defending champs was pitching and its depth. JV's were coached by Bud Reagan.

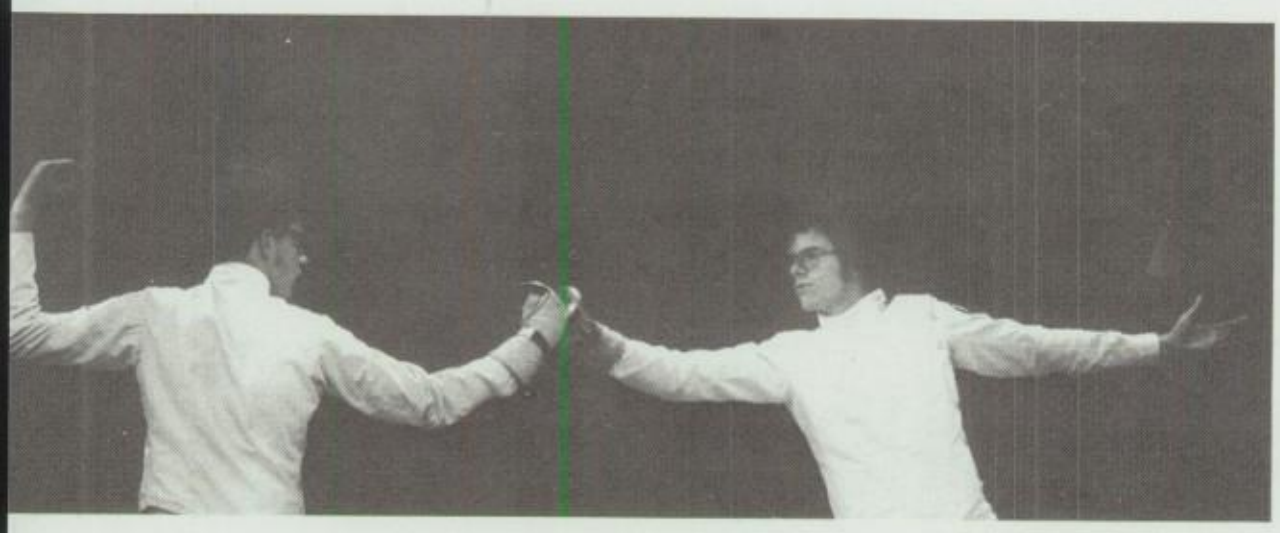
Fencers gain Recognition



A major sport in Europe, fencing is gradually gaining recognition here in the U.S. An all-year sport, HHS's fencing team has been in existence for seventeen years now. A member of the AFLA and one of only four area teams, the team competes yearly in three contests: the Western High School Championships, the LA Championships and the National Qualifying Championship.

Earlier in the year, the team, coached by Mr. Clayton Williams, met with Santa Monica. Hawthorne lost "by a touch," but the team hopes to regain the trophy later in the year in a rematch.

Fencing is a skill contest and points are scored by "touches." Scored electronically, the object is to hit any part of the opponent's jacket, excluding the arms, with the tip of the foil with approx. a one-pound impact.

"Since it takes at least three years to properly train a fencer, we try to limit enrollment to freshman and sophomores," concluded Coach Williams.

Day by Day . . .

Front Row: Kaye Kobold, Sheri Miyamoto, Sharon Gee, Tim Raulerson

Cheer cheer for Hawthorne High
We are the class of seventy-five
Why the heck are we all here
When we could be out there, drinking near-beer.
We know the rules and we know the score,
We got the answers plus we've got more.
We all know that we're the best
'Cause we are the spirit of HHS!

"...THIS WAS OUR YEAR."

YOU NAME IT,
WE'LL GIVE IT A TRY,
WE'RE THE CLASS OF '75!

STUDENT COUNCIL IN ACTION

CONSTITUTION OF ASSOCIATED STUDENT BODY OF HAWTHORNE HIGH SCHOOL
HAWTHORNE, CALIFORNIA

PREAMBLE

We, the Associated Students of Hawthorne High School, in order to create a greater sense of responsibility and fellowship between the students and faculty; unify all student body organizations under one governing body, afford training for citizenship and leadership, and raise and maintain the standards of the school, do hereby establish and ordain this constitution of the Associated Student Body of Hawthorne High School.

ARTICLE I
Name

The name of this organization shall be the Associated Student Body of Hawthorne High School.

ARTICLE II
Source of Power

Section 1. All student powers set forth in this constitution are derived from the principal (under Section 16142, Education Code, State of California) and are to be exercised by and with his advice and consent, or that of his appointee.

Section 2. He has the power to remove any officer at any time for just cause.

Section 3. He may at any time declare this constitution either in whole or in part to be suspended or to be null and void.

ARTICLE III
Membership

All students registered at Hawthorne High School are members of the Associated Student Body of Hawthorne High School.

ARTICLE IV

Student Council

Section 1. The Student Council shall be vested with the power to propose and pass bills, enforce these bills, fill by appointment or otherwise such offices as may be created or vacated, provide for its own procedure, exercise general supervision over student body activities, and approve the student body budget. All legislation must be approved by the principal.

Section 2. The Student Council shall consist of the elected Student Body officers, the appointed Student Body officers, class presidents, building representatives, and representatives of various school organizations.

Section 3. The Student Council shall meet at a time and place designated by school authorities. Two-thirds of the membership shall constitute a quorum. The Associated Student Body President shall act as the presiding officer, but shall have no vote, except in case of a tie. Business shall be conducted according to **Robert's Rules of Order.** All legislation shall require a majority vote of the quorum.

ARTICLE V

Class Governments

Each class or grade level shall have its own government. The purpose of these class governments shall be to plan, coordinate, and raise funds for all class activities.

ARTICLE VI

Amendments

Section 1. Amendments to this constitution may be proposed by a majority vote of Student Council.

Section 2. All proposed amendments must be ratified by a two-thirds vote of the electorate.

ARTICLE VII

Ratification

This constitution was ratified by two-thirds of the votes cast and shall go into effect on September 16, 1963.

Constitutional Bylaws

ARTICLE I

Elections

Section 1. Nominations and Applications

A. Nominations for all student body and class elections, shall be by petition or application.
B. The petitions, signed by no fewer than fifty students, must be returned to the student store no later than 3:00 p.m. on the date specified.
C. The applications must be returned to the student store no later than 3:00 p.m. on the date specified.
D. Students are responsible for turning in their petitions and applications by the time and date specified. Absence from school is **not** an exception.
E. Candidates for all student body and class offices must fulfill the following minimum requirements:
   1. He shall have completed at least one semester at Hawthorne High School, unless he is a first semester freshman.
   2. He must be a student in full-time attendance at Hawthorne High School.
   3. He must have a 2.0 (C) grade average either the semester or quarter preceding the election, without a failing grade.
      a. Freshmen class candidates must qualify on the basis of their first quarter grades.
   4. He must have satisfactory citizenship.
F. A person may run for only one elected A.S.B. or class office per semester.

Backwards Dance 1975

"Raindrops and Roses" may have been a more appropriate theme for our 1975 Backwards dance, as drenched couples made their way onto the dance floor of the Hawthorne Memorial Center.

Excitement, music, tears, and cheers were all a part of the emotions which filled the hall. What was all this excitement about? Everyone was waiting for the announcement of our Sophomore Sweetheart!

Seven excited girls waited, hoping not to hear their names announced too soon by commentator and dance chairman, Bob Deuel.

Karen Cook, Peggy Vincent, Joan Kratz, Debbie Cleghorn, Vicki Aguilar, and Nancy Gibilterra, filled the court of princesses. Last but not at all least, Sophomore Sweetheart Judy Kay.

1. Judy and Jim, as they look over the crowd of excited onlookers.
2. It's the kind of hug that says, "I can't believe it!"
3. Leanne Newsom presents all the candidates with roses and heart lockets as tokens of remembrance.

An evening like this could not have been possible without a little help from our friends. Special thanks are extended to all the clubs and organizations who sponsored each of the lovely candidates for the Sophomore Sweetheart election.

Also many thanks to the Class of '77 who organized, decorated, and made all the arrangements for this dance, with the help of their sponsor, Mrs. Diane Jordan.

1. As you can see, Linda Banuelos (and friend) enjoyed the fun filled evening!
2. Elizabeth and friends, dancing to the music of "Raintree."

Grad Nite
1975

In The Limelight: Prom & Grad Night

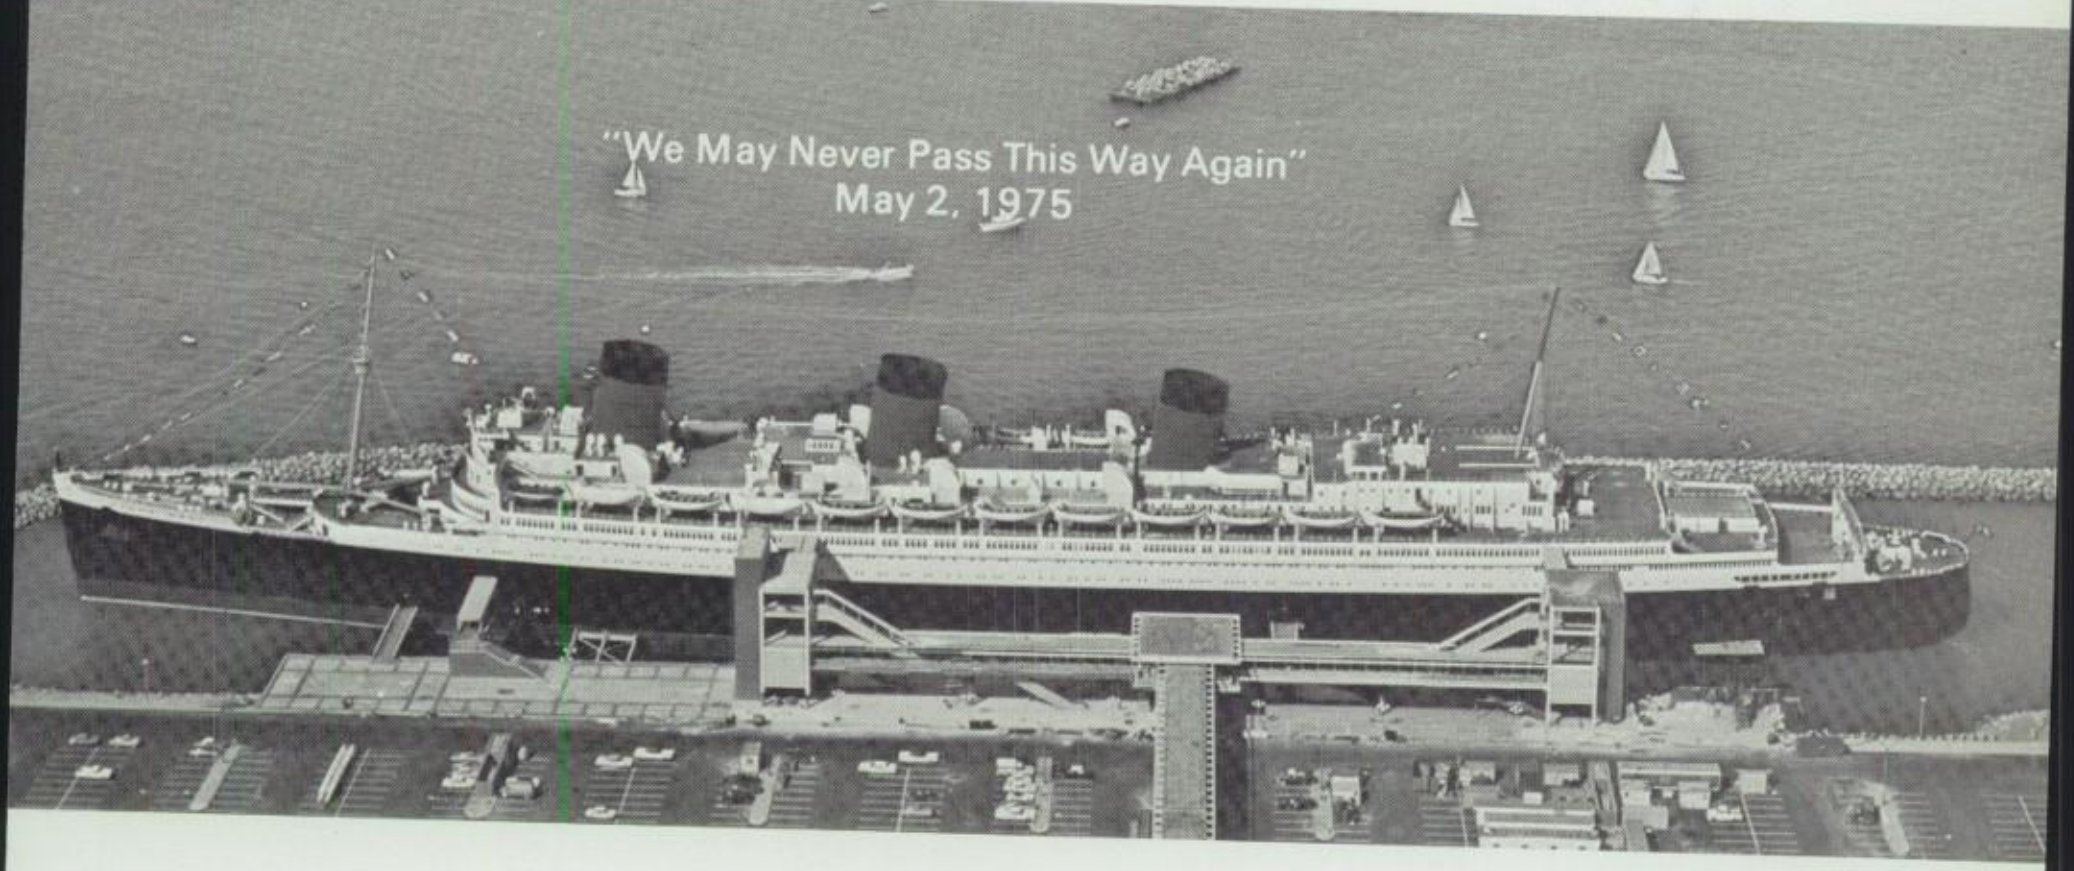
This year's prom shoved off in grand style aboard the Queen Mary in Long Beach. Couples made their way aboard the ship in a cool gentle evening.

Dancing to the music of "Free Hand" guests warmed up before dinner. Chris Oliver, the lead vocalist for the group, got everyone in the mood for an exciting evening. They began their first set with memorable hits from the past.

Couples sat down to dine around the dance floor with their friends reflecting the enjoyment of the evening. The prom was held in the Grand Salon room in the decor of traditional scarlet and gold. Dinner featured Roast Beef Au Jus and concluded with sherbet.

After dinner Senior Class president Sheri Miyamoto presented class sponsor Mary Fox and Maurine Hohenthaner, class friend, with roses in appreciation for all their help during the past four years. The night was danced away and will be remembered as "We may never pass this way again."

Capping off a night of emotion, seniors rode the night away at Disneyland. After graduation, seniors traveled to the magic kingdom for the traditional night of fun and frolic. A final evening for friends to reflect on the memories of the past four years.



"We May Never Pass This Way Again"
May 2, 1975

Newsmakers '75: Mr. Nyman retires

A distinguished career in education, spanning nearly 40 years, comes to an end June 30th with the retirement of Wallace S. Nyman, assistant superintendent, educational services, for the Centinela Valley Union High School District.

Mr. Nyman, still a familiar face on campus, was the first principal of HHS in 1951, and of course, the name Nyman continues to be familiar to all students because of the school's auditorium named in his honor.

After graduating from UCLA, Mr. Nyman began his teaching career as a student teacher at University High in 1936, spring semester. That fall he became a regular teacher at Parlier Union High School in Fresno.

In 1938 he started teaching at Leuzinger where he stayed until the spring of 1951, except for two years of military service (U.S. Navy) in World War II. During his years there he was a social studies teacher, department head and administrator. As Director of Guidance and Counseling he organized the first counseling staff for the school.

Nyman was principal of Hawthorne High School during the twelve years it grew from a staff of 18 and a student body of 300 to a large, diverse and outstanding high school. It was under his leadership that the tone of the high school was set: excellence of education and pride of school and self. Many of the programs begun during the Nyman years have continued to have a positive educational influence on current enrollees.

In December, 1962, he moved to the District office on Hawthorne Way, as Assistant Superintendent in charge of personnel.

City celebrates 200th

At the Annual SCJEA write-offs held April 4th, 5th and 6th at the Marriott Hotel in Los Angeles, HHS placed second in the overall sweepstakes. Ted Gioia and Bruce Pansky placed first and seventh, respectively, in the Editorial category. Also, John Millen took a first in News writing. The yearbook staff moved to a much improved eleventh in layouts.

On April 18, 1975, the City of Hawthorne kicked off its Bicentennial Celebration as an official Bicentennial City at a large ball held at the Memorial Center. In honor of this event, the city also had American flags and the Bicentennial symbol painted on the water tower.

The winners of the 47th Annual Academy Awards were a surprise to all. "Godfather Part II" swept up with six awards including Best Picture. Ellen Burstyn was Best Actress and Art Carney was picked as Best Actor.

This year our long stay in Indo-China ended. In a large scale evacuation, all U.S. personnel were removed from Viet Nam as Communist troops took over Saigon, the fallen capital. This ended a fourteen year stay in Viet Nam, and cuased much re-evaluation and inter-turmoil in our government. At a time when Hawthorne was beginning the Bicentennial Celebration of America's own war for independence, two countries the U.S. struggled for were losing theirs.

With little chance of making the CIF playoffs, varsity baseballers couldn't seem to get on track. Ernie Castro with a record of 4-2 led the Cougars in pitching. Bruce Phelps and Mike Lewis supplied the power for the club, which may be taking a tour of Hawaii this summer. The trip will pit them against other high schools and all star tennis in the islands.

Both JV and Soph-Frosh squads finished with strong winning seasons, each coming up just short of Torrance. Tracy Turner led the JV hurlers and Kip Long, Mark Smeaton, and Phil Ledesma led Coach Allen's first-year men.

The 1975 track season was filled with brightspots, ending with a 3-2-1 league record.

Greg Rice led the team, going undefeated in the shotput in all his league contests. He was seeded number one in league. Lee Whitely ran away from everyone while being seeded number one for his efforts in the 100 yard dash, 220 yard run, and the 440 yard run. Mike Burt and Harold Stevens were also seeded in league for their running efforts.

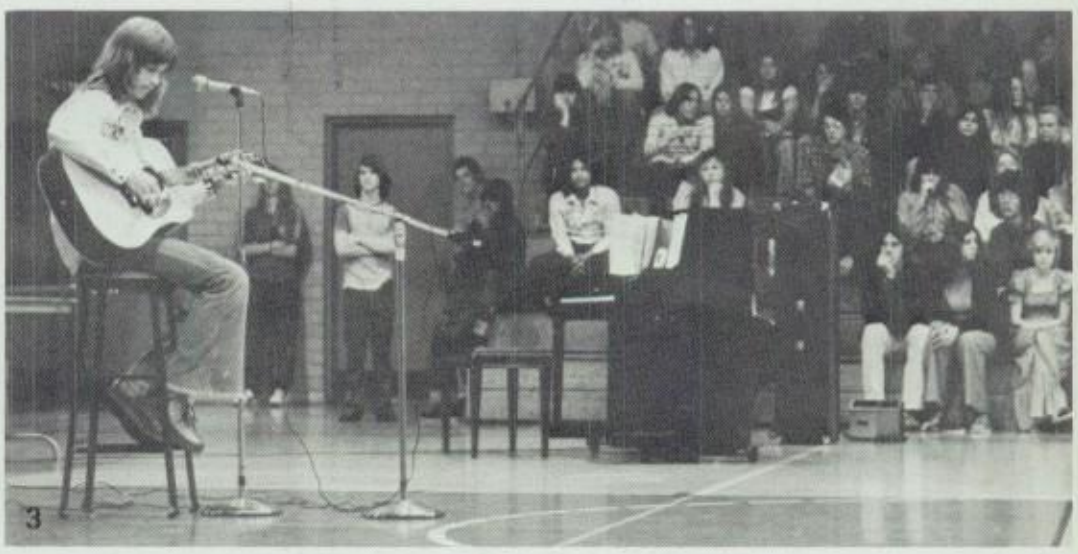
3. Beauty treatment no. 15.
4. Driving under the influence.
5. Armbrust's arm in action.
6. Spring Sports Week.

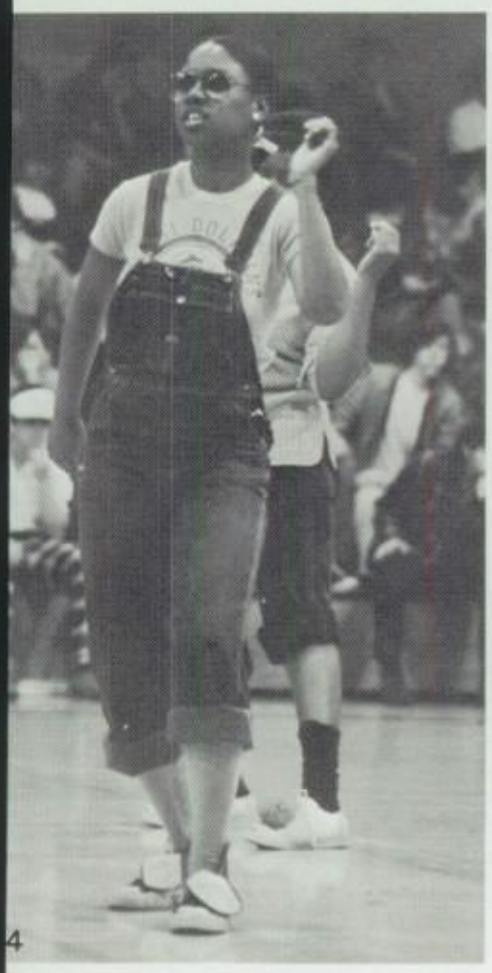
With summer and the end of school only a couple of months away, Hawthorne students rounded out the year with a talent show, a hypnotist and a first-time activity—HHS Sports Week.

In late April, George Sharp, hypnotist, performed in a special assembly for Hawthorne students. After explaining techniques, Dr. Sharp put several students under suggestion, providing various hilarious stunts.

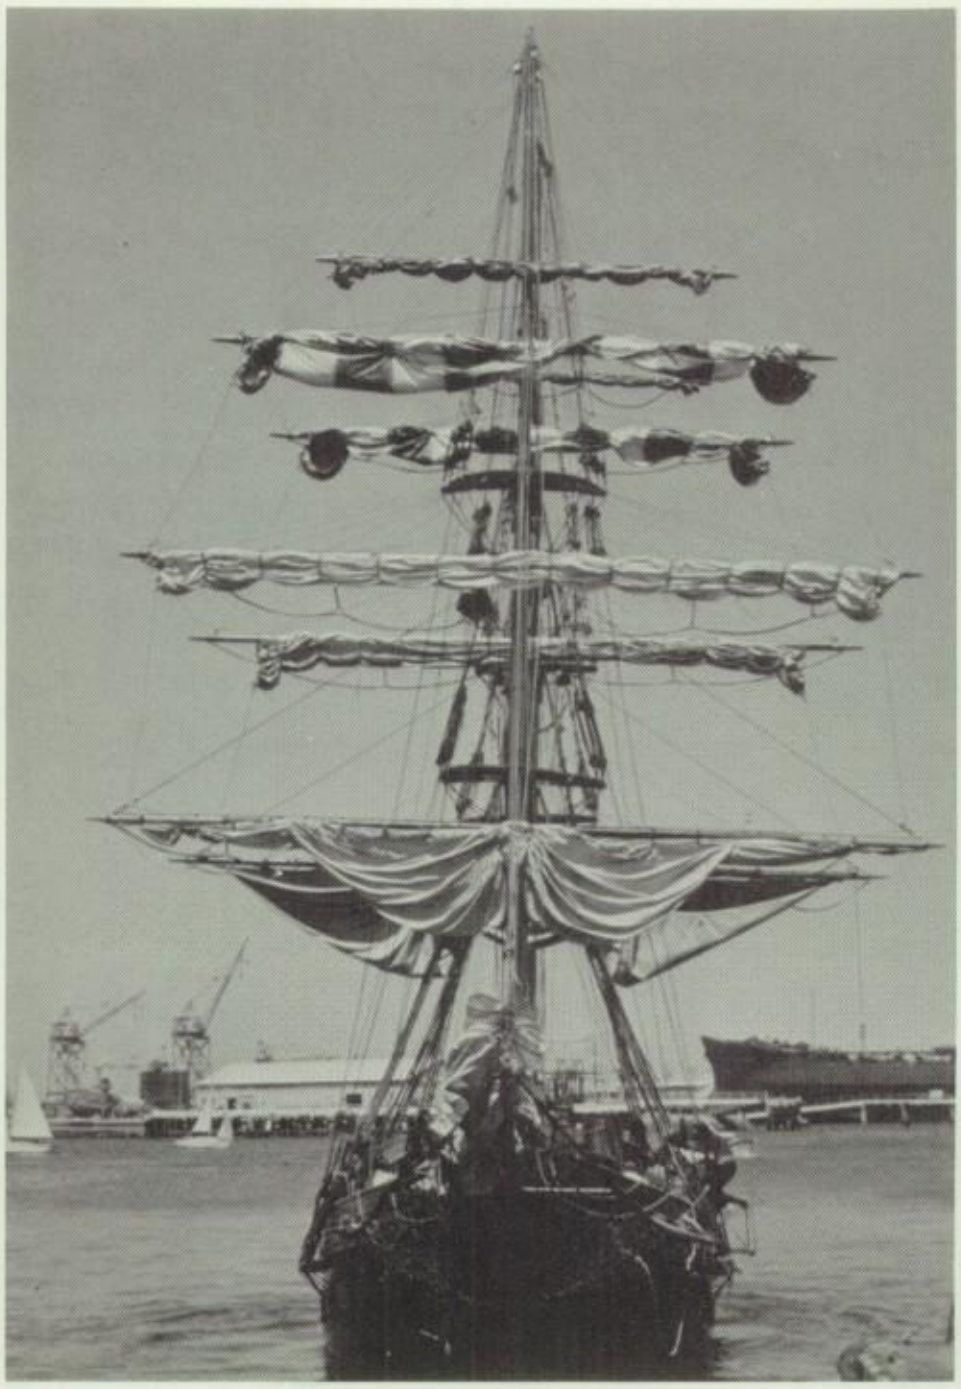
The big event of the spring semester was Sports Week. Sports Week, after several weeks of planning, was held at the end of April. It consisted of a week of competition in several sports including wrist-wrestling, a volleyball tournament, a bicycle relay, and a tug of war.

Highlighting the week on Friday was a carnival where clubs and organizations on campus provided food, games and entertainment. Some of the more popular booths were the pie-throwing, where students bid on a pie to throw at a faculty member, the Aggression Booth, the Wet Sponge Throwing and the Senior Class Kissing booth. A huge success, the carnival should become a yearly event and a much-enjoyed one at that.

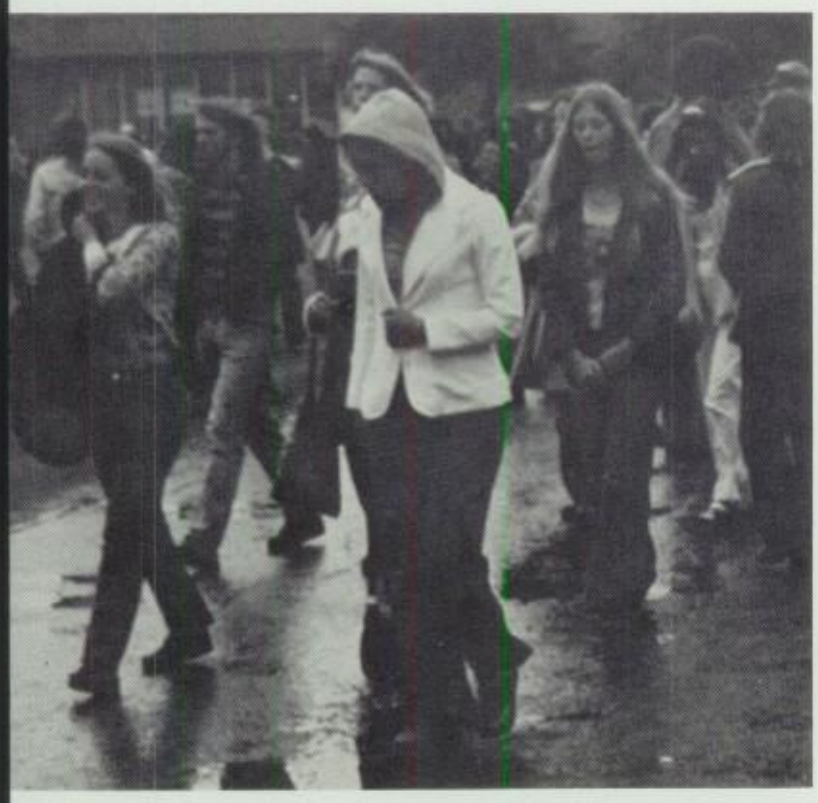




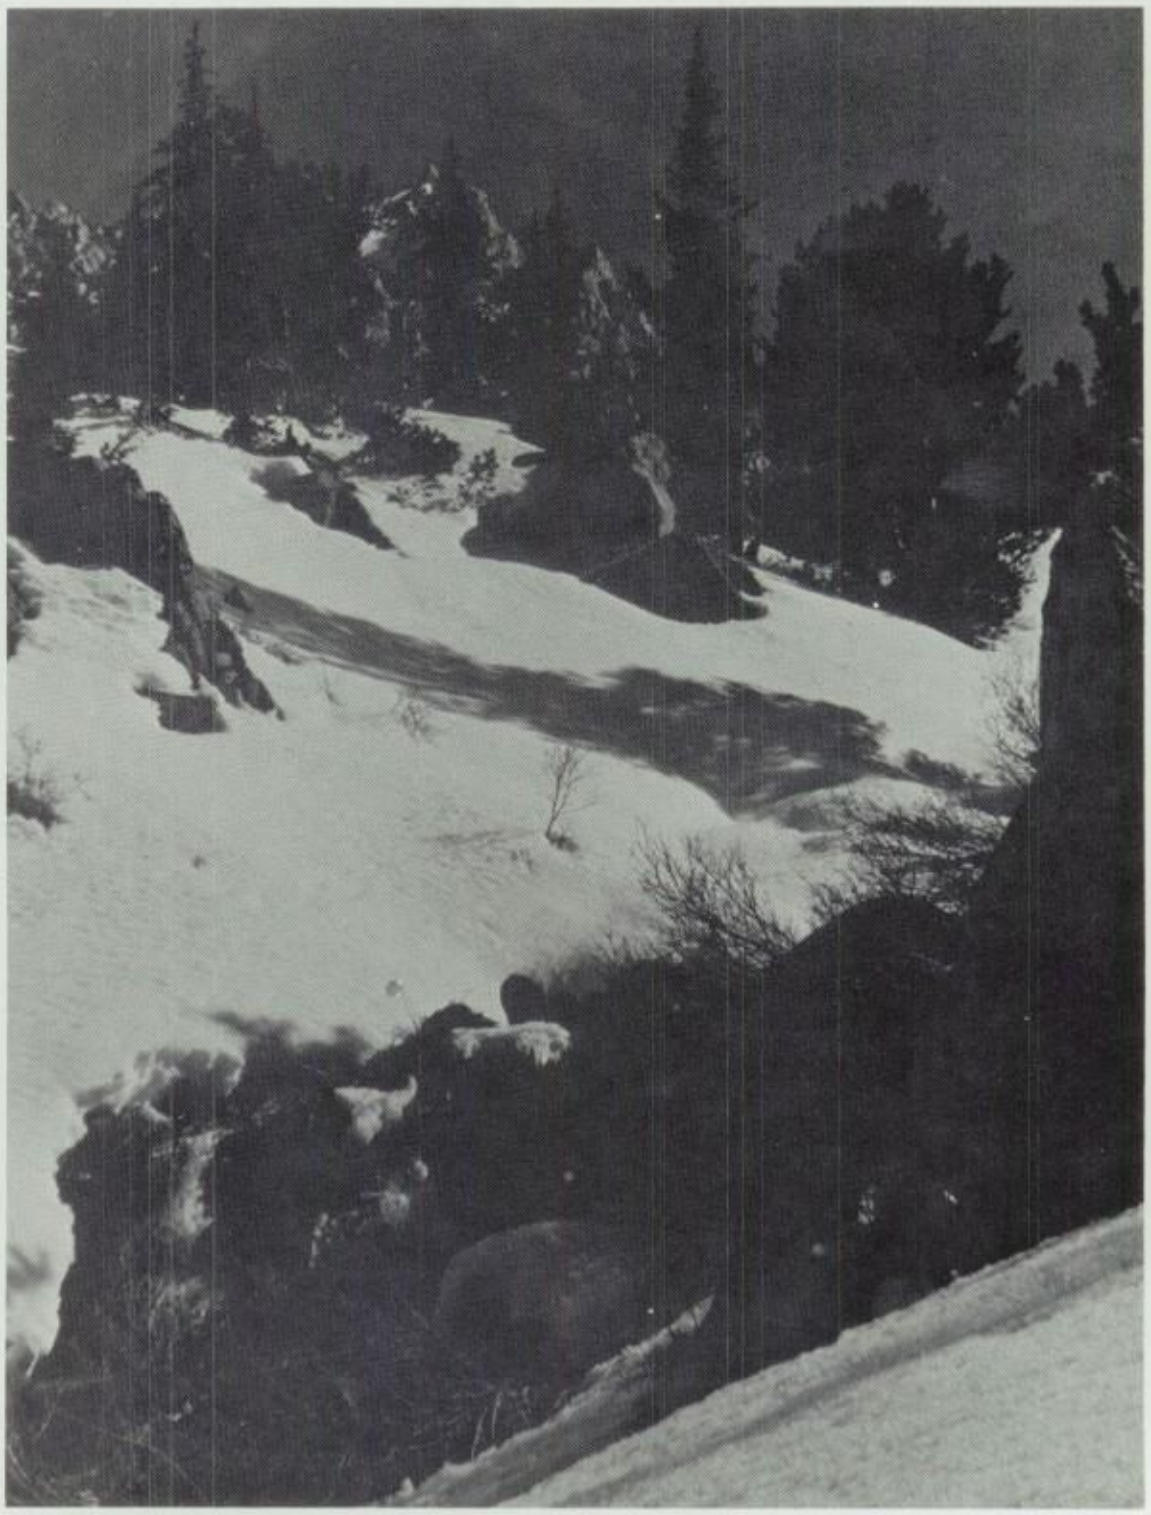
1. "Pedal-pushers" push on.
2. Sarah, it's coming!
3. Russ Painter sings "Special Friends."
4. Rene' cooks with "Fire"
5. Bruce flips 'em off!

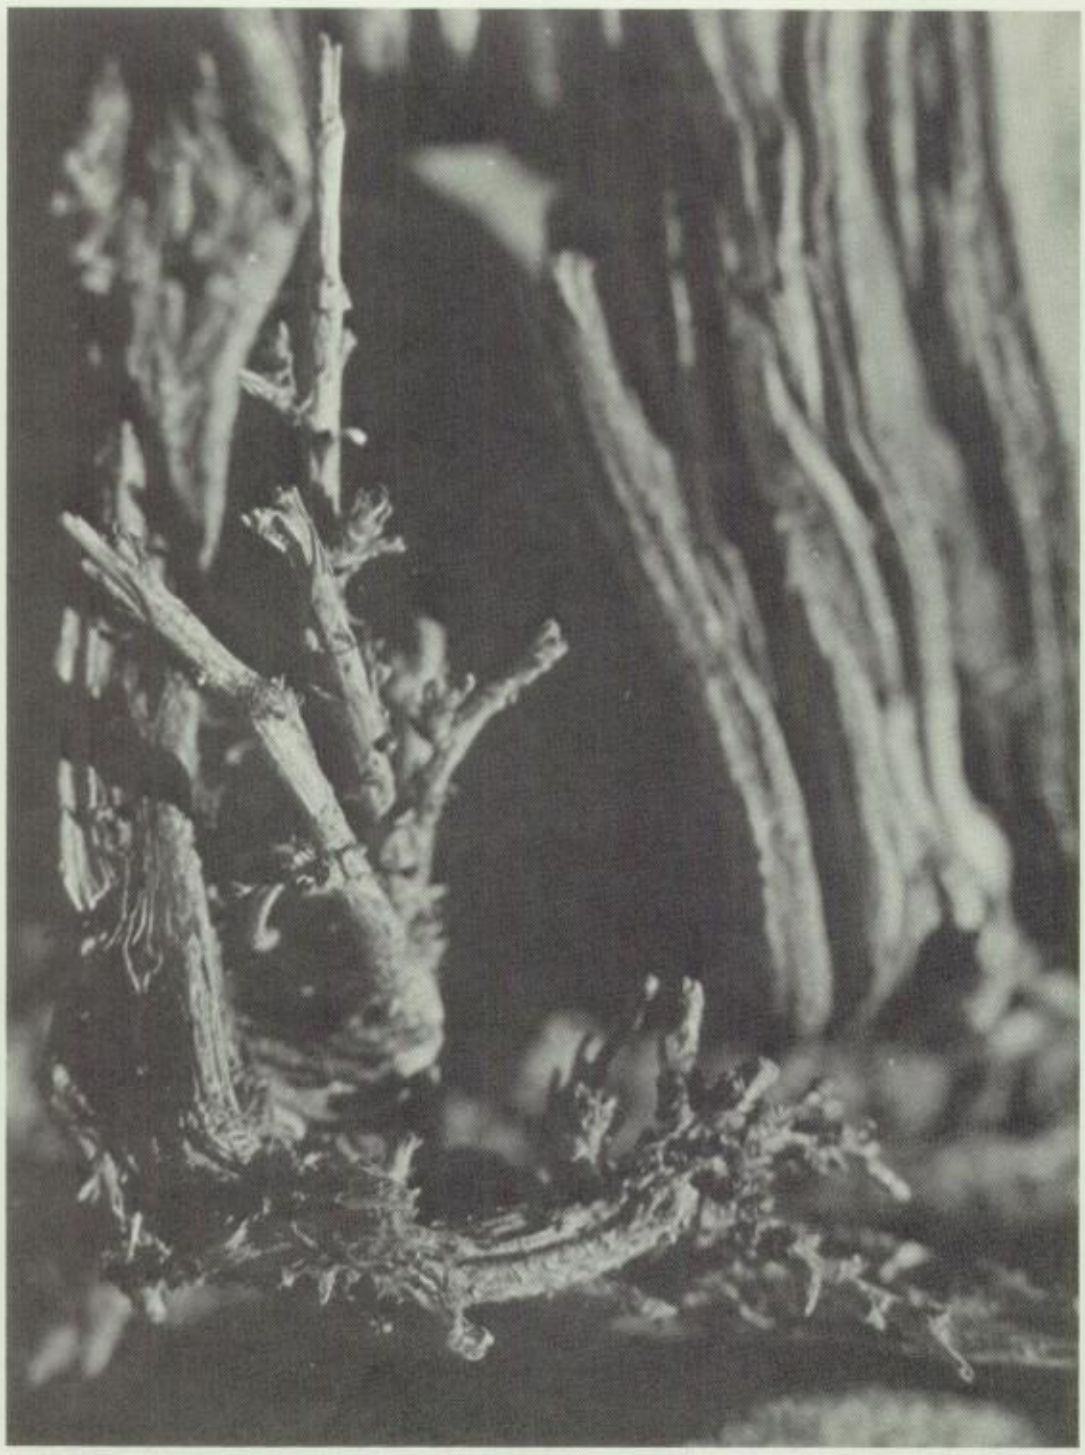


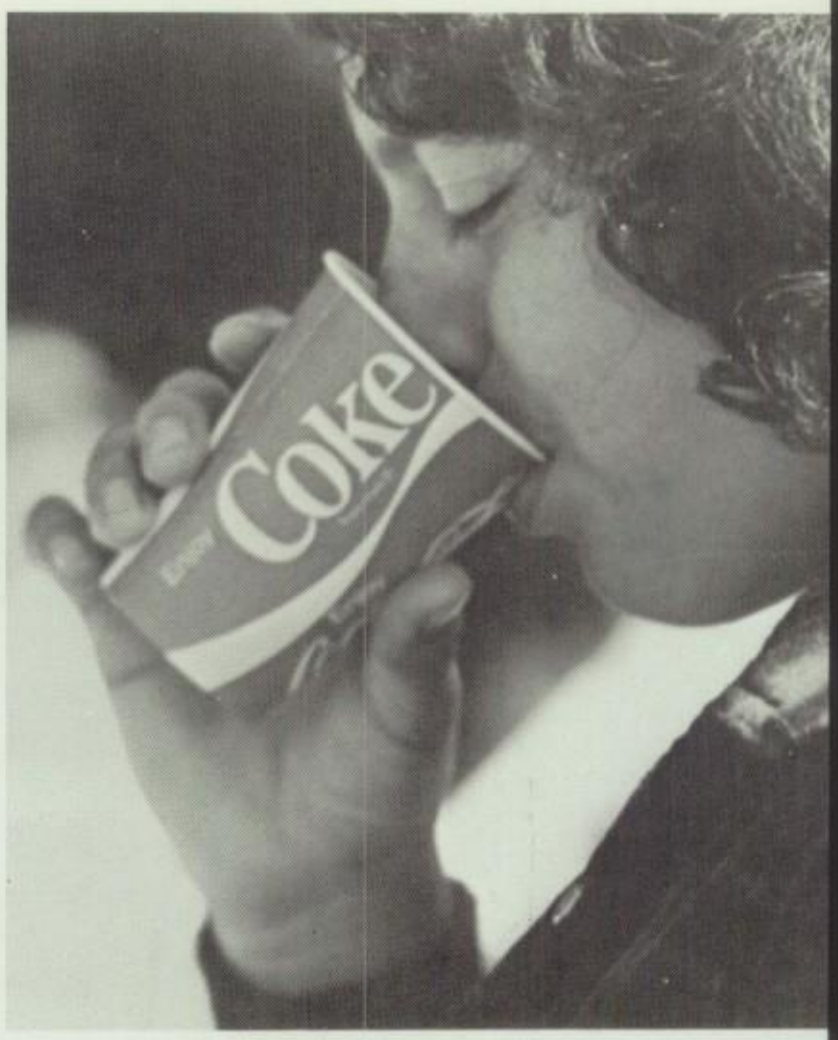
Filled with laughter and tears, this year has been lived one day at a time

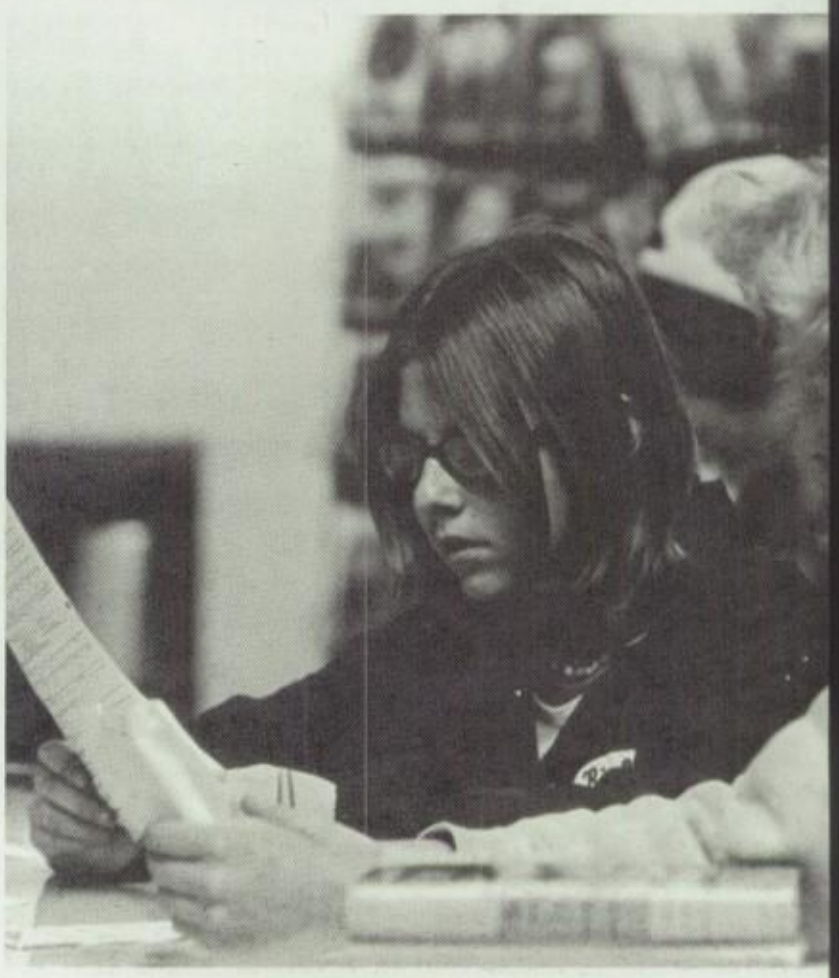


In this place we passed,
shared some memories,
developed new ideas
and then traveled on

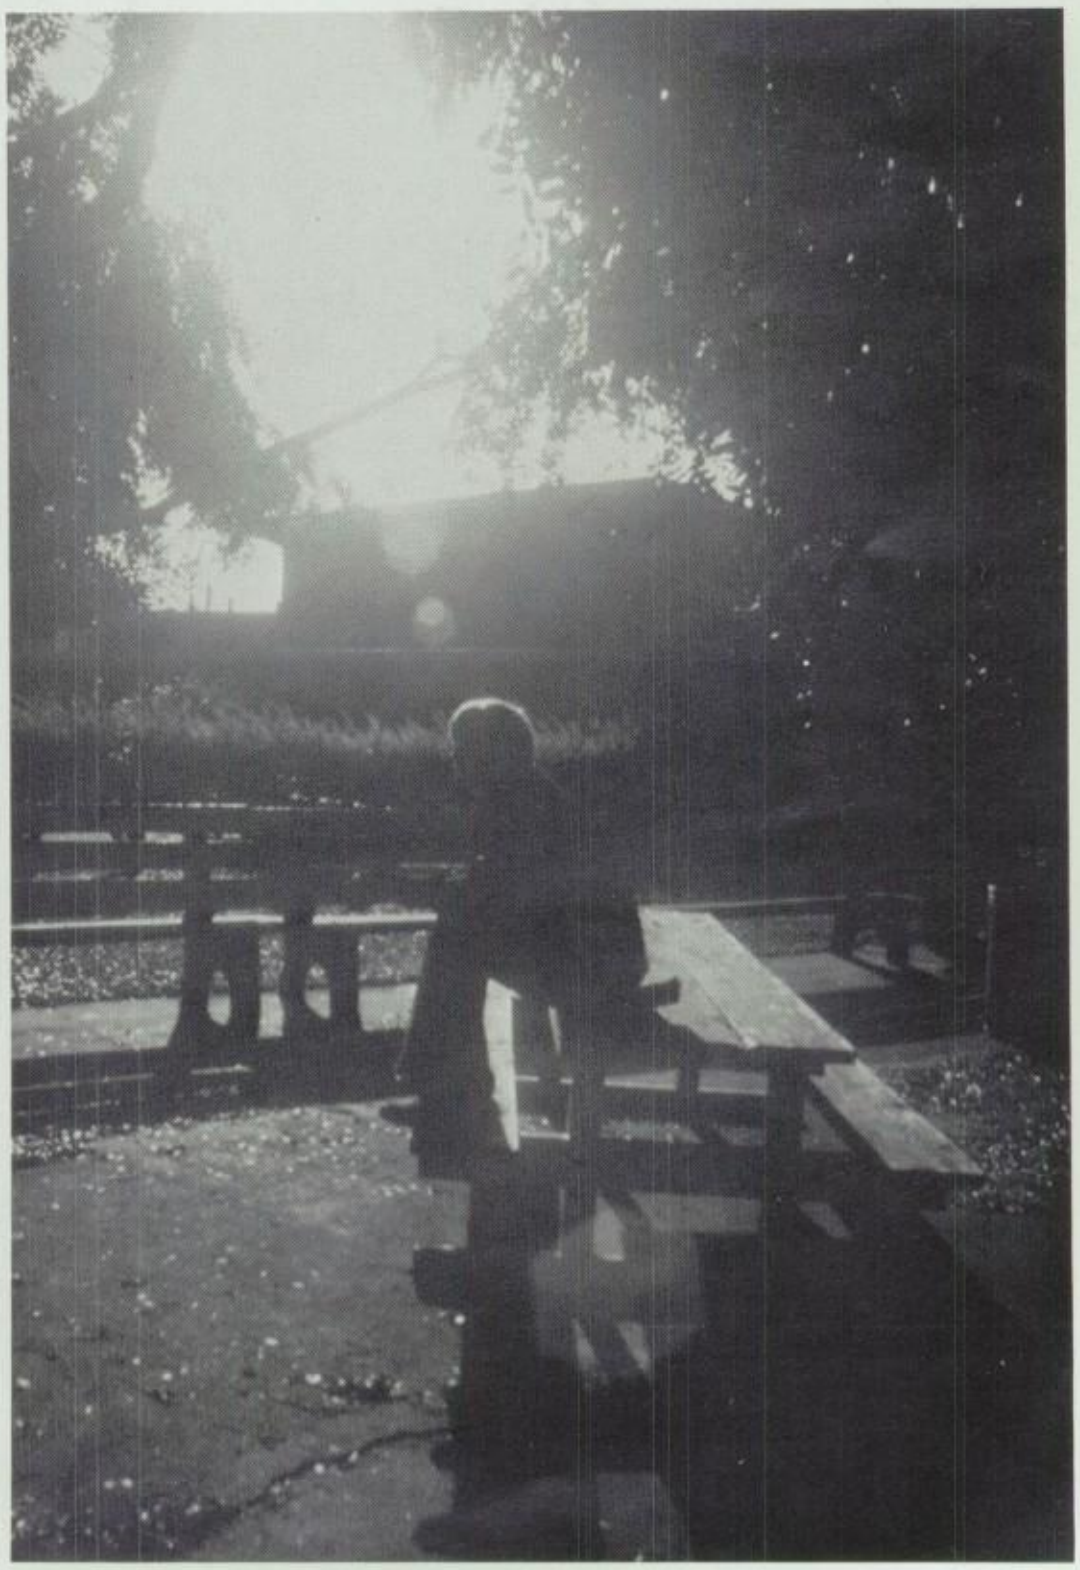








Never would things be the same, and so we kept moving ahead so life wouldn't pass us by

Each moment was not wasted, for as this year passed we grew, we learned and we lived


. . . day by day
